2. The Applicant timely filed an application to King County for PBRs program current use valuation of the property to begin in 2018. As required by law, notification of the application occurred.

3. A summary of relevant PBRs categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~striketrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any **asterisk** represents a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRs categories	2623089041, 2623089154, 2623089073, 2623089150 2623089151, 2623089152, 2623089013, 2623089110

The DNRP-recommended score of 33 points results in a current use valuation of 20% of market value for the enrolled portions of parcels 2623089041, 2623089154, 2623089073, 2623089151, 2623089152, 2623089013, 2623089110. The DNRP-recommended score of 18 points results in a current use valuation of 30% of market value for the enrolled portion of parcel 2623089150.

Additional credit may be awarded administratively under the forest stewardship land category subject to submittal of a forest stewardship program by **December 1, 2017**, and subsequent approval by **December 29, 2017**. Award of credit under this category will increase the point total by 5 points, resulting in a current use valuation of 10% of market value for the enrolled portions of parcels 2623089041, 2623089154, 2623089073, 2623089151, 2623089152, 2623089013, 2623089110 and 20% of market value for the enrolled portion of parcel 2623089150. Award of this category may allow approved forestry activities to occur on the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 39.76 acres and DNRP recommends 40.47 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in DNRP's preliminary report and testimony at the April 20, 2017, public hearing are correct and incorporated herein by reference. Copies of this report and DNRP's report will be provided to the Metropolitan King County Council for final approval.
 - A. Change to Department staff report: in both the discussion of category recommendation, beginning on page 7, Section E. (for categories surface water quality buffer and additional surface water quality buffer), and on page 9 in the Conclusions and Recommendation, Section A., the Department did not include parcel no. 2623089152.

6. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 33 points and a current use valuation of 20% of market value for 37.54 acres of parcels 2623089041, 2623089154, 2623089073, 2623089151, 2623089152, 2623089013, 2623089110 and 30% of market value for 5.06 acres of parcel 2623089150. Plus conditional approval of 5 additional points (which will bring the totals to 38 and 23 points and 10% and 20% of market value for 37.54 and 5.06 acres of the property respectively), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
7. The subject property, except for parcel 2323089041, is currently enrolled in either the Timber Land or Designated Forestland program. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreements for the parcel.

RECOMMENDATION:

1. APPROVE current use valuation of 20% of market value for the parcels 2623089041, 2623089154, 2623089073, 2623089151, 2623089152, 2623089013, and 2623089110, and 30% of market value for 5.06 acres of parcel 2623089150.
2. CONDITIONALLY APPROVE additional credit under the forest stewardship land category, to be awarded administratively, if the Applicant submits a forest stewardship plan by **December 1, 2017**, and that plan is approved by **December 29, 2017**. This will result in a current use valuation of 10% of market value for the 37.54 acres of properties and of 20% of market value for the 5.06 acres of property. Award of this category may allow approved forestry activities to occur on the property.
