AN ORDINANCE approving an amendment to Water District 108 Comprehensive Water Plan - Fire District No. 43 Water Service Project (Resolution No. 1613 and Resolution No. 1673), and declaring an emergency.

PREAMBLE:

On October 14, 1981, Water District 108 adopted Resolution No. 1673 providing for an amendment to their water comprehensive plan - Fire District No. 43 Water Service Project.

On March 11, 1981, Water District 108 adopted Resolution No. 1613 concurring with the Threshold Determination of Non-Significance for Fire District No. 43 Water Service Project.

The Utilities Technical Review Committee reviewed the proposed amendment as required by KCC 13.24 and Ordinance No. 4146 and on November 5, 1981, recommended its approval.

As required by Ordinance No. 4146, Section 1.3.(c), the Utilities Technical Review Committee has found that the facilities are necessary to serve public facilities. In addition, the proposed facilities are necessary to solve an existing fire safety problem.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

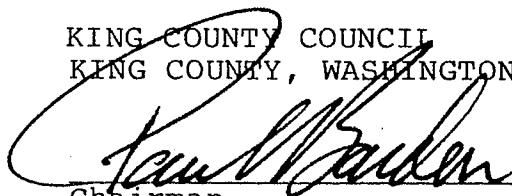

SECTION 1. The amendment to the Water District 108 Plan as adopted by District Resolution No. 1673 (attached) is found to be consistent with the provisions of Ordinance No. 4146, and is hereby approved.

SECTION 2. The County Council finds as a fact and declares that an emergency exists and that this ordinance is necessary for the immediate preservation of public peace, health or safety or for the support of county government and its existing public institutions.

INTRODUCED AND READ for the first time this 30th day of November, 1981.

PASSED this 30th day of November, 1981.
