general plan as shall be authorized by the Board of Commissioners either prior to or during the actual course of construction.

Section 3. The various portions of said plan of additions and betterments to the Comprehensive Plan, as amended, shall be constructed and installed at such time or times as may be found to be necessary, advisable and economically feasible by the Board of Commissioners and such Board shall take all actions and do all things as may be necessary and proper in the carrying out of this plan of additions and betterments to the Comprehensive Plan, as amended.

Such wyes and connecting stub lines shall be paid for by the owners of the lots, tracts and parcels of land to which they extend at such time and in such manner as may be determined by the Board of Commissioners and as authorized by law.

Section 6. The Board of Commissioners shall have the right to cooperate, coordinate, enter into, contract, and do all things that are necessary and proper with other sewer districts, cities, towns, port authorities, and all other governmental and

Section 8. Said bonds may bear interest at as much as the maximum rate permissible per annum, shall be payable semi-annually, shall be issued in such amounts and at such time or times as may be found necessary and shall mature in various amounts each year from one to not exceeding thirty years from the date of issue to be determined by the Board of Commissioners. Both the principal and interest on said bonds shall be paid from the gross revenue of the sewer system of the District.

Section 9. The areas included in this plan of additions and betterments and which shall be specially benefited by the carrying out of this plan may, if necessary, comprise one or more utility local improvement districts and assessments, shall be levied in said district or districts in amounts within the special benefits received by the properties therein as provided by law by virtue of the construction and installation of the improvements authorized in this plan. Any assessments so levied in such district or districts, shall be applied solely to the payment of the principal of and interest on revenue bonds of the District as required by law, and as later provided by resolution or resolutions of the District.
