13 **"O. Special Focus on Economic Revitalization**

14 The Doors Open Program has the potential to revitalize and transform commercial centers
15 around King County into vibrant and inclusive cultural centers. Commercial centers, particularly
16 those that are experiencing post-pandemic challenges, such as reduced commercial activity,
17 vacant storefronts, limited foot traffic, a sense of despair, increased crime, and increased illicit
18 drug use, will benefit from expanded access to cultural facilities and programs of cultural
19 organizations that will be possible because of the Doors Open Program. By funding cultural
20 organizations in King County, it is expected that the Doors Open Program will have a positive
21 effect on public safety, addiction recovery, neighborhood beautification, recreation, and
22 commercial activity in key commercial centers and change the negative narratives surrounding
23 beleaguered neighborhoods to promote a sense of safety, cultural vibrancy, cleanliness, and
24 resilience instead.

25
26 The Doors Open Program can:

- 27 • Build coalitions of cultural organizations and leaders to work together to align resources
28 and unify plans for revitalizing commercial centers around the region by leveraging
29 4Culture's existing administrative, financial, and social infrastructure.

- 30 • Incentivize connectivity and cross-programming between cultural organizations to
31 facilitate partnerships and increase access for King County residents through the
32 Building for Equity and Launch grant programs.
- 33 • Improve the recruitment and retention of cultural workers through the Countywide
34 Initiatives grant program.
- 35 • Promote arts and culture as an economic asset in commercial centers.
- 36 • Activate public spaces, retail corridors, and underutilized or vacant spaces as venues for
37 arts and culture to enhance the vibrancy and economy of commercial centers.
- 38 • Enhance the vibrancy and economy of commercial centers by activating public spaces,
39 retail corridors, and underutilized or vacant spaces as venues for arts and culture.

40
41 Through these programmatic and funding actions, Doors Open will initiate transformative and
42 lasting change in King County by improving access to arts, science, and heritage resources,
43 revitalizing the local economy, and reimagining the vibrancy and identity of commercial and
44 cultural centers."
