7 **STATEMENT OF FACTS:**

15 programs, as well as the proposed composition of advisory committees in  
16 accordance with Ordinance 18890, Section 6, Motion 15378, Section F.1.,

21 conservation, community gardens, and construction of passive and active  
22 recreation facilities. The goal of the program is to acquire lands that might  
23 be lost to future development pressures and to construct new and  
24 improved facilities to address rapid growth in urban areas.

25 4. The targeted equity grant program under Attachment B to Ordinance  
26 19166 will provide levy proceeds for a range of projects, including  
27 capacity building, such as community outreach and planning; land  
28 acquisition in opportunity areas or areas that serve a community of need;  
29 capital projects or programs in underserved areas; and projects providing  
30 access to parks, open spaces, or recreation opportunities for people with  
31 disabilities. The goal of the program is to increase access and use of  
32 parks, open spaces, recreational facilities, and related programming in  
33 underserved areas.

34 5. The aquatic facilities grant program under Attachment C to Ordinance  
35 19166 will provide levy proceeds for a wide range of improvements to  
36 public aquatics facilities located in King County. The projects may  
37 include feasibility studies, design, permitting, and new construction or  
38 improvements to existing capital facilities. The grant program will assist  
39 communities as the region grows and existing facilities become obsolete  
40 or reach capacity.

41 6. The open space river corridors grant program under Attachment D to  
42 Ordinance 19166 will provide levy proceeds for flood risk reduction,  
43 habitat restoration, open space, and recreation in river corridors. The goal

44 of the program is to incentivize projects that integrate multiple attributes  
 45 of projects inside river corridors such as flood control, habitat, passive  
 46 recreation, and trails.

47 7. The parks capital and open space/aquatic facilities advisory committee,  
 48 targeted equity grant advisory committee, and open space-river corridors  
 49 advisory committee all convened in the Spring of 2025 to review and  
 50 score grant applications and have recommended funding for the projects  
 51 listed in sections 1 through 4 of this ordinance, based upon the eligibility  
 52 and additional criteria set forth in Attachments A, B, C, and D to  
 53 Ordinance 19166.

54 8. The award recommendations are the third and final biennial processes  
 55 for parks capital and open space grant, aquatic facilities grant, and open  
 56 space river corridor grant.

57 9. The targeted equity grant award recommendations are the fourth and
