SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:	Approve 33.67 acres for 20% of market value
Examiner's Recommendation:	Approve 33.67 acres for 20% of market value

## PRELIMINARY REPORT:

On June 9, 2017, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E17CT006 to the Examiner.

## PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on June 22, 2017, in the Ginger Conference Room, 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on June 19, 2017.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

## FINDINGS AND CONCLUSIONS:

## 1. General Information:

Owner:	Arnold LaBenz PO Box 238 Carnation, WA 98014
Location:	6627 W Snoqualmie Valley Road NE, Carnation
STR:	SE 12-25-06
Zoning:	RA-10
Parcel nos.:	1225069017, 1225069018
Total acreage:	60.00 acres

2. The Applicant timely filed an application to King County for PBRs program current use valuation of the property to begin in 2019. As required by law, notification of the application occurred.

3. A summary of relevant PBRs categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strickthrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any \*asterisk\* represents a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRs categories:	<u>Open Space Resources</u>	
	Aquifer protection area	5
	<u>Buffer to public or current use classified land</u>	3

*Farm and agricultural conservation land*	
*Forest stewardship land*	
Rural open space	5
<i>Significant wildlife or salmonid habitat</i>	5
<i>Surface water quality buffer</i>	5
<u>Bonus Categories</u>	
<i>Additional surface water quality buffer</i>	5
	<hr/> 28

The DNRP-recommended score of 28 points results in a current use valuation of 20% of market value for the enrolled portion of the property. Additional credit may be awarded administratively under the farm and agricultural conservation land and forest stewardship land categories.

Award for the farm and agricultural conservation land category is subject to submittal of a King Conservation District-approved plan by **October 31, 2018**. Award of credit under this category will increase the points total by 5 points, and increase the enrolled acreage by up to 25.00 acres, to 58.67 acres.

Award for the forest stewardship land category is subject to submittal of a forest stewardship plan by **January 2, 2018**, and subsequent approval by **March 1, 2018**. Award of credit under this category will increase the points total by 5 points. Award of this category may allow approved forestry activities to occur on the property.

Award of one of the categories will not affect the current use valuation. However, award of both of the categories will result in a current use valuation of 90% of market value for the enrolled portion of the property.

4. As to the land area recommended for PBRS enrollment, the Applicant requested 58.50 acres and DNRP recommends 33.67 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in DNRP's preliminary report and testimony at the June 22, 2017, public hearing are correct and incorporated herein by reference. Copies of this report and DNRP's report will be provided to the Metropolitan King County Council for final approval.
  - A. Change to Department staff report: page 8, NOTE: should read:

\*...Additionally, the 25.00 acres outlined in green would be eligible to participate in the PBRS program, increasing the area eligible for enrollment to 58.67 acres.

6. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 28 points and a current use valuation of 20% of market value for 33.67 acres of the property and conditional approval of 10 additional points (which will bring the total to 38 points and 90% of market value for 58.67 acres of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
7. The subject property is currently enrolled in the farm and agricultural land program. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreement for the parcel.

RECOMMENDATION:

1. APPROVE current use valuation of 20% of market value for the 33.67-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE additional credit under the farm and agricultural conservation land and forest stewardship land categories.

Award for the farm and agricultural conservation land category is subject to submittal of a King Conservation District-approved plan by **October 31, 2018**. Award of credit under this category will increase the points total by 5 points, and increase the enrolled acreage by up to 25.00 acres, to 58.67 acres.

Award for the forest stewardship land category is subject to submittal of a forest stewardship plan by **January 2, 2018**, and subsequent approval by **March 1, 2018**. Award of credit under this category will increase the points total by 5 points. Award of this category may allow approved forestry activities to occur on the property.

Award of one of the categories will not affect the current use valuation. However, award of both categories will result in a current use valuation of 90% of market value for the enrolled portion of the property.
