Introduced by: GARY GRANT

Proposed No. 80-1241

ORDINANCE NO. 5299

AN ORDINANCE approving the Comprehensive Water Distribution System for the Nob Hill Water Company.

PREAMBLE:

On October 9, 1980, the Nob Hill Water Company submitted a request to the Utilities Technical Review Committee as required by KCC 6.27.050, for a renewal of its franchise.

The Nob Hill Water Company does not have an approved comprehensive plan that KCC 6.27.060 requires as a prerequisite to granting a franchise.

On December 1, 1980, King County filed a Final Declaration of Non-Significance for the approval of the Comprehensive Water Distribution System.

On October 22, 1980, the Utilities Technical Review Committee considered the submitted plans and recommended that they be approved as a comprehensive plan, after making the following findings:

1. The Nob Hill Water Company is a Class II water sytem that provides domestic and fire flow service to approximately 32 residential and commercial customers in the greater Maple Valley Area.

2. On October 20, 1975, Council Motion #2198 granted a franchise to the Nob Hill Water Company for a term of five (5) years.

3. The Nob Hill Water Company is presently operating without a franchise.

4. The public health and welfare of the citizens of greater Maple Valley are endangered if maintenance of the water system cannot be provided within County rights-of-way.

5. The submitted plans satisfy the Washington State Department of Social and Health Services plan content guidelines for a comprehensive plan for a water purveyor that serves less than 100 hook-ups.

6. The system cannot meet the fire flow standards required by KCC 17.08.060.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

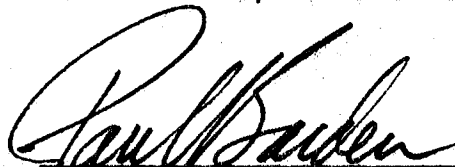

SECTION 1. The Nob Hill Water Company Comprehensive Plan, dated March 15, 1975 (attached), is hereby approved.

INTRODUCED AND READ for the first time this 19th day of

January, 19 81.
