

A MOTION expressing support for the financial system development project planned by the Division of the Comptroller.

1 WHEREAS, the County has in existence a number of automated
2 accounting systems; and

3 WHEREAS, due to the changes in law, policy, organization and
4 responsibilities, these systems may not currently fulfill the needs
5 of the County in the area of financial accounting and reporting; and

6 WHEREAS, the Comptroller developed a long range plan for
7 development of a new financial system,

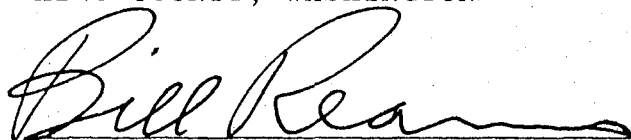

8 NOW THEREFORE, BE IT MOVED by the Council of King County;

9 The Comptroller is given the fullest support of the Council
10 in his effort to determine the financial systems requirements of
11 the County.

12 The Comptroller is encouraged to establish an advisory com-
13 mittee as soon as possible to work with him in defining the
14 financial system needs of the County, and the best course of
15 action for obtaining a new system, if required, and the design
16 of any new system.

17 PASSED this 15th day of September, 1975.
