RE: Commissioner Appointment Recommendation - King County
Water District No. 125

Dear Councilmember Patterson and Councilmember Pelz,

On October 10, 2002, the King County Council was requested to appoint a qualified person to the vacant Position #2 of the Board of Commissioners of King County Water District No. 125. We, the undersigned Skyway Water and Sewer District Commissioners, request that you appoint **Mr. Gary Johnson** (2926 So. 133rd St., Seattle, WA 98168) to fill this position.

Having previously served as a King County Water District No. 125 commissioner for approximately sixteen years, Mr. Johnson has extensive knowledge of the District, its customers and the many aspects of providing quality and cost-effective water service. We can personally testify to Mr. Johnson's representation and leadership abilities. In 1996, Skyway Water and Sewer District and King County Water District No. 125 entered into a joint agreement to construct a 1.3 million gallon joint water reservoir. Mr. Johnson was instrumental in the ultimate realization of this project. The joint project was completed in January 2001, finally ending a 10+ year King County designation of the area being one of critical water storage.

Thank you for your consideration. If you have any questions or would like to discuss Mr. Johnson's qualifications further, please contact us at (206)772-7343.

Sincerely,

2002 557
