STAFF REPORT

Agenda Item:	5	Name:	April Sanders
Proposed No.:	2025-0055	Date:	March 12, 2025

SUBJECT

An ordinance authorizing the Manager of Treasury Operations to cancel uncollectible personal property taxes totaling \$3,136,926 for the years 2016 through 2024.

SUMMARY

The Manager of Treasury Operations, as required by state law, provides the County Council each year with a list of uncollectible personal property taxes and requests for the authority to cancel these accounts, removing them from the tax rolls. The list is submitted only after the exhaustion of due diligence efforts to collect the delinquent taxes, and their cancellation does not relinquish the county’s ability to collect on the debts at a later date.

The proposed ordinance would cancel 796 uncollectible personal property tax accounts totaling \$3,136,926 for the years 2016 through 2024, resulting in a one-time potential revenue loss to the county of \$596,016, of which \$298,008 is the projected impact to the General Fund.

BACKGROUND

King County’s Treasury Operations (Treasury), within the Finance and Business Operations Division (FBOD), is responsible for collecting personal property taxes within the County. Personal property refers to assets used in conducting a business such as machinery, equipment, and furniture. Personal property taxes are assessed against businesses, utilities, airlines, timber, leasehold estates, mobile homes, floating homes, and lease accounts. Cancellation of unpaid personal property taxes are called “write offs”.

When an account becomes delinquent, Treasury initiates procedures to obtain payment. After exhausting due diligence efforts to collect payment, per state law, Treasury must

provide the Council with a list of delinquent tax accounts found to be uncollectible¹. The Manager of Treasury Operations must also submit an affidavit stating that a diligent search for the delinquent taxpayers was conducted and unable to yield any property from which owed taxes could be collected. The Council may then “cancel such taxes as they are satisfied cannot be collected.” This procedure is required on an annual basis and the Council considers this type of legislation each year. Council took action to cancel uncollectible property taxes for the years 2015 through 2023 at the March 26, 2024, council meeting.²

ANALYSIS

Proposed Ordinance 2025-0055 would authorize the Manager of Treasury Operations to cancel or “write off” 796 uncollectible personal property tax accounts totaling \$3,136,926 for the years 2016 through 2024. These accounts are listed in Attachment A to the ordinance, with a summary report of accounts to be written off that exceed \$5,000 shown in Attachment B to the ordinance. Table 1 identifies the amount of uncollectible taxes for each year between 2016 and 2024.

Table 1. Uncollectible Personal Property Taxes from 2016 through 2024 (by Year)

Year Billed	Tax Billed	Tax Paid	Write-Off Amount
2024	\$178.91	\$-	\$178.91
2023	\$224,405.58	\$-	\$224,405.58
2022	\$510,696.52	\$-	\$510,696.52
2021	\$636,957.94	\$9,283.81	\$627,674.13

2019	\$214,689.97	\$4,947.11	\$209,742.86
2018	\$678,879.55	\$12,109.44	\$666,770.11

¹ RCW 84.56.240

² Ordinance 19747

The circumstances for determining an account to be uncollectible can vary, as can the amount of time needed to make that determination. Examples of reasons personal property taxes may be deemed uncollectible include:

- An owner dissolves the business, disposed of the taxable assets, and cannot be located;
- A business fails to report closure or liquidation to the Department of Assessments, resulting in ongoing automated annual revaluation and billing. Thus, delinquent amounts accrue with no basis in fact and are ultimately uncollectible and need to be written off;
- A business closure may be discovered by Treasury staff based upon a review of Department of Revenue and Secretary of State databases or through media reports and internet searches;
- The taxpayer relocates the business and property out of the county, taking it out of the County's jurisdiction to pursue delinquent tax payments; and
- If a mobile home (considered personal property) is uninhabitable and is destroyed, it is identified as a write-off account.

It is important to note, while cancellation removes the delinquent accounts from the tax rolls, it does not mean the County surrenders its ability to pursue appropriate legal actions to collect the debt. However, the likelihood of recovering delinquent debt at this point is low. That said, cancellation administratively helps to clear the tax rolls of those accounts that are truly unlikely to be collected.

County Fiscal Impact. Of the \$3,136,926 of uncollectible personal property taxes proposed for cancellation, \$596,016 impacts the County as a one-time potential revenue loss, of which \$298,008 is the projected impact to the General Fund. The remaining loss of \$2,540,910 would be incurred by a variety of taxing jurisdictions for which the County collects taxes.

Comparatively speaking, the total proposed write-off of \$3,136,926 for the 2016-2024 period is approximately 216 percent more than the amount written off for 2015-2023 period. There are nearly double the number of accounts listed in the 2024 write-off report as compared to 2023.

Executive staff indicate that the increase in uncollected taxes is primarily attributed to two factors: (1) a focus on removing defunct businesses from the tax rolls following the COVID-19 pandemic and (2) identifying, through extensive research, the actual value of business assets was significantly lower than the estimated higher value that was assigned to them, resulting in lower valuations.

Amendment. The Proposed Ordinance was inadvertently transmitted with the affidavit from 2023. Amendment 1 would replace Attachment C., the 2023 affidavit, with a correct Attachment C., the 2024 affidavit.

1 AN ORDINANCE authorizing the manager of treasury
2 operations of King County to cancel the attached list of
3 uncollectible personal property taxes in the amount of
4 \$3,136,926 for the years 2016 through 2024.

5 STATEMENT OF FACTS:

6 1. The duly appointed manager of treasury operations of King County,
7 Washington, has made an affidavit pursuant to the terms of RCW
8 84.56.240 and 84.56.260 to the King County council relating to the
9 manager's or staff's diligent search and inquiry for goods and chattels of
10 the persons appearing on the list of delinquent taxpayers and the manager's
11 or staff's inability to find any such property from which the taxes could be
12 collected.

13 2. The duly appointed manager of treasury operations of King County,
14 Washington, has requested that the King County council cancel the taxes
15 consistent with RCW 84.56.240.

16 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

17 SECTION 1. The taxes in the amount of \$3,136,926, as indicated in Attachments
18 A, B, and C to this ordinance, from the records of treasury operations for the years 2016
19 through 2024, shall be canceled, but the obligation to King County is not forgiven. The

20 manager of treasury operations of King County is hereby authorized to cancel the taxes
21 on the tax rolls.

2024 Personal Property Write Off Report
Accounts in Excess of \$5,000
 RCW 84.56.240

Section 1 (pp. 1-9) – Businesses still active but inaccurately assessed: Write-offs in this section are roughly \$750,000 of the total 2024 write-off amount. These are tax amounts which were inaccurately billed because Assessed Values (AV) assigned to the accounts were unsupported estimates. Through the course of discovery and account administration, the assessed values were correctly assigned values below the \$15,000 threshold, at which taxes are not assessed.

The last year assessment was made on unsupported estimates that were inflated by non-filing penalties. The Department of Assessments agreed on removing the assessment for taxes due in 2023 but the removal hasn't been completed yet.

King County Treasury was notified of the bankruptcy and submitted a proof of claim on 8/2/2021. Unfortunately, no payment was awarded. There were other claims with higher priority.

Department of Revenue website shows the business closed on September 30, 2021. The Secretary of State website shows the entity as terminated as of December 2021. Google & Yelp show the location permanently closed.

The Honorable Girmay Zahilay
 Chair, King County Council
 Room 1200
 C O U R T H O U S E

Dear Councilmember Zahilay:

This letter transmits the proposed Ordinance that would, if enacted, authorize the Manager of Treasury Operations of King County to cancel the attached list of uncollectible personal property taxes in the amount of \$3,136,926 for the years 2016 through 2024, as summarized in Attachment A.

Pursuant to the Revised Code of Washington (RCW) 84.56.240, King County Treasury Operations is required to submit a report on a list of personal property tax accounts found to be uncollectible after diligent collection efforts have been made annually to the King County Council. The RCW further states that “The county’s legislative body shall cancel such taxes as they are satisfied cannot be collected.” Such cancellation, however, does not constitute forgiveness of the debt to King County, which may be collected at a later date if Treasury Operations is able to locate real or personal property from which the debt can be collected. For example, debt can be collected by the County in bankruptcy proceedings.

Personal property taxes are paid by businesses. Cancellation of unpaid personal property taxes are called “write-offs.” These taxes, penalties, and interest are deemed uncollectible following the Treasury’s escalated collection efforts. As part of the determination process, Treasury may discover any of the following situations which lead to a write-off of the tax debt, including but not limited to instances when:

- An owner has dissolved the business and disposed of the taxable assets, and they cannot be located (in this case, the tax debt follows the assets).
- The Department of Assessments was assigning higher taxable values, and an updated assessment value revealed that the property was below the \$15,000 taxable threshold.

The Honorable Girmay Zahilay

February 4, 2025

Page 2

- A business fails to report closure or liquidation to the Department of Assessments, resulting in ongoing automated annual revaluation and billing. Thus, delinquent amounts accrue with no basis in fact and are ultimately uncollectible and need to be written off.
- A business closure may be discovered by Treasury staff based upon a review of Department of Revenue and Secretary of State databases or through media reports and internet searches.
- As part of a bankruptcy claim, assets may be sold with little or no recoverable tax debt.
- All available funds may have already been collected by Treasury prior to a business closure, or assets are repossessed by a creditor, thus leaving the remaining tax debt uncollectable.
- Personal property is collected on mobile homes. If a mobile home is uninhabitable and is destroyed, it is identified as a write-off account.

Because the County collects taxes on behalf of the state and all local districts in King County, the canceled accounts will proportionally reduce accounts receivables for the various taxing districts. The one-time revenue loss to King County is an estimated loss of \$596,016, of which \$298,008 is attributed to the County's General Fund.

As required by state law, an affidavit from the Chief Treasury Officer stating diligent efforts have been made to collect the outstanding taxes, and requesting the authority of the Council to cancel the uncollectible accounts is enclosed.

If your staff have questions, please contact Nora Bennett, Chief Treasury Officer, at 206-477-0081.

Sincerely,

for

Dow Constantine

STAFF REPORT

Agenda Item:	6	Name:	Sherrie Hsu Jake Tracy Brandi Paribello
Proposed No.:	2025-0070	Date:	February 26, 2025

SUBJECT

Proposed Ordinance (PO) 2025-0070 would place on the August 5, 2025, ballot a proposition authorizing a six-year property tax levy that would generate approximately \$1.5 billion in total over the six-year period.

SUMMARY

Proposed Ordinance (PO) 2025-0070 would place on the August 5, 2025, ballot a proposition authorizing a six-year property tax levy that would generate approximately \$1.5 billion in total over the six-year period. In comparison, the current 2020-2025 Park Levy is expected to generate approximately \$851 million over the six-year period, based on OEFA’s August 2024 forecast.¹

The levy would support:

- King County Parks operations and maintenance;
- King County Parks capital program;
- King County cities, towns, and park districts;
- Woodland Park Zoo;
- Seattle Aquarium;
- Seattle Waterfront Park;
- Memorial Stadium; and
- Parks Levy Grants and Community Partnership Grants.

The initial levy rate is proposed at 24.43 cents per \$1,000 of assessed value (AV), with a proposed limit factor based on inflation growth² plus population growth. For the owner of a King County single-family home with a median 2024 assessed value of \$844,000,

¹ The current levy generated \$115.7 million in 2020, \$253.6 million in 2021-2022, an estimated \$307.9 million in 2023-2024, and is expected to generate \$169.8 million in 2025.

² Consumer Price Index for wage earners (CPI-W) for Seattle/Tacoma/Bremerton.

an initial levy rate of 24.43 cents per \$1,000 AV would cost this owner approximately \$206.19 annually (\$17.18 per month) in property tax. This would be approximately \$39.67 more per year (\$3.31 more per month) than the current levy for the same homeowner.

The staff report identifies policy issues for consideration by the Council and committee members. Council staff and legal review are ongoing.

The proposed levy was transmitted to the Council on February 11, 2025, and has been dually referred first to the Budget and Fiscal Management Committee and second to the Regional Policy Committee.

If approved by the Council, the levy proposal would be placed before voters at the August 5, 2025, election. The last regular Council meeting at which the Council could act as a non-emergency and with maximum processing time would be April 1, 2025; with minimum processing time, it would be the April 22, 2025, Council meeting. The last regular meeting at which the Council could act as an emergency would be the May 2, 2025, Council meeting.

BACKGROUND

Tax Levies and Levy Lid Lifts in Washington. State law limits a taxing district (e.g., King County) to a 1% increase in regular property taxes per year plus inflation ("the standard limit factor").³ However, state law provides a mechanism by which taxing districts can exceed this limit – a majority of voters must approve such an increase through a proposition placed on a general or special election ballot.

There are four kinds of levy lid lifts for regular property tax levies, as discussed below.⁴

Single-Year Temporary Levy Lid Lift	<ul style="list-style-type: none"> • The levy rate is increased by more than 1% in the first year, and is subject to the standard limit factor in subsequent years. • Once the number of years specified in the levy proposition have elapsed, the levy rate returns to what it would have been had the lift never been approved.
Single-Year Permanent Levy Lid Lift	<ul style="list-style-type: none"> • The levy rate is increased by more than 1% in the first year, and is subject to the standard limit factor in all subsequent years.
Multi-Year Temporary Levy Lid Lift	<ul style="list-style-type: none"> • The levy lid lift states the levy rate for the first year. The levy rate is increased by more than 1% in each of two to six years, and is subject to the standard limit factor in subsequent years.

³ RCW 84.55.010. The limit also allows an additional dollar amount for AV resulting from new construction and other exceptional cases.

⁴ The following discussion is based on RCW 84.55.050, WAC 458-19-045, and guidance from the Municipal Research and Services Center found at <https://mrsc.org/Home/Explore-Topics/Finance/Revenues/Levy-Lid-Lift.aspx>. In all cases described, levies are subject to statutory maximums as prescribed by state law.

	<ul style="list-style-type: none"> Once the number of years specified in the levy proposition have elapsed, the levy rate returns to what it would have been had the lift never been approved.
Multi-Year Permanent Levy Lid Lift	<ul style="list-style-type: none"> The levy rate is increased by more than 1% in each of two to six years, and is subject to the standard limit factor in all subsequent years.

Levy Rate, Levy, and Limit Factor. A levy rate, levy, and limit factor are defined below.

- The *levy rate* is the rate of the property tax, set per \$1,000 assessed value.
- The *levy* is the total amount of property tax collected.
- The *limit factor* is the amount by which the total levy amount may not exceed in subsequent years. For a multi-year levy lid lift, the limit factor does not have to be the same for each year.

Prorating. State law⁵ establishes a maximum aggregate property tax rate of \$5.90 per \$1,000 of assessed valuation for counties, cities, fire districts, library districts, and certain other junior taxing districts. If a taxing district reaches its statutory rate limitation, that district can only collect the amount of tax revenue that would be produced by that statutory maximum levy rate.

- In other words, if the aggregate of taxing districts exceeds the \$5.90 limit, the tax district's levies would have to be reduced so that the \$5.90 aggregate collection limit is not exceeded.
- Reductions are made in accordance with a district hierarchy established under state law.⁶
- In general, countywide levies are the most senior taxing districts and would be the last to be reduced, or pro-rated, under state law.⁷

Supplantation Considerations. Prior to 2024, a non-supplantation limitation under state law⁸ meant that proceeds from levy lid lifts could only be used for new programs and services under the specific purpose of the levy lid lift as identified in the ballot title; and for existing programs and services, as long as levy money was used to supplement, but not supplant, existing funds. This meant that levy lid lift proceeds could not be used to support services that the county already provided. From 2015 through 2022, there was a moratorium pausing the non-supplantation restriction in counties with a population over 1.5 million – such as King County.⁹

The passage of House Bill 2044 during the 2024 legislation session eliminated this non-supplantation restriction for levies. This means that local governments can now use

⁵ RCW 84.52.043.

⁶ RCW 84.52.010

⁷ State law currently removes regular park and recreation district property tax levies from the \$5.90 limit if levied on an island within a county with a population over two million (i.e., Vashon Island). This exemption, unless changed by state law, expires January 1, 2027. (Chapter 117, Laws of 2021)

voter-approved levy lid lifts for ongoing expenses, in addition to new programs and services, that support the levy lid lift's specified purpose.

Property Tax Exemption. State law allows cities and counties the option to exempt eligible senior citizens, veterans with disabilities, and others with disabilities from the regular property tax increase resulting from a levy, subject to meeting eligibility criteria and receiving application approval.¹⁰

History of the Parks Levy. Prior to 2003, the King County parks system relied mainly on General Fund (then called "Current Expense Fund") moneys. In 2003, the General Fund was facing \$52 million shortfall, attributed to growth in the cost of providing services, particularly in mandated criminal justice related functions, an economic recession, and an erosion of the county's tax base. Large deficits were predicted into the foreseeable future.

2002 Business Transition Plan. In 2002, to prevent the closure of the parks system, King County convened the Metropolitan Parks Task Force, a community advisory group that was asked to help develop a business transition plan for the County's parks. Major recommendations, which were codified in Ordinance 14509, included focusing on the County's regional role; becoming more entrepreneurial, by seeking revenues from fees and sponsorships; and finding community partners.

2003 Parks Levy. In 2003, following significant reductions in General Fund support for King County's parks and open space system, King County voters approved a 4.9 cent, four-year levy to support operations and maintenance for regional and rural parks. At the same time, the County implemented other strategies from the business transition plan, including transferring 56 urban parks and pools to local governments by the end of 2007.

2007 Parks Levies. In August 2007, voters approved two six-year parks levies:

- **Operating Levy:** A 5 cent operating levy was adopted to fund maintenance and operations for regional and rural parks. This levy was projected to raise approximately \$16 million in its first year, and had inflation built in so that levy revenues would keep pace with inflationary pressures.
- **Open Space & Trails Levy:** A 5 cent capital levy was adopted to fund expansion of the regional parks and open space system. This levy was split into three parts:
 - 60% to King County to acquire and preserve regional trails and natural areas, including funding for community partnership projects;
 - 20% to cities for trails, parks, and open space; and
 - 20% to Woodland Park Zoo for environmental education, conservation, and capital improvement projects.

Last accessed on February 13, 2025.

The King County Parks Division (“Parks”) continued to implement its business transition plan, transferring 31 more parks and pools to local cities between 2007 and 2012.

2013 Parks Levy. In August 2013, King County voters approved a new, 18.91 cent six-year parks levy with an annual escalator tied to the consumer price index. The levy included 14.89 cents to continue the programs of the expiring levies and an additional 4.02 cents for new and enhanced programs.

2019 Parks Levy. In 2019, Ordinance 18890¹¹ placed on the August 2019 ballot a proposition authorizing a six-year property tax levy to support parks and open space throughout King County. The ordinance set an initial levy rate of 18.32 cents per \$1,000 of assessed value (AV) and is currently expected to generate approximately \$852 million over the life of the levy, to fund various projects and programs including:

- Up to \$8 million of the levy proceeds for a capital construction project at the Seattle Aquarium;
- Up to \$44 million of the levy proceeds to for pool maintenance, capital improvements and construction;
- Up to \$22 million of the levy proceeds for integrated floodplain management;
- 47% of the remaining proceeds for acquisition of open space, continued development of regional and other public trails, other capital improvement projects and major maintenance of the county’s open space system, and community partnerships and grants;
- 40% of the remaining proceeds for King County’s park system operations and maintenance, with no more than \$10 million of this amount being used for targeted equity grants;
- 8% of the remaining proceeds for distribution to the towns and cities of King County for their town or city parks system operations and capital improvement projects; and
- 5% of the remaining proceeds for environmental education, maintenance and conservation programs at the Woodland Park Zoo.

At the same time the Council passed Ordinance 18890, it also passed a companion motion, Motion 15378,¹² which adopted an allocation plan for levy moneys, as well as guidance for four new grant programs. The allocation plan for the 2020-2025 Parks Levy is Attachment C to Motion 15378.

Summary of Outreach. Community engagement and outreach materials provided by Executive staff show that Parks conducted 21 engagement events in March and April 2024, both in-person and virtual, for the proposed 2026-2031 Parks Levy. Comparatively, Parks conducted 54 in-person engagement events for the current levy. Executive staff state that, although they were not categorized as formal engagement events, the Parks Mobile Engagement Team spent several days each week in February through April of 2024 soliciting in-person feedback in parks and trails across King

County. According to staff, over 4,800 people across all nine King County Council districts participated in surveys and Parks staff also met with towns and cities, parks districts, and key partners to receive additional feedback about the levy.

In January 2024, Parks established the King County Parks Levy Community Advisory Committee which met nine times to provide guidance on developing the 2026-2031 Parks Levy. Based on review of current levy funding and activities, and feedback from forums and surveys, the Committee recommended funding the following priorities:

- **Safety and Belonging:** increase funding for maintenance and infrastructure; provide multi-language signing and wayfinding; collaborate, engage, and partner with local communities in a substantive and culturally appropriate way.
- **Equity:** distribute levy funds based on an assessment of community needs, gaps, and equitable outcomes; improve accessibility for people with disabilities; expand hours for parks and trails; provide multi-language signing and wayfinding.
- **Climate Resilience & Mitigation:** prioritize open space acquisition to protect existing ecosystems; fund strategic and regional trail connections that provide transportation alternatives for commuters and reduce greenhouse gas emissions; increase tree canopy, open space acquisitions, and forest stewardship in concrete “hot zones” in urban and underserved communities.
- **New Parks, Trails, & Recreation Opportunities:** focus on trail improvements and “last mile” additions to connect communities; increase grant funding for local communities; more equitably distribute pass-through funding; provide additional support for sports infrastructure and programming in underserved communities.

ANALYSIS

Financials. Proposed Ordinance 2025-0070 would place on the August 5, 2025, ballot a proposition authorizing a six-year property tax levy that would generate approximately \$1.5 billion million in total. This is a multi-year temporary levy lid lift, meaning that funding would not continue after the six-year period is over.

Proposed Rate and Limit Factor. The initial levy rate is proposed at **24.43 cents** per \$1,000 of assessed value (AV), with a limit factor set as the combined percentage change in the prior year’s Seattle consumer price index for wage earners (CPI-W) and estimated population growth in King County. This is shown in Table 1.

Table 1. Estimated Limit Factor: Inflation Plus Population Growth

	2026	2027	2028	2029	2030	2031
Estimated King County Pop. Growth ¹³	2.68%	2.49%	2.46%	2.41%	2.43%	2.68%
CPI-W (Seattle/Tacoma/Bremerton) ¹⁴	0.92%	0.93%	0.87%	0.80%	0.72%	0.92%
<i>Estimated Limit Factor</i>	3.60%	3.41%	3.33%	3.22%	3.15%	3.20%

¹³ Population forecast from OEFA March 2024 Forecast.

¹⁴ Inflation from Seattle CPI-W June Value in OEFA March 2024 Forecast.

Estimated Collections. Table 2 shows the estimated levy revenue for each year of the levy, based on the Office of Economic and Financial Analysis’s (OEFA) August 2024 forecast for levy proceeds and presuming a limit factor based on the combined percentage change in the prior year’s Seattle consumer price index for wage earners (CPI-W) and estimated population growth in King County. With these assumptions, the total projected revenue over the six-year levy period is **\$1.5 billion**.

For comparison, the current 2020-2025 levy had an initial rate of **18.32 cents** per \$1,000 AV in 2020, and also had a limit factor set as the combined percentage change in the prior year’s Seattle CPI-W and estimated population growth in King County. The current 2020-2025 levy is expected to generate approximately **\$851 million** over the six-year period, based on OEFA’s August 2024 forecast.¹⁵ This is approximately a 5% increase over the originally projected amount of \$810 million.¹⁶

Table 2 also shows the estimated effective levy rate for each year of the levy period. For the current levy, the effective levy rate (which is calculated based on the limit factor, assessed value, and new construction) as of 2025 is 19.73 cents per \$1,000 AV.¹⁷ If, hypothetically, the current levy was extended into 2026 at a status quo continuation (applying the 2026 limit factor and assessed value assumptions to the 2025 levy collections), the effective rate for 2026 would have been 19.52 cents.

Note that the March 2025 OEFA forecast is expected to be adopted by the Forecast Council in March 2025. Council staff will provide updated analysis and highlight any changes when the latest forecast is adopted.

¹⁶ The levy generated \$115.7 million in 2020, \$253.6 million in 2021-2022, an estimated \$307.9 million in 2023-2024, and is expected to generate \$169.8 million in 2025.

values²⁰), an initial levy rate of **24.43 cents** per \$1,000 AV would cost this owner approximately **\$206.19** annually (\$17.18 per month) in property tax.

- For comparison, the effective levy rate of the current levy was approximately 19.43 cents per \$1,000 AV in 2024, which would cost the same homeowner approximately \$163.99 annually. For 2025, the effective levy rate of the current levy is approximately **19.73 cents** per \$1,000 AV, which would cost the same homeowner approximately **\$166.52** annually based on 2024 assessed values.
- To this homeowner, comparing the proposed 2026 rate with the effective 2025 rate, the proposed levy represents an approximate increase of \$39.67 annually (\$3.31 per month).

Prorating Considerations. Based on current prorating analysis from the OEFA's August 2024 forecast, it is not currently expected that the proposed levy would have a prorating impact on other taxing districts. In other words, levy suppression and prorating are not currently projected as an issue for the proposed levy as transmitted.

Prorating mitigation is not identified as an eligible levy expenditure in the PO. Whether or not to designate a specific reserve out of levy proceeds in the PO for any potential prorating mitigation would be a policy choice.

Funding Categories Overview. This section provides an overview of the proposed levy allocations as stated in the PO, as well as the more detailed proposed investments listed in the Proposed Allocation Plan that is Attachment 2 to this staff report. (Note that the allocation plan is not explicitly referenced in the PO and therefore is not part of the legislation.)

Proposed Allocations as Stated in Proposed Ordinance. PO 2025-0070 would allocate levy proceeds for the following purposes, which are explicitly stated in the ordinance language:

- Up to \$42 million for Woodland Park Zoo;
- Up to \$15 million for Seattle Aquarium;
- Up to \$9 million for Friends of Waterfront Park;
- Up to \$2.5 million for Memorial Stadium;
- Up to \$30 million for Parks Capital and Open Space Grants; and
- Up to \$46 million for Aquatic Facilities Grants.

Note that the "up to" language in these allocations means that anywhere between \$0 and the maximum amount listed could be spent. The Executive's Allocation Plan indicates that the Executive does intend to spend the maximum for each of these categories.

²⁰ According to Executive staff, this value comes from Median Assessed Value (AV) by Levy or District data, provided by the King County Assessor's Office. The tax roll was certified by the Assessor's Office on January 27, 2025.

Of remaining levy proceeds (approximately \$1.35 billion), PO 2025-0070 would explicitly allocate money as follows:

- 43% of remaining proceeds for operations and maintenance of the open space system²¹ and for the Healthy Communities and Parks Grants Program;²²
- 48% of remaining proceeds to parks acquisition, conservation, stewardship, capital improvement, community partnerships and grants, and the Weyerhaeuser King County Aquatic Center;²³ and
- 9% of remaining proceeds to towns, cities, and parks districts.

Proposed Allocation Plan. Executive staff have provided an estimated allocation plan, which is Attachment 2 to this staff report and summarized here. Note that the proposed allocation plan is not explicitly referenced in the PO, and therefore this level of detail would not be adopted by adopting the ordinance.

Whether to amend the ordinance to adopt the allocation plan, introduce a companion motion to adopt the allocation plan, and/or to include additional specific allocations in the PO, is a policy choice for members to consider. For the 2020-2025 Parks Levy, the Council adopted, simultaneous to levy ordinance adoption,²⁴ a companion motion²⁵ that included the allocation plan (referred to herein as the “2020-2025 Parks Levy motion.”)

²¹ Defined in Section 1 as “the system that includes parks, trails, natural areas, resource lands, and structures or buildings owned or otherwise under the jurisdiction of the parks and recreation division of the department of natural resources.”

²² No more than \$30M to Healthy Community and Parks Grants, formerly known as Targeted Equity Grants.

²³ Executive staff state that inclusion of the Weyerhaeuser King County Aquatic Center in this category is an error, and that it was intended to be an off-the-top allocation of up to \$22 million.

²⁶ Defined in Section 1 as "the program through which King County provides monies to recreation-oriented groups, sports associations and community-based organizations to undertake any combination of developing, operating or maintaining a public park or recreation facility or program in King County and King County cities for public benefit."

²⁷ Executive staff state that inclusion of the Weyerhaeuser King County Aquatic Center was intended to be an off-the-top allocation of up to \$22 million; its inclusion in the PO under Section 4.E (as part of the capital distribution) was an error and was intended to be included under Section 4.D.

²⁸ As authorized by RCW 84.36.381.

²⁹ According to Executive staff, the 1% undercollection assumption is a consistent rate assumed countywide with other levies. The first four years of the Parks levy has seen less than 1% of the undercollection rate. Though FY 2024 year-end reconciliation is still underway and is expected to be

finalized by April 2025, FY 2024 shows a little over that rate, consistent with the trajectory in the King County 2023 Annual Comprehensive Financial Report.

³⁰ Based on current levy forecast within the August 2024 OEFA forecast. FY 2024 expenditures are expected to be finalized by April 2025. FY 2025 expenditures are expected to be finalized by April 2026.

³¹ Note that the proposed allocation plan is not explicitly referenced in the proposed ordinance, and therefore this level of detail would not be adopted by adopting the ordinance.

³² Based on effective 2025 levy rate and 2024 median assessed value.

³³ Based on proposed 2026 levy rate and 2024 median assessed value.

³⁴ Park Districts were not included in the 2020-2025 Parks Levy.

Operations and Maintenance. After off-the-top distributions for educational and civic venues, two grant programs, and election costs, the PO specifies that 43% of the remainder of Parks Levy moneys would be used for:

- Operations and maintenance of the County’s Open Space System, and
- Healthy Community and Parks Grants program, which is referred to as the Target Equity Grant program in the 2020-2025 Parks Levy.

The PO would set a maximum of \$30 million that could be expended on the Healthy Community and Parks Grants program, with no minimum spending amount specified. Further details on this program can be found in the Grant Programs section of this staff report.

The PO and its attachments do not provide any further specificity on how funding in this category would be spent. The allocation plan states that the Executive intends to spend the maximum-allowed \$30 million on the Healthy Communities and Grants Program, leaving an estimated \$550.6 million for operations and maintenance of the County’s open space system. This represents a roughly 84% increase in funding for this category compared to current forecasts for the 2020-2025 levy. Executive staff states that \$33 million of the increase is due to inflationary pressures increasing the cost to maintain current service levels. Further information can be found in Attachment 4 to this staff report.

The following subsections break down the Executive’s planned spending on operations and maintenance as contained in the allocation plan.

Operations, Maintenance, Program Delivery, and Internal Supports. The vast majority (\$517 million or 93%) of operations and maintenance funding would go towards maintaining the current King County open space system. The allocation plan states that this money would cover the system’s day-to-day operational needs, including but not limited to personnel, supplies, services, fleet, equipment, and administrative costs.

The \$517 million in this category also includes \$2.4 million that would be split between the King County Fair, Washington State University 4-H Program, and King County Search and Rescue operations. These three programs are currently funded by Parks Levy dollars. The Parks Levy Operations Financial Plan,³⁵ which was transmitted with the PO but not formally attached to the levy ordinance, provides the following breakdown of funding for these programs:

- King County Search and Rescue - \$600,000 (level funding with current)
- WSU Cooperative / 4-H - \$906,000 (level funding with current)

The amount going to the King County Fair is not explicitly stated, but subtracting the \$2.4 million listed in the allocation plan for these programs from the numbers above

³⁵ Attachment 11 to this staff report.

would leave \$894,000 for the King County Fair. The adopted allocation plan for the 2020-2025 Parks Levy set aside \$300,000 for the Fair over the life of that levy.

Parks Patrol Expansion. King County Parks currently has a service level agreement with the King County Sheriff's Office (KCSO) to provide a Parks Patrol Program through which two KCSO deputies are assigned full time to the King County parks system. The allocation plan states that the Executive would spend \$4.3 million over the life of the levy to expand the program. Executive staff state that the expansion would include increased enforcement and education related to parks rules by adding two additional deputies over the levy period. They further state that the proposed expansion of this program would help to continue to address safety issues, provide quick response times, and consistent communication for concerns raised by staff or the public about the parks system.

Safety Program Expansion. According to Executive staff, Parks' safety program currently supports personnel, equipment, and training to implement a modern, comprehensive safety program for the division. Goals of the Safety Program include accident and injury prevention, ensuring compliance with safety regulations, and promoting a proactive and team-oriented safety-first culture. The allocation plan states that the Executive would spend \$3.2 million over the life of the levy to expand the program. Executive staff state that this expansion would enable Parks to invest funds into planning, training, comprehensive workplace and practice evaluations, targeted safety program and initiative development, and procedures.

Asset Management Program. The allocation plan states that the Executive would spend \$4.1 million on an asset management program. Council staff have requested further details on the asset management program, which will be included in the next staff report.

Land Use Stewardship and Encroachment Program. According to Executive staff, the Land Use Stewardship and Encroachment Program incorporates the department's enforcement of land use guidelines to comply with the permit system requirements in K.C.C 14.30. The proposed funding would support property services, permitting for use of Parks property, and enforcement of the Parks Land Use Guidelines,³⁶ which Parks does not currently have resources to do. The Parks Land Use Guidelines require the Parks to review and make recommendations on Special Use Permit applications requesting use of Parks' property for non-park purposes.

Youth Conservation Corps Program Expansion. The 2020-2025 Parks Levy motion directed the Executive to develop a plan to implement Youth Conservation Corps (YCC) beginning in 2020. The YCC is currently active as a summer internship program and, according to its website,³⁷ youth interns participate in the following activities:

³⁶ King County Parks: Land Use Guidelines October 2020. Last accessed February 19, 2025.

- Engage in discussions about the intersections of race and the environment;
- Lead conversations with other interns on self-selected topics;
- Develop and build-upon career skills such as writing, public speaking, and interviewing;
- Become familiar with land management practices and the multiple facets of a park agency;
- Network with Parks staff, community leaders, and environmental professionals;
- Explore solutions to problems impacting human and environmental health; and
- Participate in workshops about local environmental challenges.

The allocation plan states that the Executive would expand the YCC by investing an additional \$4.8 million. Council staff have requested additional information on what the expansion would entail, and how much funding the YCC is planned to receive from the Operations, Maintenance, Program Delivery, and Internal Supports subcategory absent this expansion. This information will be included in the next staff report.

Jobs and Housing Program. The Jobs and Housing Program was established by the Council in the COVID 7 budget³⁸ passed in 2021, using Coronavirus Local Fiscal Recovery (CLFR) dollars. This initiative was intended to support a jobs and rehousing program for individuals experiencing homelessness. Funding was housed in the Office of Performance, Strategy, and Budget (PSB).

The Jobs and Housing Program began operations in 2021 and provided temporary jobs, career preparation, and housing and support services within King County and other local organizations. These temporary jobs lasted up to one year and included paid ORCA transit pass and other transportation assistance, housing support, career support, and coaching services for one year. Of the 87 temporary jobs provided, 37 of were with King County Parks.

The 2025 Annual Budget³⁹ appropriated the last of the CLFR funding for the Jobs and Housing Program, with the program intended to sunset at that time. Simultaneously, however, the budget appropriated \$851,000 to continue the Parks portion of the program, known as the Parks Beautification Program, through 2025, using solely Parks Levy moneys.

The allocation plan states that the Executive would use \$5 million of operations and maintenance funding to continue the Jobs and Housing program through the life of the levy. This represents roughly level annual funding with that appropriated for 2025. Executive staff have confirmed that the \$5 million only includes the “jobs” portion of the Jobs and Housing program, and that Parks is not currently responsible for housing or support services but will evaluate potential partnerships with other agencies for continued collaboration. PSB has been responsible for working with housing and service providers on this program, but, as mentioned above, PSB’s CLFR funding is expected to be exhausted in 2025.

³⁸ Ordinance 19289.

³⁹ Ordinance 19861.

Tribal, Indigenous, and Historic Interpretive Program. The proposed allocation plan states that the Executive would use \$1.8 million in operations and maintenance funding for a new Tribal, Indigenous, and Historic Interpretive Program. The allocation plan states that this program would “support work with Tribes, indigenous organizations, and historic preservation organizations to strengthen government-to-government relationships, and improve conservation and recreational planning.” Executive staff states that this program is the result of a recommendation by the Community Advisory Committee to strengthen partnerships with Tribal organizations and to collaborate with Tribes to better achieve common objectives.

They state that the program would be developed in partnership with area tribes, indigenous organizations, and historic preservation organizations, and that resources would be invested in, but not limited to, the following:

- Improving conservation and recreational planning so that public use can be better balanced with protecting and honoring traditional cultural places;
- Supporting storytelling and interpretation that honors site-based history and context; and
- As appropriate, feasible, and if desired by those Parks would be working with, incorporating traditional cultural knowledge and practices in land management efforts and programs.

Capital Projects and Aquatic Center. After off-the-top distributions for educational and civic venues, two grant programs, and election costs, the PO specifies that 48% of the remainder of Parks Levy moneys would be used for:

- Acquisition, conservation, and stewardship of additional open space lands, natural areas, resource or ecological lands, rights of way for regional trails, and urban green spaces;
- Acquisition of rights of way for and development of regional and other public trails;
- Capital improvement projects and major maintenance repair or replacement of open space system infrastructure;
- The community partnerships and grants program; and
- Weyerhaeuser King County Aquatic Center.

The PO and its attachments do not provide any further specificity on how much money would be appropriated to each of these categories or what projects they might entail. Executive staff state that proposed allocations are not explicitly enumerated in the ordinance as they are planning-level estimates and may change in the future.

Executive staff state that the inclusion of the Weyerhaeuser King County Aquatic Center in this 48% category was an error, and that it was intended to be an off-the-top allocation of up to \$22 million for major maintenance capital investments to the Aquatic Center.

The Executive’s allocation plan provides further information on the expected allocations, which are discussed below. Further details on The Community Partnerships and Grants program can be found in the Grant Programs section of this staff report.

Weyerhaeuser King County Aquatic Center. The Executive’s allocation plan states that \$22 million is expected to go to the Weyerhaeuser King County Aquatic Center over the life of the levy. Executive staff state that, as the facility is 35 years old, there are significant deferred maintenance and end of lifecycle needs that would be covered by this funding.

Climate Resilience and Stewardship. The Executive’s allocation plan creates a new subcategory, “Climate Resilience and Stewardship,” that replaces the “Open Space Acquisition/Land Conservation” subcategory in the allocation plan attached to the 2020-2025 Parks Levy motion, and includes several of the same spending items.

Table 5 below shows the difference between the 2020-2025 allocation plan and the proposed allocation plan for this subcategory.

Table 5. Comparison of Climate Resilience and Stewardship/Open Space Acquisition Funding, Current Parks Levy vs. Proposed Parks Levy Renewal

Subcategory	2020-2025 Allocation Plan (\$123.5 million)	2026-2031 Proposed Allocation Plan (\$217.5 million)⁴⁰
King County Open Space Acquisition/Land Conservation	\$78 million	\$96 million
Towns and Cities Open Space	\$25 million	Now categorized as Parks Capital and Open Space Grants (\$30 million)
Stewardship of Lands Acquired (O&M)	\$18 million	\$20 million
Fish Passage Program	Not included	\$10 million
Climate Resilience	Not included	\$33 million
Environmental Stewardship	Not included	\$58.5 million
Water Access Acquisition on Lake Washington	\$2.5 million ⁴¹	Not included

Each of these subcategories is discussed in more detail below.

King County Open Space Acquisition/Land Conservation and Stewardship (\$116 million). The allocation plan estimates that \$96 million will be used for King County’s acquisition and conservation of open space lands, with an additional \$20 million proposed for stewardship of lands acquired with this money.

Attachment B to the PO includes Acquisition Guidelines for Parks Levy funding used to acquire open space and natural lands⁴² in coordination with the County’s Conservation

⁴⁰ Total does not include Parks Capital and Open Space Grants, which are proposed to move to another category.

⁴¹ The allocation was directed to be used for properties located in proximity to the Burke-Gilman Trail. Waterfront property near the Burke-Gilman Trail in the City of Lake Forest Park was acquired.

Futures Tax (CFT) program. Attachment B gives the following process, which aligns with the process the Executive uses currently (but was not spelled out in the 2020-2025 Parks Levy ordinance or motion):

1. Early each calendar year, the Department of Natural Resources and Parks (DNRP) would set a proposed allocation for open space from levy funds for the following fiscal year.
2. Staff would generate proposals for the use of these funds, taking into account opportunities to leverage resources with funding from Conservation Futures, as well as from other local, state, and federal funding sources.
3. An overall proposal allocating the open space funds to specific projects would be developed and discussed with the Conservation Futures Advisory Committee (CFAC) that is responsible for developing CFT funding recommendations.
4. Taking the CFAC's recommendations into account, DNRP would develop a proposed budget for these parks levy funds.
5. The DNRP-proposed budget for parks levy funding would be reviewed by the County Executive, and ultimately County Council, as part of the overall budget process for the following year.

Council staff has asked Executive staff whether the entire \$96 million is intended to be subject to this process, or whether some subset of the \$96 million is not expected to be spent in coordination with the CFT program. Council may wish to clarify exactly what funding is subject to Attachment B.

As noted in Table 5 above, the allocation plan for the 2020-2025 Parks Levy motion also included funding for towns and cities open space. Via the 2020-2025 Parks Levy Motion, the Council directed establishment of the Parks Capital and Open Space Grant Program, and the \$25 million was used for those purposes. The current proposal for the Parks Capital and Open Space Grant Program is discussed in the Grant Programs section of this staff report.

Fish Passage Program (\$10 million). The Fish Passage Restoration Program removes barriers for salmon to reach historic spawning and rearing habitat in order to restore healthy populations. Executive staff have confirmed that the \$10 million would only be used for work on Parks-owned properties or land where Parks has easements. Real Estate Excise Tax (REET) funding is expected to supplement the \$10 million.

Executive staff state that the fish passage projects anticipated for the 2026-2031 levy are consistent with the Motion 15328 Report. Between 2022-2024 Parks completed eight projects that remedied ten fish passage barriers. The 2026-2031 Levy proposal provides funding for eight additional projects, with further fish passage projects needing completion after 2031.

Climate Resilience (\$33 million). Investments in climate resilience would include the following.

⁴² Neither of these terms is defined in the PO. In the County's [Open Space Plan](#), "open space" is a catch-all term, of which "natural areas" is a subset meaning "ecological lands managed almost exclusively for environmental protection and enhancement."

- *Parks' Forest Stewardship Program and Projects.* Parks' Forest Stewardship webpage⁴³ states that Parks manages over 29,000 acres of public forest land, 3,800 of which are designated as working forests. Types of stewardship actions listed there include development of stewardship plans, variable thinning management, red alder conversion, and root rot treatment.
- *Potential Stormwater Park Pilot Projects.* Stormwater parks are community facilities that both manage stormwater from a larger area and provide recreational opportunities.⁴⁴ Executive staff state that the locations of the pilot projects have not been identified yet, and that identifying sites would be part of a scoping and feasibility study effort that would be completed jointly between Parks Division and Water and Land Resources Division.
- *Establishment of a Climate Response Fund.* The allocation plan states that this fund would support community response projects and programming. Executive staff state that projects and programming could include, but wouldn't be limited to:
 - Adding electric vehicle charging stations for both county-fleet and public vehicles at parks;
 - Converting existing Parks facilities that still run on fossil fuels to electric;
 - Adding solar panels to existing Park facilities;
 - Adding air-conditioning to publicly accessible Park facilities;
 - Urban tree planting projects; and
 - Adding splash pads, misters and/or sprinklers at parks.

Environmental Stewardship (\$58 million). The allocation plan states that investments in environmental stewardship will support:

- Early actions to safeguard sites for public use following acquisition;
- Structure demolitions to deliver full ecological and recreation benefits;
- Improvements to existing maintenance facilities and acquisitions;
- Natural resource and site management planning;
- Multi-benefit river corridor projects; and
- Landscaping/restoration/mitigation site monitoring and maintenance.

Regional and Other Public Trails. The proposed allocation plan includes \$179 million in investments for regional trails and other public trails. In comparison, the 2020-2025 Parks Levy motion included \$165.7 million in investments to this category.

Table 6. Comparison of Regional and Other Public Trails Funding, Current Parks Levy vs. Proposed Parks Levy Renewal

Subcategory	2020-2025 Allocation Plan (\$165.65 million)	2026-2031 Proposed Allocation Plan (\$179 million)
Eastrail	\$50.5 million	\$65 million
Lake to Sound Trail	\$16 million	\$55 million
Green River Trail North Extension	\$6 million	\$6 million
Interurban Trail South	\$5.5 million	\$8 million
Soos Creek Trail	\$4 million	\$7 million
Other New Regional Trails		\$38 million
East Lake Sammamish Trail	\$32 million	
Capital improvements for existing regional trail system	\$18 million	
Green to Cedar Rivers Trail North A	\$9 million	
Regional trails acquisition	\$2 million	
Foothills Trail	\$5 million	
East Lake Sammamish Trail – Redmond Light Rail Extension	\$4 million	
Wayne Golf Course Trail Connector Improvements	\$2 million	
Interurban Trail to Burke Gilman Connection	\$7.5 million	
Interurban Trail Connection	\$150,000	
Kirkland Green Loop Trail	\$2.5 million	
Missing Link of Green River Trail	\$1.5 million	

The proposed allocation plan includes the following investments:

Eastrail (\$65 million). The levy would support construction of two additional segments of Eastrail, construction of an Eastrail connection to Coulon Park, paving the Central Wilburton segment, and completing design on the Eastrail to Lake to Sound Trail connection.

Eastrail is anticipated to be an uninterrupted 42-mile trail that would connect Renton, Bellevue, Kirkland, Woodinville, Snohomish, and Redmond. Approximately 16 miles are open, of which 7.5 miles are owned by King County. Trail segments currently under construction⁴⁵ are the Wilburton Trestle,⁴⁶ the I-90 Bridge Trail segment,⁴⁷ and the Central Wilburton Trail Segment.⁴⁸

⁴⁵ King County Parks: Eastrail. Last accessed February 15, 2025. <https://kingcounty.gov/en/dept/dnrp/nature-recreation/parks-recreation/king-county-parks/capital-projects/eastrail>

According to Executive staff, the proposed \$65 million allocation to Eastrail would support the I-90 Steel Bridge Crossing, Central Wilburton Paving, 124th to 145th Interim Trail, Coulon Park North Entrance to South Entrance, Coulon Park North Entrance to Mile Post 5, and Mile Post 5 to Ripley Lane.

Lake to Sound Trail (\$55 million). The levy would support construction of two additional segments of the Lake to Sound Trail and the completion of the design to connect Lake to Sound Trail to SeaTac Airport. The Lake to Sound Trail is a multi-jurisdiction, multiple segment trail that extends 16 miles from the Cedar River at Lake Washington in Renton to Des Moines Beach Park on Puget Sound.

Green River Trail Extension – North (\$6 million). The levy would support construction of the Green River Trail North to Seattle. The Green River Trail is a regional trail of more than 19 paved miles from the south edge of Seattle to the City of Kent, passing through industrial lands near the Duwamish Waterway in Tukwila to the broad Green River Valley. The North extension project would extend the existing Green River Trail north from Cecil Moses Park in Tukwila, along West Marginal Place South, to the Seattle City limits near South Park.⁴⁹

Interurban Trail South Investments (\$8 million). The levy would complete full rehabilitation of the Interurban Trail South. The Interurban Trail links Tukwila, Kent, Auburn, Algona, and Pacific along a 14-mile trail following the Interurban Rail Line.

Soos Creek Trail (\$7 million). The levy would support construction of Soos Creek Trail Segment 5a and plan for future Soos Creek Trail segments. The Soos Creek Trail is a 6-mile paved trail in the East Hill area of Kent with a gentle grade for strolls, bicycle rides, and horse rides.⁵⁰

Other New Regional Trails (\$38 million). Of this amount, \$18 million would support planning, acquisition, and preliminary design for potential future trail segments and connections, including, but not limited to: Green River Trail, Preston-Snoqualmie Trail, Soos Creek Trail, Cedar River Trail, Green to Cedar Trail, and Snoqualmie Valley Trail.

\$20 million would support emergent needs on the regional trail system, including, but not limited to: surface improvements, lighting, access control improvements, and intersection improvements.

⁴⁶ Construction started May 2024; anticipated opening summer 2026; costs \$37 million, of which \$20.5 million came from the 2020-2025 Parks Levy; other funding sources are Amazon, Washington State, City of Bellevue, and Kaiser Permanente.

⁴⁷ Construction 2028-2030; anticipated opening 2030; costs \$49 million, of which \$2 million came from the 2020-2025 Parks Levy, along with a \$25 million federal RAISE Grant and \$12 million from Washington State's Climate Commitment Act.

⁴⁸ Construction 2025-2026; anticipated opening 2026; costs \$2.5 million funded by Amazon.

New Park Development and Improvements. The proposed allocation plan includes \$51 million in investments for new park development and improvements.

Dog Parks (\$3 million). According to Executive staff, King County Parks completed a Draft Dog Park Feasibility Study in 2024. One of the prioritization criteria for locations assessed in the study was whether a community identified off-leash parks as a need in the King County Department of Local Services Community Needs Report. Based on this, feasible sites identified in that study include:

- North Shorewood Park
- Lake Geneva Park
- Skyway Park (if it aligns with the Community Center plan)

Executive staff state that King County Parks is also actively looking for potentially suitable locations on Vashon Island and in Fairwood near Petrovitsky Park.

As background, Ordinance 19771, passed in 2024, adopted several changes to King County Code Title 7, including allowing off-leash dog parks at County parks other than Marymoor Park.

Lakeland Park North (\$10 million). This would support design and construction of a 20-acre nature park at Lakeland North Urban Park between Auburn and Federal Way including trails, nature-based play area, shelter, restroom and parking.

Skyway Park Planning and Community Center (\$13 million). This would support design, construction, and initial operational costs at Skyway Park Community Center. Approximately \$20 million in additional funding would be needed for construction and is expected to come from REET and bond financing.

Backcountry Trail: new trails (\$3 million). According to Executive staff, new trails may be created at the sites that are listed under Major Maintenance and would also be created at future sites to be acquired.

Ballfield and Sports Courts: new facilities (\$3 million). According to Executive staff, potential projects may include adding pickleball courts at existing parks, adding recreational cricket facilities at existing parks, and adding light to existing courts or fields.

Natural Grass to Synthetic Turf Field Conversion (\$19 million). This would support design and construction at South County Ballfields in Federal Way.

Active Recreation Repair and Renovation, and Other Park Repair and Renovation. The proposed allocation plan includes \$177 million in investments to active recreation repair and renovation, and other pair repair and renovation. In comparison, the 2020-2025 Parks Levy motion included \$41.5 million in investments to this category.

Major maintenance existing infrastructure (\$90 million). This includes:

- General Infrastructure: \$23 million

- Playground rehabilitation: \$7 million
- Play amenities rehabilitation: \$6 million
- Parks building system rehabilitation: \$8 million
- Ballfield synthetic turf replacement: \$12 million
- Pools, water access, docks rehabilitation: \$2 million
- Ballfields and sports court rehabilitation: \$6 million
- Backcountry trail rehabilitation: \$6 million
- Drainage infrastructure rehabilitation: \$12 million
- Other agency projects (Sound Transit, WSDOT, KC Roads, etc.): \$8 million

ADA and accessibility rehabilitation (\$12 million). According to Executive staff, these projects would be identified by the ADA Self-Evaluation and Transition Plan, which are currently in progress.

Regional trails rehabilitation (\$55 million). This would support keeping the existing regional trail system clean, safe, and open and includes, but is not limited to, repair/replacement of bridges and trestles, trail surface repairs/rehabilitation, safety updates, repairs to meet current guidelines and standards, and landscaping/mitigation maintenance and monitoring.

Marymoor Park rehabilitation:(\$16 million). This would fund rehabilitation of infrastructure and facilities throughout Marymoor Park to keep the park clean, safe, and open. It also includes funding for improvements to address growing user demand including, but not limited to, signage, utilities, pedestrian facilities, buildings, roadways, velodrome rehabilitation, and concert venue updates. This program is expected to be supplemented with Real Estate Excise Tax (REET) funding.

Sunset Park Renovation and Repair (\$4 million). According to Executive staff, the exact updates are still to be determined as part of a public engagement process, but may include, restroom renovation, parking improvements, court and field improvements, and adding additional amenities such as play area.

Grants Programs. The PO includes four grant programs that would be funded through the 2026-2031 Parks Levy. All four programs are continuations of existing grant programs, though modifications are proposed to three of the four. One program from the 2020-2025 Parks Levy, the Open Space - River Corridors Grant Program, is not proposed to continue. Table 7 below compares funding in the allocation plan of the 2020-2025 Parks Levy and the allocation plan for the proposed 2026-2031 Parks Levy.

Table 7. Comparison of Grant Program Funding, Current Parks Levy vs. Proposed Parks Levy Renewal

Program Name	2020-2025 Allocation Plan (\$102.57 million)	2026-2031 Allocation Plan (\$117 million)
Parks Capital and Open Space Grants (PCOS)	\$25 million ⁵¹	\$30 million
Aquatic Facilities Grants	\$36 million	\$46 million
Healthy Communities and Parks Grants ⁵²	\$10 million	\$30 million
Community Partnerships and Grants	\$9.57 million	\$11 million
Open Space – River Corridors Grants	\$22 million	\$0

The table shows that varying levels of increases are proposed for four of the programs, the largest of which would be a tripling of funding for the Healthy Communities and Parks Grants. Executive staff state that since 2022, the Healthy Communities and Parks Program received 404 applications requesting \$50.7 million, but King County was only able to approve about a quarter of the requests, or 105 applications (\$6.53 million), due to limited funding availability. This led the Parks Levy Oversight Board to recommend an increase in total funding for this grant program in the next levy to meet current and future demand. Executive staff state that their community engagement found support for increasing grant funding generally as well.

Executive staff state that the Open Space - River Corridors Grant Program is not proposed to continue because “during this program’s request for application cycles in 2022 and 2023 in the current levy period, there were not enough applicants to use all the allocated funding. Over half of the grants awarded in this program went to King County Parks or Water and Land Resources (WLR) Division (17 of 31). Parks and WLR plan to continue open space river corridor work without the grant program in the next levy cycle under several program areas, including the Environmental Stewardship Program and the Climate Resilience Program.”

For the PCOS, Aquatic Facilities, and Healthy Communities and Parks Grant Programs, the Executive proposes new program requirements through Attachment A to the PO. Existing program requirements, including eligible entities, eligible project types, advisory committee makeup, and selection process and criteria, are currently set by Ordinance 19166 (“the 2020 Parks Levy Grants Ordinance”). Analysis is ongoing as to whether the 2020 Parks Levy Grants Ordinance would need to be repealed in order to prevent conflicts with Attachment A to the PO.

As Tables 8, 9, and 10 show, the current programs have requirements around their advisory committees, project selection criteria, and approval process that are not included in Attachment A to the PO. Executive staff state that they propose to set those

⁵¹ Note that in the 2020-2025 Allocation Plan, this is named “Towns and Cities Open Space” under the Open Space Acquisition category.

⁵² Called “Targeted Equity Grant Program” in the 2020-2025 Parks Levy.

parameters internally for the 2026-2031 levy period, and anticipate making the following changes:

1. Defining a consistent grant framework in terms of goals;
2. Establishing consistent biennial grants cycles; and
3. Providing Council notification of awards, rather than Council approval.

Further detail on Executive's staff's proposed changes can be found in the Policy Issues section of this staff report. Whether to add guidance or requirements on these topics, with or without changes to what is in the 2020 Parks Levy Grants Ordinance, is a policy choice.

Because Attachment A is a formal attachment to the PO, the guidelines contained therein would not be able to be changed throughout the six-year levy period. This is a policy choice.

Details of each grant program are discussed below.

Parks Capital and Open Space (PCOS) Grants. The PCOS Grant Program was a new program begun under the 2020-2025 Parks Levy. The PO defines the program as one that "provides moneys to metropolitan park districts, towns, or cities located in King County to achieve capital improvement projects and major maintenance repair, or replacement of parks or recreation infrastructure."

The PO includes an off-the-top allocation of up to \$30 million for the PCOS Grant Program. The allocation plan indicates that the Executive intends to spend the full \$30 million over the life of the levy.

Table 8. below shows the key elements of the program, as described in Attachment A to the PO, compared to the existing program under the 2020 Parks Levy Grant Ordinance. Yellow highlighting indicates areas of difference between the existing program and proposed one.

Adding other public entities as an eligible entity, and removing eligibility of agricultural open space, is a policy choice.

Aquatic Facilities Grants. The Aquatic Facilities Grant Program was a new program begun under the 2020-2025 Parks Levy. The PO defines the program as one that “provides moneys to publicly owned pools for: capital improvement projects, including planning, feasibility studies, preconstruction and design, and construction; and major maintenance repair or replacement projects.”

⁵³ Terms are summarized here; Council staff has noted inconsistency in terminology though could be rectified.

⁵⁴ Except land primarily in agricultural use.

The PO includes an off-the-top allocation of up to \$48 million for the Aquatic Facilities Grant Program. The allocation plan indicates that the Executive intends to spend the full \$48 million over the life of the levy.

Table 9 below shows the key elements of the program, as described in Attachment A to the PO, compared to the existing program under the 2020 Parks Levy Grants Ordinance. Yellow highlighting indicates areas of difference between the existing program and proposed one.

Adding nonprofits as an eligible entity is also a policy choice. Executive staff state that nonprofit-operated aquatic facilities are present but not numerous in King County, citing Whitewater Aquatics, which runs the Evergreen Aquatic Center in White Center as one example. Executive staff state that “opening the grant program to nonprofits that operate public aquatic facilities will increase access to aquatics for King County residents.”

⁵⁵ The exact terminology used is different between the 2020 Parks Grant Ordinance and Attachment A, but they are understood to cover the same project types.

Healthy Communities and Parks Grants. The Targeted Equity Grant Program was a new program begun under the 2020-2025 Parks Levy. The PO would rename this program to “Healthy Communities and Parks Grant Program” and define it as a program that “provides moneys in order to achieve equitable opportunities and access to parks and recreation for traditionally underserved areas and communities, including people with disabilities, located in unincorporated King County and King County towns and cities.”

The PO includes up to \$30 million for the Healthy Communities and Parks Program, under the 43% allocation that also includes operations and maintenance of King County’s open space system. Council staff has inquired as to why this program is part of a percentage allocation, whereas the PCOS and Aquatic Facilities Grant Programs are off -the-top allocations. The allocation plan indicates that the Executive intends to spend the full \$30 million over the life of the levy.

Table 10 below shows the key elements of the program, as described in Attachment A to the PO, compared to the existing program under the 2020 Parks Levy Grant Ordinance. Yellow highlighting indicates areas of difference between the existing program and proposed one.

King County is proposed to be removed as an eligible entity and metropolitan park districts added. Council staff has inquired about the reasoning for these changes. Changes to eligible entities is a policy choice.

⁵⁶ Terms are summarized here based on Council staff understanding of Executive intent; Council staff has noted inconsistency in terminology that could be rectified.

⁵⁷ Either opportunity areas under K.C.C. 26.12 or areas determined to have been based on the Determinants of Equity.

Council staff asked Executive staff whether there was an intent to change the eligible project types, or if the categories proposed in Attachment A, along with verbiage about “traditionally underserved areas and communities” in the program purpose section, are intended to capture the same range of projects contained in the 2020 Parks Levy Grants Ordinance. Executive staff state the intent is that the same types of projects be eligible as currently.

Community Partnerships and Grants. The PO would direct that an unspecified amount of money from the 48% allocation, which also includes capital projects and the Weyerhaeuser King County Aquatic Center, be used for the Community Partnerships and Grants (CPG) program. The allocation plan states that the Executive plans to use \$11 million for the CPG program over the life of the levy. In previous levies, the CPG program amount has not been explicitly stated in the ordinance, and this practice is continued in the PO. Whether to add a funding amount for the CPG program in the PO is a policy choice.

The CPG Program originated in 2002. The goals of the CPG program, as adopted by the Council in 2003, are:

- Address present and future regional public parks, sports, and recreation facility needs without new tax funded operations and maintenance costs;
- Empower user groups, sports associations, and other community-based organizations to leverage their commitment, passion, and resources into long-term, high quality, self-sustaining public parks, sports, and recreation facilities; and
- Develop a region-wide support network of users, organizations, and citizens, in general, whose successes are interconnected with the political, financial, and operational successes of the region’s parks, sports, and recreation system.⁵⁸

The PO defines the CPG program as “the program through which King County provides moneys to recreation-oriented groups, sports associations, and community-based organizations to undertake any combination of developing, operating, or maintaining a recreation facility or public park in unincorporated King County and King County towns and cities for public benefit.”

For a typical CPG project, King County contributes the use of park land, as well as a grant to support the project. The community partner contributes the additional capital and in-kind resources needed to develop or renovate the facility, and signs a lease or use agreement with the County, through which it commits to carry out the operations, maintenance, and programming for the facility for a set period of time.

King County code sets the requirements for when Council involvement is required in disbursement of a CPG grant, shown in Table 11 below.⁵⁹

City, Town, and Park District Distributions. King County cities and towns received funding from the past three voter-approved levies. The 2020-2025 levy allocated 8% of levy proceeds to these entities. The 2026-2031 Parks Levy would increase the allocation to 9% of levy proceeds and add certain park districts within King County to the allocation list. Administrative costs are set at 1% of the allocation which is \$190,000 for cities, towns, and park districts. Executive staff state that certain parks districts were added as recipients of the annual minimum allocation based on feedback from the Community Advisory Committee. Under the current levy, these parks districts were eligible for levy moneys if the district applied for grants supported by the levy. Staff state that these parks districts are parks and recreation service providers for specific geographic areas that own and operate parks but that are not directly supported by King County Parks or city/town parks.

Table 12 below provides a high-level comparison of the proposed distributions in the 2026-2031 Parks Levy and the current levy.

Table 12. City, Town, and Park District Distributions, Proposed Levy vs. Current Levy

	2020-2025 Current Levy	2026-2031 Proposed Levy
Allocation Percentage & Dollar Amount	8% (\$60 million)	9% (\$119 million)
Annual Minimum Allocation	\$25,000 annually to each city, and an additional \$75,000 annually to each city with a population greater than 4,000.	\$100,000 to each town and city in King County, as well as Fall City Metropolitan Park District, Si View Metropolitan Park District, and Vashon Park District.
Allocation of Remainder	50% distributed in proportion to each town or city's population; 50% distributed in proportion to the assessed value of parcels within each town or city.	60% would be distributed in proportion to each town or city's population; 40% would be distributed in proportion to the assessed value of parcels within each town or city.

Table 13 below shows the estimated proposed remainder pass-through funding allocation to each city at 60% in proportion to population/40% in proportion to assessed parcel values, what the estimated pass-through funding would be should the allocation remain at 50% for each, and the percentage difference between the two

Executive staff state that the rationale for changing the remainder allocation from a 50/50 split to 60/40 was to more equitably distribute the levy proceeds to communities across King County. Staff state that smaller towns and cities would still receive an increase in annual levy distributions due to the increase in minimum annual allocation to \$100,000; staff state this would offset the impacts of changing the remainder allocation formula.

Council staff analysis on comparisons between the proposal and the current levy are ongoing.

Educational and Civic Venue Distributions. The Woodland Park Zoo and the Seattle Aquarium have both received distributions in past levies; the zoo in the past three levies, and the aquarium in the current levy. The 2026-2031 Parks Levy provides allocations to those venues, as well as new allocations to Friends of Waterfront Park and Memorial Stadium. Tables 14 and 15 below compare the allocations to the Woodland Park Zoo and the Seattle Aquarium as proposed and in the current levy.

Executive staff stated that additional specific use of the allocation includes community learning and engagement programs, family engagement programs, program-funded admissions and transportation for School to Zoo, volunteer engagement, education program registration and management, visitor research and program evaluation, empathy initiatives, creative services/signage, zoo keeper talks and tours (raptor program), website development and support, and information technology support of zoo programs.

Table 15. Seattle Aquarium Allocation Comparison

2020-2025 Current Levy		2026-2031 Proposed Levy
Dollar Amount Allocated	\$8 million	Up to \$15 million
Allowed Uses	Capital costs for the Ocean Pavilion project to amplify the aquarium's existing global conservation efforts.	Environmental education with an emphasis on accessibility to traditionally underserved areas and communities, including people with disabilities; Maintenance of buildings and grounds; Conservation of threatened species; and Development of conservation and education strategies to mitigate impacts to animals and habitats from climate change.

According to Executive staff, more specific uses of the Seattle Aquarium allocation include supporting school groups, offering free community tickets, discounts for seniors and tribal members, summer camps, scholarships, beach naturalist program, Cedar River salmon journey program, community science program, youth ocean advocates program, Community Day events, urban kelp research, microplastic research, and symposiums around species reintroduction, habitat restoration, and ocean policy.

New in the proposed levy are the following allocations:

- Up to \$9 million for distribution to Friends of Waterfront Park, which shall be used solely for: accessibility to traditionally underserved areas and communities, including people with disabilities; support for a clean and safe environment; free

arts, culture, wellness, and recreation programming to all visitors; and inclusive community partnerships; and

- Up to \$2.5 million for distribution to the Memorial Stadium project, which shall be used solely for capital costs. This project would be led by Seattle Public Schools and the City of Seattle for improvements to a multi-purpose venue for local and regional sports and events.

Administrative costs are set at 1% of the allocation which totals \$685,000 for educational and civic venues.

Oversight Board. Parks levy oversight committees were established to monitor the expenditures of the proceeds since the 2004-2007 Parks Levy, including in the current levy. Annual committee review has concluded that the County has complied with all levy requirements.

The structure and nomination process of the board has not changed from the current levy and is as follows:

- Nine members with each Councilmember nominating a candidate for the board who resides in the Councilmember's district no later than March 31, 2026.
- The Executive must appoint the candidate by May 31, 2026. If the Executive does not meet that deadline, the Executive must request that the Councilmember nominate another candidate by June 30, 2026.
- All members must be confirmed by the Council.
- Members may not be elected or appointed officials of any unit of government, however individuals serving in a civic capacity on a local board or commission are eligible.

Duties of the board include reviewing and reporting on the expenditure of levy proceeds in 2026 to the Executive, the Council, and the Regional Policy Committee by December 31, 2027, and then annually thereafter. The board expires on December 31, 2032.

Exemptions. As in the current levy, the proposed levy allows exemption for low-income senior citizens, disabled veterans, and other people with disabilities from the regular property tax increase on their residences if they have been approved for an exemption under RCW 84.36.381. Taxpayers who have combined disposable income of \$84,000 or less AND meet one of the following requirements as of December 31st of the year before the taxes are due would be exempt:

- At least 61 years of age or older;
- Retired from regular gainful employment due to a disability; or
- Veteran of the armed forces of the United States receiving compensation from the United States Department of Veterans Affairs at one of the following:
 - Combined service-connected evaluation rating of 80% or higher.
 - Total disability rating for a service-connected disability without regard to evaluation percent.

If members wish for processing costs for tax exemptions to be an eligible use of levy proceeds, the levy ordinance would need to be amended.

Initial Policy Issues. This section briefly summarizes key policy issues identified by Council Staff. Additional information on these topics can be found in the Analysis section of the staff report.

Levy Rate. The proposed initial levy rate of 24.43 cents per \$1,000 AV would represent an increase over the status quo rate, which would have been approximately 19.52 cents per \$1,000 AV if the current levy rate and limit factor were extended into 2026 and future years. In other words, if hypothetically, the current levy was extended into 2026 at a status quo calculation (applying the 2026 limit factor and assessed value assumptions to the 2025 levy collections), the effective rate for 2026 would have been 19.52 cents. The proposed initial levy rate for the 2026-2031 Parks Levy represents a policy choice for members.

Specificity in the Levy Ordinance. The Executive transmitted a proposed allocation plan, which gives detail on specific projects, programs, and funding amounts that are not included in the PO or its attachments. This level of specificity is not included in the legislation before the Council. As a result, the County could, at a later date, choose not to fund these projects or programs, or change the funding amounts. Depending on the level of specificity, these changes might not be immediately apparent in a budget ordinance.

Whether to amend the ordinance to adopt the allocation plan, introduce a companion motion to adopt the allocation plan, and/or to include additional specific allocations in the PO, is a policy choice for members to consider.

For the 2020-2025 Parks Levy, the Council adopted, simultaneous to levy ordinance adoption,⁶⁰ a companion motion⁶¹ that included the allocation plan.

Changes to Town/City/Park District Allocations. The PO would increase the minimum annual allocation for all towns and cities to \$100,000 from a population-based range of \$25,000 to \$75,000, adds certain parks districts to the list of recipients eligible for the minimum annual allocation, and changes the allocation of the remainder from a 50/50 split to 60% distributed in proportion to each town or city's population and 40% distributed in proportion to the assessed value of parcels within each town or city. Whether to approve these changes or maintain the allocations under the current levy is a policy choice for members.

New Educational and Civic Venue Funding Recipients. Increases to funding levels for the Woodland Park Zoo and the Seattle Aquarium, as well as adding new allocations to Friends of the Waterfront Park and Memorial Stadium, are policy choices for the members.

Grant Program Changes. The PO increases funding maximums (to varying degrees) for four existing grant programs, and eliminates one existing grant program, the Open Space - River Corridors Grant Program. These changes are a policy choice.

⁶⁰ Ordinance 18890.

⁶¹ Motion 15378.

For the PCOS, Aquatic Facilities, and Healthy Communities and Parks Grant Programs, guidance related to advisory committee structure, project selection criteria, and approval process would not be carried forward into the new levy. Executive staff state that they intend to set these processes internally for the current levy. Executive staff provided the following anticipated changes to the current process:

1. *Defining a consistent grant framework in terms of goals*
 - i. *Ordinance 19166 legislation uses terms interchangeably and inconsistently (goals, priorities).*
2. *Establishing consistent biennial grants cycles*
 - ii. *Reduce burden for applicants (extensive requirements to apply, contract, report, etc.).*
 - iii. *Allows for larger number of grant funds available within given request for application timeframe.*
3. *Establishing a streamlined grant approval process so that grantees can receive awards sooner*
 - iv. *Provide notification of the award to Council verses legislative approval (similar to Youth and Amateur Sports Grants).*
 - v. *The legislative process can take several months which impacts distribution of funds to grantees; grantees have provided feedback that this delay is an obstacle for their organizations to begin work on key parks and recreation projects. Currently, it can take anywhere from 6-8 months from application to receipt of funds.*

Whether to formally adopt committee structure, project selection criteria, and approval processes for these three grant programs, with or without changes, is a policy choice.

For the same three programs, changes are proposed to eligible entities and projects. These changes are a policy choice.

Overall Allocations. The PO would make changes to various allocations compared to the 2020-2025 Parks Levy. These allocations could be modified or other allocations could potentially be included by members. Depending on their nature, changes to allocations could potentially necessitate reductions or changes to the estimated amounts for the currently planned programming found in the allocation plan.

Attachments A and B. Attachment A (General Requirements for King County Parks Levy Grant Programs) and Attachment B (Open Space, Natural Lands, and Urban Green Space Acquisition Guidelines) specify processes and eligibility criteria for use of levy proceeds for grant programs and open space acquisitions. Because these processes and criteria would be part of the levy ordinance, the County would not be able to deviate from them in the future once approved by voters. Whether to adopt these guidelines as part of the ordinance or adopt them by companion motion (if one were introduced) is a policy choice.

ANSWERS TO COUNCILMEMBER QUESTIONS

1. Can you provide a detailed list of proposed investments?

This information is provided in Attachment 3 to this staff report.

2. Was the proposed increase in funding for grant programs due to the proposals not being able to meet demand?

According to Executive staff, yes, this was due to the proposals not being able to meet demand. The Parks Levy Oversight Board found that since 2022, the Communities and Parks Fund has received 404 applications requesting \$50.7 million. King County was only able to approve about a quarter of the requests, or 105 applications (\$6.53 million), due to limited funding availability. This led the Parks Levy Oversight Board to recommend an increase in total funding for this grant program in the next levy to meet current and future demand. Additionally, feedback through many of the engagement activities from partners, community advisory committee, the public, and the Parks Levy Oversight Board, identified that an increase in Parks grant programs would be beneficial. The Open Space - River Corridors Grant Program is not proposed to continue due to lack of demand.

3. What was the rationale for changing from 50%/50% to 60%/40% in the towns/cities allocation formula?

According to Executive staff, the adjusted formula for towns/cities (60%/40%) was changed to more equitably distribute the levy proceeds to communities across King County. Smaller towns and cities would still receive an increase in annual levy distributions by receiving a minimum of \$100,000/year, which would offset the impacts by changing the existing formula.

4. Please provide a breakdown of the actuals spent in each category of the current parks levy over the 2020-2025 period, shown side-by-side with proposed allocation plan?

This information is provided in Table 4 of this staff report.

5. For each area of the allocation plan where it is possible, can you provide what portion of the increase is inflation, what is the result of new projects, etc.?

This information is provided in Attachment 4 to this staff report.

6. How does the fish passage work align with the scoping motion? How much more will there be to do if the work funded under the levy is all completed?

According to Executive staff, the fish passage projects proposed in the 2026-2031 Levy are consistent with the Motion 15328 Report. Between 2022-2024, Parks completed eight projects that remedied ten fish passage barriers. The 2026-2031

Levy proposal provides funding for eight additional projects, with further fish passage projects needing completion after 2031.

Since the 2021 Report, the Countywide Fish Passage Restoration Program has generated a capital work plan that targets fish passage work at County-owned barriers prioritized based on benefits for salmon and kokanee. Moving past 2031, Parks plans to continue to remedy Parks' barriers that block salmon access to meaningful upstream habitat (which is represented by about 50 known barriers on Parks-owned parcels).

7. Can you provide a breakdown of non-Parks Levy funding for the Skyway community center, whether the project is fully funded, and when completion is expected?

According to Executive staff, the total estimated planning level cost for the community center is \$40 million:

- Existing funding: \$8 million (from 2021-2022 King County budget)
- Proposed 2026-2031 levy funding: \$13 million
- REET 2 funding: \$19 million (may include some level of debt financing)

The estimated completion and opening year is 2030. Budget requests for this project would follow standard review and approval processes.

8. Can you provide the details of any cricket-specific investments planned?

According to Executive staff, the \$3M *Ballfield and Sports Courts (new facilities)* line item under "New Park Development Improvements" heading is intended to provide funding to develop new facilities in our existing parks. Specific projects have not yet been identified for this line item, as a community engagement process would be used to inform projects. Facilities to support recreational cricket could be funded using this line item.

Additionally, South County Ballfields would be converted to multi-use artificial turf fields. An assessment will be done to determine what types of uses would be beneficial to have at these fields (i.e. lacrosse, cricket, soccer, etc.).

SCHEDULE AND NEXT STEPS

The proposed levy was transmitted to Council on February 11, 2025, and has been dually referred first to the Budget and Fiscal Management Committee and second to the Regional Policy Committee.

The following are key full Council meeting deadlines⁶² to place this measure on the August 5, 2025, ballot:

- Last regular Council meeting assuming maximum processing time: April 1, 2025.
- Last regular Council meeting assuming minimum processing time (requires Executive to sign on same day): April 22, 2025.
- Last special Council meeting to pass the ordinance as an emergency: May 2, 2025.
- Deadline for King County Elections to receive effective ordinance: May 2, 2025.

The Budget and Fiscal Management Committee received an initial briefing from Executive staff at its February 12, 2025 meeting, and it will receive its first briefing from Council staff today at its February 26, 2025, meeting.

The Budget and Fiscal Management Committee is expected to consider the legislation and take possible action at its next regular meeting on March 12, 2025. The legislation may be heard at the next regular Regional Policy Committee meeting on March 12, 2025. Following action by the Budget and Fiscal Management Committee and Regional Policy Committee, the legislation would then go to Full Council for final approval.

1 AN ORDINANCE providing for the submission to the
2 qualified electors of King County at a special election to be
3 held in King County on August 5, 2025, of a proposition
4 authorizing a property tax levy in excess of the levy
5 limitation contained in chapter 84.55 RCW for a period of
6 six consecutive years, at a total rate of not more than
7 \$0.2443 per one thousand dollars of assessed valuation in
8 the first year and limiting annual levy increases by the King
9 County inflation plus population index published by the
10 King County office of economic and financial analysis, or
11 the chapter 84.55 RCW limitation, whichever is greater in
12 years two through six for the purpose of maintaining and
13 operating King County's open space system; improving
14 parks, recreation, access and mobility in the King County
15 open space system by acquiring lands and continuing to
16 develop regional trails; improving parks and trails in and
17 acquiring lands by metropolitan parks districts, towns and
18 cities in King County; funding environmental education,
19 maintenance and conservation programs at the Woodland
20 Park Zoo; funding environmental education, maintenance

21 and conservation programs at the Seattle Aquarium;
22 funding development, maintenance, and programming for
23 Seattle Waterfront park; and funding for capital
24 improvements at publicly owned pools, for all King County
25 residents.

26 **STATEMENT OF FACTS:**

27 1. King County owns and operates a system of regional and local parks
28 and trails that consists of thirty-two thousand acres of parklands and more
29 than one hundred eighty-five miles of regional trails. The county provides
30 regional trails, regional recreational facilities, regional natural areas,
31 regional parks, and local parks in unincorporated areas. Examples of
32 regional and local county parks and trails include Marymoor park, Cougar
33 Mountain Regional Wildland park, Steve Cox Memorial park, Dick
34 Thurnau Memorial park, the Weyerhaeuser King County Aquatic Center,
35 and the Sammamish River trail.

36 2. Parks, natural areas, and trails contribute to a high quality of life. A
37 robust system of parks and trails provides: physical, social, and mental
38 health benefits to individuals; economic opportunity through recreation
39 and tourism; economic growth for private businesses that must attract and
40 retain skilled workers; increased climate resilience; environmental benefits
41 like clean water and healthy habitat and cultural resource protection
42 through open space conservation. King County's open space system
43 provides all these benefits to King County residents and businesses.

44 3. The 2002 Parks Business Transition Plan, adopted by the King County
45 council and enacted by Ordinance 14509, became the blueprint for
46 establishing the regional open space system we have today. Building on
47 that blueprint, the county has adopted open space plans, which have
48 provided the framework guiding King County in the acquisition, planning,
49 development, stewardship, maintenance, and management of its complex
50 system of parks, regional trails, and acres of open space. The latest open
51 space plan was updated in 2022 and adopted by Ordinance 19501.

52 4. In implementing the open space plan, the parks and recreation division
53 of the department of natural resources and parks has successfully focused
54 its lines of business on regional parks and trails, backcountry trails, natural
55 lands, and local parks in unincorporated King County and has
56 implemented business practices that generate revenue from park system
57 assets by implementing or increasing user fees and establishing corporate
58 and community partnerships that enhance park amenities and leverage
59 public and private dollars to improve parks and increase access to parks.

60 5. Consistent with the recommendations of past parks-related task forces
61 and community advisory committees, the county has sought voter-
62 approved levies on four prior occasions: in 2003, enacted by Ordinance
63 14586, to provide maintenance and operating funding for the parks and
64 recreation division for 2004 through 2007; in 2007, enacted by Ordinance
65 15759, to provide funding for maintenance and operations as well as
66 funding for open space acquisition, regional trail development, the

67 Woodland Park Zoo and for King County towns and cities for use in their
68 open space acquisition and trail projects for 2008 through 2013; in 2013,
69 enacted by Ordinance 17568, to provide funding for maintenance and
70 operations as well as for open space acquisition, asset maintenance and
71 improvement, parks and trails projects, the Woodland Park Zoo and for
72 King County towns and cities to use for their parks and recreation for
73 2014 through 2019; and in 2019, enacted by Ordinance 18890, to provide
74 funding for maintenance and operations as well as for open space
75 acquisition, asset maintenance and improvement, parks and trails projects,
76 the Woodland Park Zoo, the Seattle Aquarium, aquatic facilities, and for
77 King County towns and cities to use for their parks and recreation for
78 2020 through 2025. Voters approved the funding measures on all four
79 occasions that they were on the ballot. The voter-approved levies have
80 helped keep the open space system clean, safe, and open.

81 6. Tribal nations are co-managers with the county in managing our shared
82 public lands, waters, and resources. The county recognizes that this
83 relationship is informed and guided by the treaty rights which many tribes
84 exercise within King County. The department of natural resources and
85 parks has undertaken many actions with tribes as comanagers in an effort
86 to foster mutual respect, and establish regular and meaningful
87 communication, cooperation, and consultation with tribal officials in
88 developing and executing state and King County policies that have tribal
89 implications. The county has an ongoing goal to strengthen the

90 government-to-government relationship with tribes that share territory
91 with and have interests in King County

92 7. The 2020 through 2025 voter-approved parks, trails, and open space
93 replacement levy provides approximately eighty-five percent of the
94 operating budget of the parks and recreation division, with approximately
95 fifteen percent generated through business activities and entrepreneurial
96 efforts. King County general fund support to the parks and recreation
97 division was eliminated as of 2011.

98 8. The community partnerships and grants program enacted by Ordinance
99 14509 enhances parks amenities by partnering with parks and recreation
100 organizations. Since the inception of the community partnership and grant
101 program in 2003, more than seventy projects representing more than
102 seventy million dollars' worth of new, enhanced, or preserved public
103 recreation facilities have been completed, with only twenty-two million
104 dollars of King County capital investment.

105 9. The Woodland Park Zoo received distributions from the past three
106 voter-approved levies to supplement zoo operating revenue for education
107 and conservation programs, horticulture and maintenance, and capital
108 improvements. Levy proceeds distributed to the zoo provided
109 environmental education, programming and transportation focusing on
110 accessibility for underserved areas, supported thousands of students-
111 annually, and benefitted residents throughout King County. Levy

112 proceeds also provided conservation and animal care for threatened
113 Pacific Northwest species.

114 10. The Seattle Aquarium received distributions from the past voter-
115 approved levy for capital costs for the Ocean Pavilion project to amplify
116 the aquarium's existing global conservation efforts by bringing visitors
117 face-to-face with tropical species native to the Coral Triangle and by
118 housing approximately three thousand five hundred sustainably sourced
119 tropical fish and invertebrates, including rays, sharks, mangroves, and up
120 to 30 species of coral.

121 11. The removal of the Alaskan Way Viaduct provided an unprecedented
122 opportunity to create new green space in the heart of Seattle. The
123 resulting waterfront park is a twenty-acre public space stretching from
124 Belltown to Pioneer Square, providing the entire region lasting economic,
125 social, and environmental benefits. Seattle Waterfront park will link
126 iconic attractions including Olympic Sculpture park, Pike Place Market,
127 the Seattle Aquarium, the Colman Dock ferry terminal, Pioneer Square,
128 stadiums, and surrounding neighborhoods.

129 12. The Memorial Stadium project will create an innovative multi-
130 purpose student and community events facility at Seattle Center. That
131 transformative project will be led by Seattle Public Schools and the city of
132 Seattle, providing an improved venue for local and regional sports and
133 events.

134 13. King County towns and cities received funding from the past three
135 voter-approved levies. In 2008 through 2013, towns and cities could use
136 levy proceeds for open space and natural lands acquisition and
137 development of town or city trail projects that supported connections to
138 the regional trail system with distributions being contingent upon an equal
139 or greater contribution of matching moneys from the recipient town or city
140 for the same project. In the 2014 through 2019 and the 2020 through 2025
141 levies, types of uses for the distribution to King County towns and cities
142 were broadened to provide flexibility and better meet the parks and
143 recreation needs of cities.

144 14. Parks levy oversight committees were established to monitor the
145 expenditures of the proceeds from the 2004 through 2007, 2008 through
146 2013, 2014 through 2019, and 2020 through 2025 levies. Annual
147 committee review has concluded that the county has complied with all
148 levy requirements.

149 15. During the 2008 through 2013, 2014 through 2019, and 2020 through
150 2025 levy periods, the process for developing, reviewing, and
151 recommending potential conservation futures tax and parks levy
152 acquisition projects has maximized acquisitions for open space, natural
153 lands, and regional trail rights of way due to the similar objectives for the
154 conservation futures tax and parks levy acquisition programs. Parks levy
155 open space funding distributed to King County is a critical component of
156 match for county applications for conservation futures tax funding. The

157 process for conservation futures tax outlined in K.C.C. 26.12.010
158 maintains transparency, accessibility, and consistency of the distribution
159 of conservation futures tax and parks levy acquisition funds for the public,
160 stakeholder groups, government agencies, and officials.

161 16. King County is growing rapidly as a region. In 2024, King County's
162 population increased by more than thirty thousand people; over the next
163 ten years, the county is expected to grow by another two hundred fifty
164 thousand people. Recent trend reports indicate that participation in
165 outdoor recreation continues to grow, increasing by more than four
166 percent nation-wide in 2023. More and more people are using King
167 County parks and trails, which puts greater pressure on the system. As
168 development increases to accommodate population growth, the risk of
169 losing natural lands and green spaces throughout the county grows. Those
170 valuable lands contribute to King County residents' high quality of life.
171 The cost of land to accommodate this growth and preserve open spaces is
172 also increasing. Today is the opportune time to address future needs of
173 residents by investing in our parks and trails and accelerating conservation
174 of open space.

175 17. In King County, many communities have experienced a history of
176 inequitable and limited regional investments in parks, recreation, and open
177 space, limiting the ability of residents to lead healthy lives.
178 Approximately five hundred thousand King County residents live without
179 ready access to, parks, recreation, and open spaces. There is a need to

180 address disparities in access to parks, recreation, and open space for
181 traditionally underserved areas and communities, including people with
182 disabilities. This proposal provides an opportunity to address parks and
183 recreation needs of these traditionally underserved areas and communities,
184 including people with disabilities.

185 18. Recognizing growth in population, increased use of parks and trails
186 and the need to address disparities to prepare the 2026 through 2031 levy,
187 the parks and recreation division conducted outreach to obtain feedback on
188 the current park system and future parks and recreation needs for all King
189 County residents. In March and April 2024, parks and recreation division
190 staff conducted twenty-one in-person and virtual community engagement
191 events and hosted two online surveys across eight languages. Participants
192 represented all geographic areas of the county including towns and cities,
193 business, recreation, community, and environmental interests. More than
194 four thousand eight hundred people across all nine King County Council
195 districts participated in the surveys. Parks and recreation division staff also
196 met with towns and cities, parks districts, and key partners to receive
197 additional feedback about the levy.

198 19. Feedback from engagement events, online surveys, and meetings
199 showed support for the King County open space system and defined
200 measures of success. Four themes emerged as top priorities: safety and
201 belonging; new parks, trails, recreation, and infrastructure; equity,
202 representation, inclusion, and access; and maintenance, repairs, and

203 staffing. Feedback supported funding for King County towns' and cities'
204 parks and recreation programs; expansion of the regional trails system;
205 and natural lands conservation.

206 20. From January through July 2024, parks and recreation division staff
207 convened a Community Advisory Committee tasked with recommending
208 how to preserve King County's system of parks, trails, and open space
209 after the 2019 through 2025 levy expires. The Community Advisory
210 Committee also advised staff about how best to meet the growing parks
211 and recreation needs in King County and the region. Representing King
212 County Boards, cities, non-profit organizations, community and
213 environmental interests, businesses, and sports, the Community Advisory
214 Committee met nine times to provide guidance on developing the 2026
215 through 2031 levy.

216 21. The King County executive took into consideration information
217 obtained from this engagement, the region's growing population, increased
218 use of parks and trails across King County, and the lack of parks,
219 recreation, and open space in some communities, and has put forth this
220 proposal that acknowledges the changing landscape and the need to grow
221 the open space system to keep up with regional demand. This proposal is
222 also consistent with the goals and priorities of past levy task forces.

223 22. This proposal would exempt low-income senior citizens, disabled
224 veterans, and other people with disabilities from the regular property tax
225 increase on their residences resulting from a levy authorized by this

226 ordinance if they have been approved for an exemption under RCW
227 84.36.381.

325 c. Capital improvement projects and major maintenance repair or replacement
326 of open space system infrastructure;

327 d. Community partnerships and grants program; and

328 e. Weyerhaeuser King County Aquatic Center;

329 3. Nine percent of levy proceeds for distribution to towns, cities, and parks
330 districts in King County for their town or city parks system operations and capital
331 improvement projects, of which amount:

332 a. One-hundred thousand dollars shall be distributed annually to each town,
333 city, and the following parks districts that predominantly serve unincorporated King
334 County: Fall City Metropolitan Park District, Si View Metropolitan Park District, and
335 Vashon Park District; and

336 b. Of the remainder, sixty percent shall be distributed in proportion to each
337 town or city's population and forty percent shall be distributed in proportion to the
338 assessed value of parcels within each town or city;

339 4. Of the levy proceeds in subsections B., C., D., E.2.d., and E.3. of this section,
340 a portion shall be retained by the county to be used for expenditures related to
341 administration of the distribution of levy proceeds. Eligible administrative expenditures
342 shall include all costs and charges to the parks and recreation division or the county
343 associated with or attributable to the purposes listed in subsections B., C., D., E.2.d., and
344 E.3. of this section as well as sections 6 and 7 of this ordinance.

345 SECTION 5. Call for special election. In accordance with RCW 29A.04.321,
346 the King County council hereby calls for a special election to be held in conjunction with
347 the primary election on August 5, 2025, to consider a proposition authorizing a regular
348 property tax levy for the purposes described in this ordinance. The King County director
349 of elections shall cause notice to be given of this ordinance in accordance with the state
350 constitution and general law and to submit to the qualified electors of the county, at the
351 said special county election, the proposition hereinafter set forth. The clerk of the council
352 shall certify that proposition to the King County director of elections in substantially the
353 following form, with such additions, deletions or modifications as may be required for
354 the proposition listed below by the prosecuting attorney:

355 King County

356 Proposition No. 1

357 Parks, Recreation, Trails, and Open Space Levy

358 The King County council passed Ordinance _____ concerning
359 replacement of an expiring parks levy. If approved, this proposition
360 would fund county, city, park district, and town parks; open space, trails,
361 recreation, public pools, and educational and civic venues. It would

362 reauthorize an additional six-year property tax beginning in 2026 at
363 \$0.2443 per \$1,000 of assessed valuation, use the 2026 levy amount to
364 compute annual increases in 2027-2031 by the King County inflation plus
365 population index or the chapter 84.55 RCW limitation, whichever is
366 greater, exempting qualifying seniors, veterans, and disabled persons per
367 RCW 84.36.381. Should this proposition be:

368 Approved? _

369 Rejected? _

370 **SECTION 6. Distributions.** Each distribution of levy proceeds to a King County
371 town or city, park district, the Woodland Park Zoological Society or its successor, the
372 Seattle Aquarium or its successor, the Seattle Waterfront park, and Memorial Stadium
373 project partners or their successor for the eligible purposes identified in section 4 of this
374 ordinance shall be subject to the execution of a contract between the county and each
375 entity for the same purposes. Distribution of levy proceeds shall be subject to the
376 execution of a contract for: publicly owned pool capital improvement projects, major
377 maintenance repair, replacement projects or aquatics programming; capital improvement
378 projects and major maintenance repair or replacement projects to parks or recreation
379 infrastructure in metropolitan park districts, towns or cities; and acquisition, conservation
380 and stewardship of additional natural areas, resource or ecological lands, rights of way
381 for regional trails and urban green spaces. General requirements for levy grant programs
382 are included in Attachment A to this ordinance. Distribution of levy proceeds to King
383 County for open space acquisition purposes shall be in accordance with the annual
384 conservation futures tax process for the development, review and recommendation to the

385 King County council as set for in the open space and natural lands acquisition process,
386 which is included in Attachment B to this ordinance.

387 **SECTION 7. Parks levy oversight board established.**

388 A. If the proposition in section 5 of this ordinance is approved by the qualified
389 electors of King County, a parks levy oversight board shall be appointed by the
390 executive. The board shall consist of nine members. Each councilmember shall
391 nominate a candidate for the board who resides in the councilmember's district no later
392 than March 31, 2026. If the executive does not appoint by May 31, 2026, the person
393 nominated by a councilmember, the executive must request that the councilmember
394 should by June 30, 2026, nominate another candidate for appointment. Members shall be
395 confirmed by the council. Members may not be elected or appointed officials of any unit
396 of government, except that individuals serving in a civic capacity on a local board or
397 commission would be eligible to serve on the parks levy oversight board.

398 B. The board shall review the allocation of levy proceeds and progress on
399 achieving the purposes of this proposition. On or before December 31, 2027, the board
400 shall review and report to the King County executive, the King County council and the
401 regional policy committee on the expenditure of levy proceeds for 2026. Thereafter, the
402 board shall review and report to the King County executive, the King County council and
403 the regional policy committee annually. Any report to the King County council under
404 this section shall be made in the form of a paper original and an electronic copy with the
405 clerk of the council, who shall retain the original and provide an electronic copy to all
406 councilmembers. The board expires December 31, 2032.

407 **SECTION 8. Exemption.** The additional regular property taxes authorized by
408 this ordinance shall be included in any real property tax exemption authorized by RCW
409 84.36.381.

410 **SECTION 9. Ratification.** Certification of the proposition by the clerk of the
411 King County council to the director of elections in accordance with law before the
412 election on August 5, 2025, and any other acts consistent with the authority and before
413 the effective date of this ordinance are hereby ratified and confirmed.

414 **SECTION 10. Severability.** If any provision of this ordinance or its application

415 o any person or circumstance is held invalid, the remainder of the ordinance or the
416 application of the provision to other persons or circumstances is not affected.

KING COUNTY COUNCIL
KING COUNTY, WASHINGTON

Attachments: A. General Requirements for King County Parks Levy Grant Programs Open Space, Natural Lands, and Urban Green Space Acquisition Guidelines, B. Open Space, Natural Lands, and Urban Green Space Acquisition Guidelines

General Requirements for King County Parks Levy Grant Programs

Any project funded by parks levy proceeds must allow for regular public access. To receive parks levy funds for eligible projects, the eligible entities will be required to enter into contracts with King County.

1. Parks Capital and Open Space Grant Program Guidelines

Purpose

This provides guidelines for the use of parks levy proceeds for the parks capital and open space grant program to:

1. Develop new and/or improve existing parks, trails, open space, and recreation facilities; and/or
2. Acquire park land.

Eligible Entities

1. King County cities and towns;
2. Metropolitan park districts geographically located in King County; and/or
3. Public entities that serve unincorporated King County.

Eligible Projects

Parks levy funding received for capital projects to develop new and/or improve existing parks, trails, open space, and recreation facilities are for the following purposes:

1. Feasibility study;
2. Planning and design; and/or
3. Construction.

Lands acquired using parks levy funding are for the following purposes:

1. Active recreational uses (e.g., athletic fields, sports courts, ballfield turf projects, etc.);
 2. Passive recreational uses (e.g., hiking, mountain biking, birdwatching, etc.);
 3. Local trails; and/or
 4. Open space lands, except if the land is primarily in agricultural use. Agriculture can be one of multiple uses allowed on lands funded by parks levy proceeds (e.g., community garden, p-patch), as long as the primary use allows public recreation and access.
-

2. Aquatic Facilities Grant Program Guidelines

Purpose

This provides guidelines for the use of parks levy proceeds for the aquatic facilities grant program, which provides funding opportunities to develop new and/or improve existing aquatic facilities in King County.

Eligible Entities

1. King County towns and cities;
2. Metropolitan park districts;
3. Public Schools districts;
4. Nonprofits that operate public aquatic facilities; and/or

5. Other public entities that own public aquatic facilities.

Eligible Projects

Parks levy funding received by eligible entities to develop new and/or improve existing aquatics facilities are for the following purposes:

1. Land acquisition;
 2. Feasibility study;
 3. Planning and design; and/or
 4. Construction.
-

3. Healthy Communities and Parks Fund Program Guidelines

Purpose

This provides guidelines for the use of parks levy proceeds for the Healthy Communities and Parks Fund grant program, which provides funding opportunities to increase access to and use of parks, open space and public recreation facilities in traditionally underserved areas and communities, as well as to build internal capacities of community-based partners who provide recreation to these areas and communities.

Funding is for the following purposes:

1. Develop new and/or improve existing parks, trails, and recreation facilities; and/or
2. Provide programs focusing on recreation, sports, play, and physical activity.

Eligible Entities

1. Non-profit organizations;
2. Small or emerging community organizations without a 501c3 status, through a partnership with a fiscal agent;
3. Tribes or tribal organizations serving residents of King County;
4. King County towns and cities; and/or
5. Metropolitan park districts.

Eligible Projects

Parks levy funding received by eligible entities to develop new and/or improve existing parks, trails, and recreation facilities are for the following purposes:

1. Land acquisition;
2. Feasibility study;
3. Planning and design; and/or
4. Construction.

Parks levy funding received by eligible entities to provide programs are to be focused on recreational programming (e.g., swim programs, youth sports leagues, etc.).

Open Space, Natural Lands, and Urban Green Space Acquisition Guidelines

The overall approach for funding allocation and coordination with the Conservation Futures Tax (CFT) program for the acquisition of open space and natural lands through the countywide parks levy is as follows:

1. Early each calendar year, the Department of Natural Resources and Parks (DNRP) will set a proposed allocation for open space from levy funds for the following fiscal year.
2. Staff will generate proposals for the use of these funds, taking into account opportunities to leverage resources with funding from Conservation Futures, as well as from other local, state, and federal funding sources.
3. An overall proposal allocating the open space funds to specific projects will be developed and discussed with the Conservation Futures Advisory Committee (CFAC) that is responsible for developing CFT funding recommendations. These discussions are expected to occur in the spring, the same timeframe during which the CFAC annually reviews CFT project proposals. This will create an opportunity for the CFAC to provide an advisory recommendation regarding allocation of these parks levy funds.
4. Taking the CFAC's recommendations into account, DNRP will develop a proposed budget for these parks levy funds.
5. The DNRP proposed budget for parks levy funding will be reviewed by the County Executive, and ultimately County Council, as part of the overall budget process for the following year.

1. As authorized by RCW 84.36.381.

2. New levy investment that support accessibility for traditionally underserved areas and communities, including people with disabilities; maintenance and operations of facilities and grounds; offering free arts, culture, wellness, and recreation programming to all visitors; and inclusive community partnerships.

3. This allocation will fund the renovation of the Memorial Stadium at Seattle Center. This transformative project will be led by Seattle Public Schools and the City of Seattle, providing an improved multi-purpose venue for local and regional sports and events.

4. Of this allocation, 93% funds the day-to-day operational needs to maintain the park system (personnel, supplies, services, fleet, equipment, administrative costs, etc.). \$2.4M shall be allocated for the King County Fair, Washington State University 4-H Program, and King County Search and Rescue operations. Additional funding to be allocated for critical programs and services to manage the growing parks system and enhance safety and belonging for park users. These programs include the expansion of the service level agreement with King County Sheriff's Office to fund the Parks Patrol Program; the expansion of the Parks Safety Program for ongoing implementation of safety related elements within the park system, i.e., regulatory compliance and trainings for onsite staff; and expansion of the Youth Conservation Corps summer internship program.

New investments include:

- Funding for the continuity of the Jobs and Housing Program due to sunseting of the Coronavirus Local Fiscal Recovery (CLFR) funding in 2024.
- Funding for the enforcement of Parks Land Use Guidelines on park lands and regional trail segments to protect capital investments, open space acquisitions, and new properties and easements in support of environmental preservation.
- Funding to support work with Tribes, indigenous organizations, and historic preservation organizations to strengthen government-to-government relationships, and improve conservation and recreational planning.

5. The Fish Passage Program is expected to be supplemented with Real Estate Excise Tax (REET) funding.

6. Climate resilience investments will support Parks' forest stewardship program and projects; potential stormwater park pilot projects; and establish a climate response fund intended to support community response projects and programming as identified.

7. Environmental stewardship investments will support early actions to safeguard sites for public use following acquisition; structure demolitions to deliver full ecological and recreation benefits; improvements to existing maintenance facilities and acquisitions; natural resource and site management planning; multi-benefit river corridor projects; and landscaping/restoration/mitigation site monitoring and maintenance.

8. This allocation provides funding for Regional and Other Public Trails System including:

- Construction of two additional segments of Lake to Sound Trail and the completion of the design to connect Lake to Sound Trail to SeaTac Airport.
- Construction of two additional segments of Eastrail, an Eastrail connection to Coulon Park, paves Central Wilburton segment, and completes design on Eastrail to Lake to Sound Trail connection.
- Construction of the Green River Trail North to Seattle.
- Complete full rehabilitation of the Interurban Trail South.
- Construction of Soos Creek Trail Segment 5a and planning for future Soos Creek Trail segments.

Parks Levy Renewal Proposed Allocation Plan (2026-2031)

9. Of this allocation, \$18M will fund a combination of planning, acquisitions, and preliminary design for potential future trail segments and connections including, but not limited to, Green River Trail, Preston-Snoqualmie Trail, Soos Creek Trail, Cedar River Trail, Green to Cedar Trail, and Snoqualmie Valley Trail.

\$20M of this funding will be used for emergent needs on the regional trail system including, but not limited to, surface improvements, lighting, access control improvements, and intersection improvements.

10. Capital major maintenance programs keep parks clean, safe, and open and include, but are not limited to: rehabilitation of play areas, park buildings, existing synthetic turf fields, pools, docks, ballfields, sports courts, backcountry trails, drainage infrastructure, restrooms, picnic shelters, signage, as well as coordination with other agencies who have infrastructure on parks property (e.g., Sound Transit, WSDOT). A portion of this funding is also intended to respond to emergent projects identified by Park users associated with existing facilities. These programs are expected supplemented with Real Estate Excise Tax (REET) funding.

11. Funding for new park development and improvements includes Skyway Park Community Center that will support design, construction, and initial operational costs. Additional funding for construction (approximately \$20M) will be needed and is expected to be funded with a combination of Real Estate Excise Tax (REET) and bond financing. Funding allocated for Natural Grass to Synthetic Turf Field Conversion is for design and construction at South County Ballfields in Federal Way.

12. This program keeps the existing regional trail system clean, safe, and open and includes, but is not limited to, repair/replacement of bridges and trestles, trail surface repairs/rehabilitation, safety updates, repairs to meet current guidelines and standards, and landscaping/mitigation maintenance and monitoring.

13. This allocation will fund rehabilitation of infrastructure and facilities throughout Marymoor Park to keep the park clean, safe, and open. It also includes funding for improvements to address growing user demand including, but not limited to, signage, utilities, pedestrian facilities, buildings, roadways, velodrome rehabilitation, and concert venue updates. This program is expected to be supplemented with Real Estate Excise Tax (REET) funding.

- Ring Hill Forest
- Taylor Mountain Forest
- Rattlesnake Mountain Scenic Area
- North Green River Park (Titus Pit)
- Glendale Forest
- Union Hill Forest
- Auburn Narrows Natural Area

Drainage infrastructure rehabilitation (\$12M)

- Rehabilitation and/or replacement of non-fish bearing drainage culverts at:
 - Skyway Park
 - Black Diamond Open Space
 - Five Mile Lake

- Maury Island Marine Park
- Additional projects to be identified by future condition assessment and emergent needs

Other agency projects (\$8M)

Other public agencies frequently construct and/or impact assets on parks property. The funds in this program would be used for coordination and collaboration with these other agencies on projects that affect parks property. Some examples of current projects where King County Parks is working with other agencies include:

- Sound Transit: Downtown Redmond Light Rail Extension project which affects and connects directly to Marymoor Park
- WSDOT Projects including:
- I-405, SR 522 Vicinity to SR 527 Express Toll Lanes Improvement Project which involves building two bridges over the West Sammamish River Trail near Bothell and reconstructing the trail.
- State Route 18 Widening project which involves project elements and impacts affecting Taylor Mountain Natural Area and Preston Mill Park.
- City of Kenmore: State Route 522 Cat Whisker Creek Fish Passage project which affects the Burke Gilman Trail in the City of Kenmore.
- King County Water and Land Resources Division: Lower Frew Levee Setback Project which is located in and affects Tolt MacDonald Park and the Snoqualmie Valley Trail.
- King County Road Services Division: Replacement of the Boise X Connection Bridge #3055A which affects the Foothills Trail.

ADA and Accessibility Rehabilitation (\$12M)

Projects to be identified by the ADA Self-Evaluation and Transition Plan currently in-progress

Regional Trails Rehabilitation (\$55M)

- Bridge and Trestle Rehabilitation and Replacement Projects
 - Cedar River Trail (Bridge 2266-5)
 - Sammamish River Trail Site (2156-8)
 - Soos Creek Park And Trail (2250-5)
 - Snoqualmie Valley Trail Site (Boxley Bridge 2178-45)
 - Preston Snoqualmie Trail #3 (2277-2)
- Countywide on-going Trail Rehabilitation programs
 - pavement restriping program
 - access control repairs and replacement
 - pavement repair, overlay, and root barrier
- Countywide intersection lighting program at priority locations for safety
- Site Management Plan development
 - Burke Gilman Trail
 - Sammamish River Trail
- Additional projects to be identified by emergent needs

Marymoor Park Rehabilitation (\$16M)

Updates to critical infrastructure are including, but not limited to,

- Improved wayfinding signage
- Utilities including water, sewer, electrical, fiber
- Pedestrian facilities including dedicated pathways and safe roadway crossings
- Roadway including rehabilitation and safety improvements for traffic flow and parking
- Velodrome rehabilitation
- Concert venue improvements and updates
- Restrooms improvements
- Building rehabilitation (may also be funded partially from the Building system rehabilitation program)

Sunset Park Renovation and Repair (\$4M)

The exact updates are still to be determined as part of a public engagement process, but may include, restroom renovation, parking improvements, court and field improvements, adding additional amenities such as play area.

New Park Development and Improvements (\$51M)

Dog Parks (\$3M)

- North Shorewood Park
- Lake Geneva Park
- Skyway Park (if it aligns with the Community Center plan)

Lakeland Park North (\$10M)

Design and construction of a 20-acre nature park at Lakeland North Urban Park between Auburn and Federal Way including trails, nature-based play area, shelter, restroom and parking.

Skyway Park Planning and Community Center (\$13M)

Total estimated Planning Level Project Cost (i.e., includes design, permitting, construction) for the community center is \$40M. The funding plan is as follows.

Existing Funding (approximately):	\$ 8 M (from 2021/2022 King County Budget)
Proposed 2026-2031 Levy Funds:	\$13 M
<u>REET 2 funding:</u>	<u>\$19 M</u> (may include some level of debt financing)
Total:	\$40 M

Backcountry Trails (new trails) (\$3M)

New trails may be created at the sites listed above under Major Maintenance and would also be created at future sites to be acquired.

Ballfield and Sports Courts (new facilities) (\$3M)

Potential projects may include:

- Adding pickleball courts at existing parks
- Adding recreational cricket facilities at existing parks
- Adding light to existing courts or fields

Natural Grass to Synthetic Turf Field Conversion (\$19M)

South County Ballfields

Regional and Other Public Trails System (\$179M)

Eastrail (\$65M)

- I-90 Steel Bridge Crossing (Bellevue): Design and Construct
- Central Wilburton Paving (Bellevue): Design and Construct
- 124th to 145th Interim Trail (Woodinville): Design and Construct
- Coulon Park North Entrance to South Entrance (Renton): Design and Construct
- Coulon Park North Entrance to Mile Post 5 (Renton/Bellevue): Design and Construct
- Mile Post 5 to Ripley Lane (Renton/Bellevue): Design to be shovel ready for 2032

Lake to Sound Trail (\$55M)

- Segment D: Design and construct (1.67 miles in Renton)
- Segment E: Design and construct (0.68 miles in Renton)
- Segment F1: Design and construct (0.93 miles in Tukwila)
- Segment F2: Design be shovel ready for 2032 (1.68 Tukwila to SeaTac)
- Segment G: Design to be shovel ready for 2032 (connects Lake to Sound to Eastrail at Coulon)

Green River Trail Extension - North (\$6M)

Establishes a safe and continuous trail north from Cecil Moses Park in Tukwila along West Marginal Place South to the Seattle City limits.

Interurban Trail South investments (\$8M)

Funding completes the major rehabilitation of entire corridor.

Soos Creek Trail (\$7M)

- Construct Segment 5A of Soos Creek Trail at the north end of Lake Youngs.
- Begins planning and design for future trail connections (Soos Creek – Lake Meridian – Jenkins Creek)

Other New Regional Trails (\$38M)

- Planning and preliminary design for future trail connections Green River Trail, Preston-Snoqualmie Trail, Soos Creek Trail, Cedar River Trail, Green to Cedar Trail, and Snoqualmie Valley Trail.
- Emergent needs on the regional trail system including, but not limited to, surface improvements, lighting, access control improvements, and intersection improvements. This is also where improvements for extended trail hours could be funded from if it moves forward.

King County Parks Levy Proposal - For each area of the allocation plan where it is possible, can you provide what portion of the increase is inflation, what is the result of new projects, etc.?

Question #32. For each area of the allocation plan where it is possible, can you provide what portion of the increase is inflation, what is the result of new projects, etc.?

During the current levy period, Parks has faced inflationary cost increases to both operating and capital budgets. The proposed Parks levy renewal intends to balance those future inflationary increases while allocating funds to projects and programs with community benefit.

The table below outlines the categories of the proposed allocation plan and shows the allocation amounts under three scenarios; the levy allocations under the adopted rate, the levy allocations under the current rate, and the levy allocations under the proposed rate. Additional information about the increased distributions is included for key categories.

Weyerhaeuser King County Aquatic Center (KCAC) - KCAC is a 35 year old facility with end of lifecycle repairs, replacements, and deferred maintenance needs that are significant for Lights On, Doors Open. KCAC is also a revenue generating facility that contributes to Parks business revenue targets. Over the course of the current levy, \$4M of unbudgeted repair and replacement costs were incurred. Costs for planned work within the 2020-2025 levy were two to three times more than 2019 estimates. As Parks sunset the current levy, the \$22M in the levy proposal would potentially catch up on known deferred maintenance projects that are imperative for the facility's ongoing operations, including annual host site engagements.

Community Partnerships and Grants - The Community Partnerships and Grants program partners with community organizations to develop a wide range of projects on Parks property, typically capital projects. Similar to the Parks Capital Improvement Program, there has been volatile inflationary costs for materials, supplies, and contracted labor costs.

King County Operations and Maintenance - 55% (\$302M) of Operations and Maintenance accounts for current service levels. To maintain the current levels of service, an increase of \$33M (6%) is needed over the six year period. This accounts for outyear inflationary costs related to wages, employee benefits, internal service growth rates, general operating supplies, and the costs of running a park system that tend to cost more than typical inflation such as utilities and contractor rates. The Operations and Maintenance proposal also accounts for investing \$182M (33%) to increase the capacity to take care of the growing park system, including new and aging assets and acquisitions aligned with the Land Conservation Initiative. \$33.6M (6%) accounts for new and expanded programs.

August 2024 OEFA Forecast	2026	2027	2028	2029	2030	2031
Seattle CPI-W	2.96%	2.62%	2.84%	2.60%	2.49%	2.51%
Estimated King County Population Growth	0.93%	0.92%	0.90%	0.88%	0.87%	0.85%
= Limit Factor (CPI + Population Growth)	3.89%	3.54%	3.74%	3.48%	3.36%	3.36%

Climate Resilience and Environmental Stewardship - These two new portfolios were added that are not in the current levy distributions. Within those portfolios, new investments include a Climate Response Fund, Stormwater Park, Multi-benefit River Corridor projects in partnership with the DNRP Water and Land Resources Division, Natural Resource Planning (mitigation sites and wetland delineation), Environmental Remediation, and funding for maintenance facility acquisitions and improvements.

Regional and Other Public Trails System & Active Recreation Repair and Renovation and Other Park Repair and Renovation - Volatility in the construction market and inflation in materials, supplies, and construction labor has historically impacted capital improvement projects county-wide. Of this Regional and Other Public Trails System allocation, \$18M will fund a combination of planning, acquisitions, and preliminary design for potential future trail segments and connections including, but not limited to, Green River Trail, Preston-Snoqualmie

King County Parks Levy Proposal - For each area of the allocation plan where it is possible, can you provide what portion of the increase is inflation, what is the result of new projects, etc.?

The Honorable Girmay Zahilay
 Chair, King County Council
 Room 1200
 C O U R T H O U S E

Dear Councilmember Zahilay:

I am pleased to transmit to you a proposed Ordinance that would, if enacted, place a measure on the August 5, 2025, primary election ballot to reauthorize the King County's Parks, Recreation, Trails, and Open Space Levy (Parks Levy). The current Parks Levy expires at the end of 2025. If approved by King County voters, a renewed Parks Levy would enable King County's parks and trails system to remain clean, safe, and open while making strategic investments as our region grows.

The proposed ballot measure asks King County voters to authorize a property tax levy lid lift to maintain and operate King County's parks system, acquire open space, develop regional trails, and increase access to parks and recreation for all King County residents. If passed, it would also provide funding to King County cities, towns, and park districts for local parks, trail development, and operations, as well as to the Woodland Park Zoo, Seattle Aquarium, and Seattle Waterfront Park for environmental and education programs. As proposed, the renewed Parks Levy would increase the property tax rate to 24.43 cents per \$1,000 of assessed property value, generating approximately \$1.5 billion over the six-year period (2026-2031). Compared to the current levy, this would represent an approximately \$3.44 increase per month for homeowners of a median value home based on 2024 home values.

In developing the legislation, the Department of Natural Resources and Parks (DNRP) convened a Parks Levy Community Advisory Committee and undertook a robust community engagement process that included 21 community events and meetings with many interested parties. DNRP briefed each King County Councilmember office and offered briefings to all cities in the County. Online surveys in eight languages were completed by more than 4,800 community members. DNRP incorporated this community and partner input into the legislation and levy planning.

The Honorable Girmay Zahilay

February 11, 2025

The proposed renewed levy measure will support:

- Continued care of King County’s extensive system of more than 200 parks, 185 miles of regional trails, and 32,000 acres of open space;
- Growth, connection, and stewardship of regional open space natural lands and urban green spaces, which increases climate resilience, habitat connectivity, and recreation opportunities;
- Further development of the regional trails system and improved mobility through completion of essential trail connections and maintaining existing trails; and
- Making parks and recreation opportunities more accessible for all who live, work, or play in King County.

The proposed legislation continues to invest upstream where needs are greatest. It supports community partnerships through capital, operating, and programming dollars for parks that serve communities of opportunity. The proposed renewed levy also continues and expands the Healthy Communities and Parks grant program to build capacity and increase access to green space and public recreation opportunities in underserved areas.

The proposed legislation furthers the Strategic Climate Action Plan goal to reduce greenhouse gas emissions by managing and restoring parks and other natural lands to maximize biological carbon storage. Through investments in natural lands conservation, forest stewardship, and other capital projects, the proposed legislation will increase community resilience to a changing climate.

Thank you for your consideration of this proposed Ordinance. This important legislation will help King County preserve and protect our existing parks and trails system, build upon and maximize the benefits of levy investments to date, and strategically address our region’s current and future needs. Attached to this letter are the King County Parks Levy Proposed Allocation Plan, as well as the King County Parks Capital Program and Parks Operating Financial Plan for reference.

Does this legislation require a budget supplemental? Yes/No Yes, if the proposed ballot measure is approved by voters.

Notes and Assumptions:

- The levy period covers 2026 through 2031. The fiscal note shows a levy rate of 24.43¢ per \$1,000 assessed value (AV) in the first year, 2026. Subsequent revenue is calculated as prior year collections multiplied by the limit factor, plus revenue from new construction built during the year. Forecast assumptions for assessed value, new construction, local inflation (CPI-W), and population growth are from the August 2024 Office of Economic and Financial Analysis (OEFA) and PSB projections.
- Total revenues are net levy proceeds. Gross levy proceeds are total revenues estimated to be generated with a 24.43¢ levy rate, before undercollection and exemption assumptions are applied. Assumed exemptions/undercollection are the exemption of qualifying households per RCW 84.36.381, and a one percent undercollection rate assumed countywide for property taxes.
- Election costs will be paid by the General Fund in 2025 and reimbursed from levy proceeds in 2026 if the ballot is approved.
- Distribution to the Woodland Park Zoo shall be no more than \$42M over the six years (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

5. Distribution to the Seattle Aquarium shall be no more than \$15M over the six years (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

6. Distribution to the Seattle Waterfront shall be no more than \$9M over the six years (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

7. Distribution to the Memorial Stadium shall be no more than \$2.5M over the first two years of the levy (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds). The allocation will fund the renovation of the Memorial Stadium at Seattle Center. This transformative project will be led by Seattle Public Schools and the City of Seattle, providing an improved multi-purpose venue for local and regional sports and events.

8. Funding for the three (3) Levy Grant Programs and Community Partnerships and Grants (CPG) over the six years is as follows:

\$30M - Healthy Community and Parks Fund (formerly Targeted Equity Grants)

\$30M – Capital Projects & Acquisitions (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds)

\$46M – Aquatic Facilities Capital Grants (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds)

\$11M - Community Partnerships and Grants refers to "the program through which King County provides monies to recreation-oriented groups, sports associations and community-based organizations to undertake any combination of developing, operating or maintaining a public park or recreation facility or program in King County and King County cities for public benefit" (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds)

9. 9% of the remaining revenue is distributed to the towns and cities in King County (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

10. 43% of the remaining revenue funds King County Parks operations and maintenance, 4-H Program support, KC Fair, and King County Search and Rescue operations. This includes assumed exemptions and undercollections.

11. 48% of the remaining revenue is allocated to the Capital Improvement Program to fund the following capital portfolios:

Climate Resilience, Conservation and Stewardship (\$218M)

Regional and Other Public Trails (\$179M)

Active Recreation Repair and Renovation (\$177M)

New Park Development and Improvements (\$51M)

It also includes \$22M for Weyerhaeuser King County Aquatic Center.

Financial Plan Notes

This is a new sub-fund within Parks and Recreation 1450. Accordingly, there are no 2021-2022 Actuals or 2023-2024 Adopted Budget.

This 2026-2031 levy lid lift will replace the 2020-2025 levy lid lift which is collected in sub-fund 1454.

Outyear revenue and expenditure inflation assumptions are consistent with figures provided by the Office of Performance, Strategy and Budget (PSB) and/or the Office of Economic and Financial Analysis (OEFA).

Revenues Notes:

- Levy rate of 24.43¢ per \$1,000 assessed value (AV) in the first year. Subsequent revenue is calculated as prior year collections multiplied by the limit factor, plus revenue from new construction built during the year. Forecast assumptions for assessed value, new construction, local inflation (CPI-W), and population growth are from the August 2024 OEFA and PSB projections.
- Limit factor is the percentage rate annual collections are allowed to grow. For this proposal, it is the combined percentage change in the Seattle consumer price index for wage earners (CPI-W) and estimated population growth in King County. Specific rates are outlined in the table below.
- Gross levy proceeds are total revenues estimated to be generated with a 24.43¢ levy rate, before undercollection and exemption assumptions are applied.
- Assumed Exemptions/Undercollection means the exemption of qualifying households per RCW 84.36.381, and a one percent undercollection rate assumed countywide for property taxes.
- Total revenues are net levy proceeds.

Expenditure Notes:

- Figures shown are rounded to the nearest million dollars, as a result percentages presented in this plan may not be precise as described below. Actual distributions will follow the percentages listed below.
- Election costs will be paid by the General Fund in 2025 and reimbursed from levy proceeds in 2026 if the ballot is approved.
- Distribution to the Woodland Park Zoo shall be no more than \$42M over the six years (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).
- Distribution to the Seattle Aquarium shall be no more than \$15M over the six years (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).
- Distribution to the Seattle Waterfront shall be no more than \$9M over the six years (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).
- Distribution to the Memorial Stadium shall be no more than \$2.5M over the first two years of the levy (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

- Funding for the three (3) Levy Grant Programs and Community Partnerships and Grants (CPG) over the six years is as follows:

\$30M - Healthy Community and Parks Fund (formerly Targeted Equity Grants)

\$30M – Capital Projects & Acquisitions (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds)

\$46M – Aquatic Facilities Capital Grants (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds)

\$11M - Community Partnerships and Grants refers to "the program through which King County provides monies to recreation-oriented groups, sports associations and community-based organizations to undertake any combination of developing, operating or maintaining a public park or recreation facility or program in King County and King County cities for public benefit" (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

- 9% of the remaining revenue is distributed to the towns and cities in King County (the county shall retain a small amount to be used for expenditures related to administration and distribution of levy proceeds).

- 43% of the remaining revenue funds King County Parks operations and maintenance, 4-H Program support, KC Fair, and King County Search and Rescue operations.

- 48% of the remaining revenue is allocated to the Capital Improvement Program for continued and expanded regional trail development; open space acquisition and stewardship; community partnerships and grants; and recreation repair and renovation, including playgrounds, ballfields, and backcountry trails. This also includes \$22M for Weyerhaeuser King County Aquatic Center.

Reserve Notes:

- The purpose of this fund is to distribute levy proceeds to various organizations. There are no reserves for this fund.

Notes

1. Section 4.E.2 of the proposed ordinance allocates 48% of remaining levy proceeds for a series of eligible uses and describes the planned projects within the subcategories. The allocation of funding for these projects is based on project readiness, additional funding opportunities from future grants or work with partner agencies, changing conditions, and other factors.

2. Regional Trails System refers to the "acquisition and development of rights of ways for regional trails" including the Lake to Sound Corridor (\$65 million), Lake to Sound Trail (\$55M), Interurban Trail South (\$8M), Soos Creek Trail (\$7M), and a combination of planning, acquisitions, and preliminary design for potential future trail segments including the Preston-Snoqualmie Trail, Cedar River Trail, Green to Cedar Trail, and Snoqualmie Valley Trail (\$18M). A trail system including, but not limited to, surface improvements, lighting, access control improvements, and other trail-related infrastructure.

3. Open Space Acquisition refers to the distribution of levy proceeds to King County and King County cities for the acquisition of open space lands, natural areas, resource or ecological lands and urban green spaces", in accordance with the acquisition guidelines in Attachment A of the proposed ordinance. Climate resilience investments will support stormwater park pilot projects; and establish a climate response fund intended to support community resilience. Stewardship investments will support early actions to safeguard sites for public use following acquisition, including site benefits; improvements to existing maintenance facilities and acquisitions; natural resource and site management; and landscaping/restoration/mitigation site monitoring and maintenance. Fish Passage projects are also funded through REET funding.

4. Active Recreation Repair and Renovation refers to "major maintenance repair, replacement and improvement projects that keep parks clean, safe, and open such as, rehabilitation of playgrounds, ballfields, sports courts, backcountry trails, drainage infrastructure, restrooms, picnic shelters, signage, and other infrastructure on parks property (e.g., Sound Transit, Washington State Department of Transportation). It also includes projects identified by Park users associated with existing facilities. These programs are expected to be supported by the Weyerhaeuser King County Aquatic Center.

5. Funding for the three (3) Levy Grant Programs over the six years is as follows:
\$30M - Healthy Community and Parks Fund (formerly Targeted Equity Grants); \$30M – Capital Projects & distributed in accordance with Attachment B of the proposed ordinance.

\$11M is allocated to the Community Partnerships and Grants (CPG) program. CPG refers to "the program oriented groups, sports associations and community-based organizations to undertake any combination of facility or program in King County and King County cities for public benefit" (the county shall retain a similar distribution of levy proceeds).

6. Funding for new park development and improvements includes Skyway Park Community Center that requires Additional funding for construction (approximately \$20M) will be needed and is expected to be funded via for Natural Grass to Synthetic Turf Field Conversion is for design and construction at South County Ballfield

MEMORANDUM

December 2, 2024

TO: All Councilmembers
All Council Staff

FM: Melani Hay, Clerk of the Council

RE: Deadlines for Adoption of Ballot Measures in 2025

The deadlines for adoption of ballot measures for 2025 elections are in the table below. This schedule is predicated on the Council meeting as set out in the current Council Rule 4 (KCC 1.24.035), including first 4 Tuesdays a month as well as no Council meetings being held during the December 2024 recess (Dec. 11, 2024, through Jan. 2, 2025), the second week of April 2025 (April 7-11), or in the first two weeks of August 2025 (Aug. 4-15)

2025 Election Dates

	<u>2/11¹</u>	<u>4/22¹</u>	<u>8/5²</u>	<u>11/4³</u>
Last regular council meeting with maximum processing time (25 days)	11/12/24	1/21/25	4/1/25	7/8/25
Last regular council meeting with minimum processing time (10 days)	12/3/24 ⁴	2/11/25 ⁴	4/22/25 ⁴	7/22/25
Last regular council meeting to pass as emergency	12/10/24	2/18/25	4/22/25	7/23/25
Last special council meeting to pass as emergency	12/13/24	2/21/25	5/2/25	8/5/25
Election Division deadline for receiving effective ordinance	12/13/24	2/21/25	5/2/25	8/5/25

1. Based on effective ordinance filed with Elections 60 days before the election. RCW 29A.04.321

2. Based on effective ordinance filed with Elections no later than the Friday, which in 2025 is May 9, immediately before the first day of regular candidate filing, which in 2025 is May 12, the Monday two weeks before Memorial Day. RCW 29A.24.050; RCW 29A.04.321

3. Based on effective ordinance filed with Elections no later than the primary, which in 2025 is August 5. RCW 29A.04.321.

4. **This would require that the adopted ordinance be signed by the Chair, Clerk and Executive on the day of the meeting.**

Note: This schedule does not apply to Charter amendments. Because Charter § 800 provides that ordinances proposing amendments to the Charter are not subject to executive veto, such ordinances have an effective date (10 days after enactment by the Council) that differs from the effective date of an ordinance that is subject to executive veto.
