A MOTION ratifying the Executive action  
establishing a special fee for disposal of  
waste resulting from flooding.

WHEREAS, King County experienced an abnormal amount of  
rainfall during the month of November, 1990; and

WHEREAS, this rainfall resulted in significant flooding and  
damage to homes, property and facilities in King County; and

WHEREAS, disposal of waste material resulting from flooding  
will cause financial hardship for many property owners; and

WHEREAS, King County Code 10.22.050 allows the manager of  
the solid waste division to authorize an exception to the  
payment of disposal fees for users who are engaged in a  
community litter cleanup campaign provided that the King County  
council ratifies that action; and

WHEREAS, the community of King County will also benefit  
from cleanup of damage caused by flooding; and

WHEREAS, the manager of the solid waste division has  
authorized a reduced rate for disposal of cleanup material  
resulting from flood damage;

NOW, THEREFORE BE IT MOVED by the Council of King County:

The King County council hereby ratifies the executive  
action taken by the manager of the solid waste division to  
reduce rates for disposal of cleanup material resulting from  
flood damage and limiting payment of fees to \$6.50 per load for  
disposal by noncommercial parties using private vehicles and to  
\$47.00 per load for noncommercial vehicles larger than pickup  
trucks for disposal of waste material caused by flooding at

1 King County solid waste handling facilities. This exception  
2 shall be authorized only through December 16, 1990.

3 PASSED this 3<sup>rd</sup> day of December, 1990.
