Because I have not served on boards or commissions, I am sending a paper that I prepared for a panel discussion for "Sustaining the City", describing farming on the Urban Edge. I believe that this will describe my positions, and who I am better than filling in the application form, altho I will address the questions asked.

I have taken an active role by writing letters, to various political leaders, expressing concerns, dealing with Agricultural, both locally and nationally.

I believe that I can have an open mind to new information, but I have some fairly strong opinions about farmland and the need for farming, recognizing that there are many obstacles to farming in K.C. I do not feel that I am radical in my views, and that I am fair in my judgments. I am, however, protective of dairy farming, and production agriculture.

My interest in serving on the King County Agriculture Commission, is that I believe that I am an aware person, who takes a global view of agriculture, that the Agriculture Commission is a good idea, and that commercial production agriculture needs representation.

Sincerely

  
Janet A Baker
