Introduced by: BILL REAMS

Proposed No. 79-445

ORDINANCE NO. 4226

AN ORDINANCE establishing procedures for certifying sewer connections and extensions as required by Metro Resolution No. 2933.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Metro Resolution No. 2933, which establishes a certification procedure for connections to an extensions of Metro sewers, shall be administered by King County in the following manner:

1. The King County Department of Planning and Community Development shall review requests for extensions of and direct connections to Metro interceptor and trunk sewers. Certification in writing that such service and construction is consistent with adopted land use plans and policies of the County shall be prepared by the Director or his designee when the potential service area of the proposed extension or connection is entirely within the Local Service Area of the King County Sewerage General Plan.

2. If the potential service area of a proposed connection to or extension of a Metro interceptor or trunk sewer is partially or wholly outside the Local Service Area of the King County Sewerage General Plan, then the Director or his designee shall prepare a report and recommendation for County Council review. The Council shall grant or deny the certification request by Motion.

INTRODUCED AND READ for the first time this 9th day of April, 1979.

PASSED this 30th day of April, 1979.
