SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:	Approve 1.55 acres for 50% of market value
Examiner's Recommendation:	Approve 1.55 acres for 50% of market value

PRELIMINARY REPORT:

On February 2, 2017, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E16CT040 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on February 14, 2017, in the Ginger Conference Room, 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS AND CONCLUSIONS:

1. General Information:

Owner:	Anne Becker 12930 277th Avenue NE Duvall, WA 98019
Location:	12930 277th Avenue NE, Duvall
STR:	NW 30-26-07
Zoning:	RA-5
Parcel no.:	3026079005
Total acreage:	5.25 acres

- The Applicant timely filed an application to King County for PBRs program current use valuation of the property to begin in 2018. As required by law, notification of the application occurred.
- A summary of relevant PBRs categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strike through~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisk* represents a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRs categories:	<u>Open Space Resources</u>	
	Buffer to public or current use classified land	3
	<u>Farm and agricultural conservation land</u>	

Rural stewardship land	
Scenic resource, viewpoint or view corridor	
Significant wildlife or salmonid habitat	5
Surface water quality buffer	
<u>Bonus Categories</u>	
<i>*Resource restoration*</i>	*
Additional surface water quality buffer	
Conservation easement or historic easement	
Seasonally limited public access	
	8

The DNRP-recommended score of 8 points results in a current use valuation of 50% of market value for the enrolled portion of the property. Additional credit may be awarded administratively under the resource restoration category subject to submittal of a resource restoration plan by **August 31, 2017**, and subsequent approval by **October 31, 2017**. Award of credit under this category will increase the point total by 5 points and the acreage by 2.20, resulting in a current use valuation of 40% of market value for the enrolled portion of the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 3 acres and DNRP recommends 1.55 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in DNRP's preliminary report and testimony at the February 14, 2017, public hearing are correct and incorporated herein by reference. Copies of this report and DNRP's report will be provided to the Metropolitan King County Council for final approval.
 - a. The bullet for "Conservation easement or historic easement" should read:
 - b. "To be eligible for this category, the property must have a conservation or historic easement in place, in perpetuity, approved by the department and recorded with the county, which it does not and the owner is not pursuing. Credit for this category cannot be recommended."
6. Award under all categories must be conditioned upon the control and removal of invasive plant species on the property within a three-year period. Such control and removal is mandatory for the property to qualify as credited open space. Failure to meet this condition will cause disenrollment of the property from the PBRS program.
7. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 8 points and a current use valuation of 50% of market value for 1.55 acres of the

property and conditional approval of 5 additional points (which will bring the total to 13 points and 40% of market value for 3.75 acres of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

1. APPROVE current use valuation of 50% of market value for the 1.55-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE additional credit under the resource restoration category, to be awarded administratively, if the Applicant submits a resource restoration plan by **August 31, 2017**, and that plan is approved by **October 31, 2017**. This will result in a current use valuation of 40% of market value for what would become a 3.75-acre enrolled portion of the property.
