Proposed FCD Resolution FCD2017-08: A RESOLUTION relating to the finances of the King County Flood Control Zone District; authorizing a property tax levy to implement the District's 2018 budget; reserving banked capacity; and protecting up to \$0.25 per \$1,000 of assessed value of the District's property tax levy from proration.

The District received a copy of the Implicit Price Deflator (IPD) letter received by the King County Assessor from the Washington State Department of Revenue noting the IPD for property taxes due in 2018 is 1.553%. The IPD is the current percent change for personal consumption as published by the Bureau of Economic Analysis by September 25th of each year.

When the IPD is greater than 1% the District **does not need to declare a substantial need** to use the limit factor of 101% or the levy rate from the previous year **plus** 1% and new construction.

The Chair's Proposed 2018 Budget is built upon the assumption of a 1% increase plus new construction.
