SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:
Examiner's Recommendation:

Approve 3.92 acres for 50% of market value
Approve 3.92 acres for 50% of market value

PRELIMINARY REPORT:

On July 6, 2016, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E16CT015 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on July 19, 2016, in the Ginger Conference Room, 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on July 13, 2016.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owners:	Jordan and Gina Frank 14707 172nd Avenue NE Woodinville, WA 98072
Location:	14707 172nd Avenue NE, Woodinville
STR:	SW 13-26-5
Zoning:	RA-2.5
Parcel no.:	1326059145
Total acreage:	4.92 acres

2. The Applicants timely filed an application to King County for PBRS program current use valuation of the property to begin in 2018. As required by law, notification of the application occurred.

3. A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strikethrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any **asterisks** represent a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Farm and agricultural conservation land	5
		<hr/> 5

The DNRP-recommended score of 5 points results in a current use valuation of 50% of market value for the enrolled portion of the property. Award under the farm and agricultural conservation land category is contingent upon submittal of a King Conservation District-approved farm management plan for the property by **October 31, 2017**. Because the property is not eligible under any other PBRS resource category, failure to qualify as farm and agricultural conservation land will preclude the property from enrollment in the PBRS program.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 4.40 acres and DNRP recommends 3.92 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor’s official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in the DNRP preliminary report and testimony at the July 19, 2016, public hearing are correct and incorporated herein by reference. Copies of this report and the department report will be provided to the Metropolitan King County Council for final approval.

CONCLUSION:

1. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 5 points and a current use valuation of 50% of market value for 3.92 acres of the property, is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. The subject property is currently enrolled in the farm and agricultural land program. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreements for the parcel.

RECOMMENDATION:

1. APPROVE current use valuation of 50% of market value for the 3.92-acre enrolled portion of the property CONTINGENT on a King Conservation District-approved farm management plan for the property by **October 31, 2017**.
