Ordinance 19158

Proposed No. 2020-0194.2

Sponsors Lambert

1 AN ORDINANCE approving the Water System Plan for
2 King County Water District 123 for 2019.

3 STATEMENT OF FACTS:

4 1. King County has adopted K.C.C. chapter 13.24, which requires
5 approval of comprehensive plans for water utilities that distribute or obtain
6 water in unincorporated King County as a prerequisite for operating in
7 unincorporated King County, receiving approval for annexation proposals,
8 being granted right-of-way franchises, and being given approval for right-
9 of-way construction permits. K.C.C. 13.24.060 prescribes the
10 requirements for approval of such plans, including consistency with state
11 and local planning requirements.

12 2. RCW 57.16.010 requires that general comprehensive plans by special
13 purpose districts be submitted to, and be approved by, the legislative
14 authority within whose boundaries all or a portion of a utility lies.

15 3. King County Water District No. 123's service area is within King
16 County and the district has adopted a comprehensive water system plan
17 ("the plan"). The district's previous water system plan was prepared and
18 approved in 1998.

19 4. King County has adopted a comprehensive plan that includes water

Ordinance 19158

20 supply policies in its provisions for facilities and services (policies F-101
21 through F-254) that call for consistency with other adopted plans, support
22 for regional water supply planning, pursuit of reclaimed water, water
23 conservation and protection of water resources.

24 5. K.C.C. chapter 13.24 requires the utilities technical review committee
25 to review and make a recommendation to the King County executive and
26 council on the plan and the requirements under K.C.C. chapter 13.24 and
27 consistency with the King County Comprehensive Plan. The utilities
28 technical review committee has reviewed the planning data and district's
29 operations and has found:

30 a. The plan uses population and employment forecasts developed by the
31 Puget Sound Regional Council for the district's service area;

32 b. The district's service area is in unincorporated King County;

33 c. The capital facility plan is adequate to meet anticipated facility and
34 service needs;

35 d. The plan is consistent with applicable Washington state water quality
36 laws; and

37 e. The plan is consistent with other pertinent county adopted plans and
38 policies.

39 6. The Washington state Department of Health approval is pending upon
40 King County's approval of the plan.

41 7. Under the state Environmental Policy Act, the district issued a
42 determination of nonsignificance for the plan on December 27, 2019.

Ordinance 19158

43 There were no appeals.

44 8. The district's operations and facilities meet multiple existing statutory,
45 administrative and planning standards. As the district's operations,
46 facilities and planning meet the requirements of the King County Code
47 and are consistent with the King County Comprehensive Plan, the utilities
48 technical review committee has recommended approval of the plan.
