

MOTION NO. 2753

A MOTION relating to noise control;  
authorizing the Executive to transmit a  
proposed ordinance to the Department of  
Ecology; and stating Council intent to adopt  
a final ordinance.

WHEREAS, WAC 173-60-110 (1) acknowledges that the function  
of noise abatement and control is primarily the responsibility of  
local government, and

WHEREAS, WAC 173-60-110 (2) requires the Director of the  
Department of Ecology to approve local ordinances which impose  
noise control requirements different from those adopted by the  
Department, and

WHEREAS, King County has developed a proposed noise control  
ordinance, has circulated a final environmental impact statement,  
has held numerous public meetings and hearings after iving  
proper public notice, and intends to adopt the proposed noise  
control ordinance;

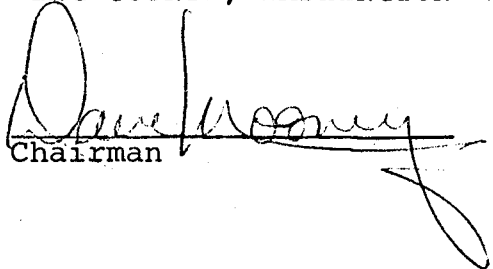

NOW THEREFORE, BE IT MOVED by the Council of King County :

1. The County Executive is hereby directed to transmit the  
attached noise control ordinance to the Department of Ecology for  
its review, comment and approval.

2. The King County Council intends to adopt the attached  
proposed noise control ordinance, together with changes that are  
deemed appropriate after the Department's review, as the final  
noise control ordinance for King County.

PASSED this 25th day of October, 1976.
