

ORDINANCE NO. 5878

AN ORDINANCE relating to Forward Thrust Park Resolution No. 34571; finding certain projects to be completed; duly providing for the completion of certain projects; finding certain projects to be impractical to complete and therefore deleting said projects; adding additional projects; and repealing Ordinances No. 3977, 4350, 4696, 5131 and 5258.

King County Resolution No. 34571 (hereinafter "Resolution"), was adopted by the Board of County Commissioners (now the King County Council and the King County Executive) on December 18, 1967 and is commonly referred to as the Forward Thrust Park Bond Resolution.

This Resolution was approved by the voters of King County on the 13th day of February, 1968. The voters authorized the issuance of general obligation bonds for the purpose of development and improvement of public park and recreation facilities all within King County by the various cities, towns and King County.

Public park and recreation facilities as contemplated by the Resolution and defined therein mean any land, interest in land and facilities thereon within the County set aside for public park, recreational, green belt, arboretum, historic, scenic, viewpoint, aesthetic, ornamental or natural resource preservation purposes. Projects described in Section 3 of the Resolution (hereinafter "Projects") assigned to the County were based in whole or in part upon input from citizens, civic organizations, public officials and the thirty cities and towns in King County.

The Resolution authorized King County to develop and improve 166 park and recreational facilities in the County. To date, 156 of those Projects have been completed, are in progress, or

1 their completion duly provided for.

2 King County will have sufficient funds from the Resolution
3 bond proceeds, interest earned on such bond proceeds, or
4 supplemental matching funds, to duly provide for the completion
5 of all park Projects to be developed or improved by King County
6 and which the King County legislative authority (as intended by
7 the Resolution) finds to be practical of accomplishment within
8 the contemplation of the Resolution.

9 Section 5 of the Resolution provides in part that if the
10 King County legislative authority (hereinafter "Legislative
11 Authority") shall determine that conditions occurred which make
12 it impractical to substantially accomplish any of the Projects
13 by reason of prior incompatible development, cost substantially
14 in excess of the amount of bond proceeds estimated to be applied
15 thereto, prior acquisition by a superior governmental authority
16 or other changed conditions, King County shall not be required
17 to accomplish such Project and may apply such funds as provided
18 in Section 6 of the Resolution. The Legislative Authority
19 desires to specify those Projects which are impractical to
20 complete as contemplated by the Resolution.

21 ((FeA)) Sixteen Projects have become impractical of
22 completion by reason of prior incompatible development, cost in
23 excess of the amount of bond proceeds estimated to be applied
24 thereto or opposition by other governmental authorities.
25 Topographical conditions and the requirements of the State
26 Environmental Policy Act (hereinafter "SEPA") resulted in
27 changed conditions after the passage of the Resolution which
28 required review of certain Projects.

29 Bond proceeds, in addition to those required for the
30 Construction of those Projects which were deemed practical of
31 accomplishment, have been available for additional park and
32 recreational improvements contemplated by the Resolution. The
33 Legislative Authority now desires to specify, ratify and approve

1 the additional projects eligible to be funded from such bond
2 proceeds.

3 The organization, classification and numbering of the
4 Projects listed in Sections 1, 2, 3, and 4 hereof are those of
5 the Resolution.

6 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

7 SECTION 1. Based on a recommendation from the Executive the
8 King County Council hereby finds the following Projects to be
9 completed as contemplated by the Resolution. (Amounts listed
10 were authorized by the Resolution):

22 Acquisition and development of approxi-
23 mately 130 acres, including approximately
24 1,400 feet of beach. (King County)

25 I. Walking Paths and Trails: \$ 900,000

26 (2) Acquisition and development of walking
27 paths and trails outside Seattle and
28 within and without the other Cities of
29 the County as the Board may determine
30 with approval of each directly affected
31 City. (King County)

1 J. Greenbelts and Scenic Drives:

2 (1) Scenic Highway and Development

3 Acquisition of land and easements adjacent
4 to highway right-of-way, along scenic
5 highways to be designated by a King County
6 scenic highway system plan, to preserve
7 natural and scenic values; acquisition
8 and development of approximately 12 scenic
9 sites for vistas, rest stops, picnicking,
10 etc. (King County) See King County Motion
11 No. 3681 which adopts Scenic Highway Plan.
12 See Section 1 hereof for completed Projects.

13 a. Preservation and enhancement of the
14 Snoqualmie Valley Scenic Corridor.

15 (i) Snoqualmie Valley Scenic Route
16 Development. Acquisition and
17 preliminary development of 27 miles of
18 abandoned railroad right-of-way which
19 in part provides for preservation of
20 amenities and provides a non-motorized
21 route through this corridor. It also
22 connects the Woodinville-Duvall Scenic
23 Highway with the Scenic Highway
24 portions of SR-202 and SR-203. \$490,000

25 (iii) Fall City Acquisition. Acquisition and
26 development of 26 acres of river-front
27 land near Fall City. This allows for
28 preservation as well as an attraction,
29 rest stop and viewpoint for motorized,
30 non-motorized and waterway users.
31 \$150,000

32 c. (iii) East Lake Sammamish Blvd. Pedestrian
33 and Bike Path. Development of
pedestrian and bicycle path along the
scenic corridor to view the natural
areas in a leisurely way. \$347,000

d. Miscellaneous preservation and enhancement
issues.

(i) Preston-Snoqualmie Route Acquisition.
Acquisition of 6.7 miles of abandoned
railroad right-of-way between Preston
and Snoqualmie which not only provides
for preservation of amenities within
the Raging River and Snoqualmie Valley
Corridors, but also will provide a
non-motorized route these Scenic
Corridors. It will as well provide a
connection between the Raging River
Scenic Highway and a Scenic Highway
portion of SR-202. \$110,000

(ii) Lake Wilderness Route Acquisition. Acquisition of 2.4 miles of abandoned railroad right-of-way between Maple Valley and Lake Wilderness. This is to provide, in part, the connection between the Cedar River Scenic Corridor and the Highway and the Green River Corridor and Highway along a more pleasing route for non-motorized users.

SECTION 3. Findings. Based on a recommendation from the Executive, the Council hereby finds the following facts that cause certain Projects to be impractical to substantially accomplish. (The amount of Resolution authorized bond proceeds is displayed only once):

A. Conditions Changed by Actions of Superior Governmental Authorities:

1. After passage of the Resolution, the state Department of Ecology, pursuant to authority granted it by the Shoreline Management Act of 1971, R.C.W. 90.58, appealed King County's issuance of permits to construct a boat launch at Seahurst Park. The Shoreline Hearings Board reversed the decision to issue permits, thereby making the following Project impractical of completion:

L(4) Seahurst Park Boat Launching Ramps \$ 166,000

Development of two ramps at the extreme south end of park, to include dredging for boat access, placement of extensive riprap and construction of parking facilities.
(King County)

2. After passage of the Resolution, the City of Normandy Park, pursuant to rights granted such cities in Section 4 of the Resolution, disapproved of the following Project thereby making it impractical of completion:

K(4) Puget Sound Boulevard, Shoreline and Marine View Improvements \$1,800,000

Landscaping improvements and construction of approximately 10 view points along the Marine View Scenic Drive between Alki Beach Park and Dash Point State Park.
(King County)

1 B. Other Conditions Making Project Completions Impractical:

2 1. After passage of the Resolution, an engineering
3 feasibility study concluded that the Federal Way Park Project
4 (former landfill site) should not be developed because of
5 unstable soil conditions, contaminated ground water and
6 decomposition resulting in gas generation, thereby making the
7 Project impractical of completion:

8 C(1) Federal Way Park \$ 443,000

9 Acquisition and development of 31 acres
10 near South 353rd Street immediately east
of Interstate Highway 5. (King County)

11 2. Cost of acquisition of the following Project exceeded
12 the amount of bond proceeds estimated to be applied thereto,
13 thereby making the completion impractical:

14 C(6) Airport \$ 97,000

15 Acquisition of approximately 25 acres
16 west of airport near Des Moines Way.
(King County)

17 F(10) North Des Moines Beach \$ 825,000

18 Acquisition of approximately 22 acres
19 including approximately 400 feet of
beach. (King County)

20 F(14) East Central Vashon Island \$ 429,000

21 Acquisition of approximately 67 acres
22 including approximately 1400 feet of
beach. (King County)

23 3. Cost of acquisition and development (including
24 required self-contained sewer treatment facilities) exceeded the
25 amount of bond proceeds estimated to be applied thereto, thereby
26 making completion of the following Projects impractical:

27 E. Local and Neighborhood Parks in Presently \$ 290,000
28 Unincorporated Areas:

29 (4) Acquisition and development of approximately
30 80 neighborhood park sites averaging seven
31 acres each distributed within school district
boundary areas approximately as follows:
(King County See Section 1 hereof for completed
Projects.

<u>Area</u>	<u>Approx. No.</u> <u>of Sites</u>
<u>Highline</u>	<u>4</u>

1 G(7) East Central Lake Sammamish \$ 430,000

2 Acquisition and development of approxi-
3 mately 10 acres including approximately
4 1200 feet of beach. (King County)

4 4. The City of Lake Forest Park opposed the following
5 Project, part of which was located within its corporate limits,
6 thereby making completion of the Project impractical:

7 C(7) McAleer Creek \$ 346,000

8 Acquisition and development of approxi-
9 mately 43 acres along McAleer Creek Valley
10 in Shoreline District. (King County)

11 5. Prior incompatible development occurred making the
12 following Projects impractical of completion:

13 B(3) Five-Mile Lake Addition \$ 543,000

14 Acquisition of approximately 105 acres to
15 add additional acreage to the existing
16 county park at Five-Mile Lake. (King
17 County) Prior bible camp development;
18 school district acquisition.

18 C(7) McAleer Creek

19 Acquisition and development of approxi-
20 mately 43 acres along McAleer Creek
21 Valley in Shoreline District. (King
22 County) Prior residential development.

21 F(10) North Des Moines Beach \$ 825,000

22 Acquisition of approximately 22 acres
23 including approximately 400 feet of
24 beach. (King County)

24 G(4) Shoreline Community Beach \$260,000

25 Acquisition and development of approxi-
26 mately 3 acres, including approximately
27 300 feet of beach. (King County) Prior
28 recreational development.

27 G(7) East Central Lake Sammamish

28 Acquisition and development of approxi-
29 mately 10 acres, including approximately
30 1200 feet of beach. (King County) Prior
31 residential development.

1 K(4) Puget Sound Boulevard, Shoreline and
 2 Marine View Improvements

3 Landscaping improvements and construction
 4 of approximately 10 view points along the
 5 Marine View Scenic Drive between Alki Beach
 6 Park and Dash Point State Park. (King
 7 County) Prior residential development.

8 L(3) Seola Beach Boat Launching Ramps \$ 657,000

9 Acquisition and development of approxi-
 10 mately 4 acres including approximately
 11 200 feet of beach. (King County) Prior
 12 residential development; storm drain and
 13 sanitary outfall sewer.

14 L(5) 20th Avenue Southwest Boat Launching \$ 394,000
 15 Ramps

16 Acquisition and development of approxi-
 17 mately 4 acres, including approximately
 18 250 feet of beach. (King County) Prior
 19 residential development.

20 6. After the Resolution, an engineer's report concluded
 21 the approach road had a grade too steep and was too narrow to
 22 safely develop as a boat launch facility thereby making the
 23 following Project impractical of completion:

24 L(5) 20th Avenue Southwest Boat Launching Ramps

25 Acquisition and development of approxi-
 26 mately 4 acres including approximately
 27 250 feet of beach. (King County) ((\$5,136,000))

28 Total Amount of Impractical Projects: \$6,680,000

29 SECTION 4. Abandonments. Based upon a recommendation from
 30 the Executive and the Findings of Section 3 hereof, the
 31 following Projects are hereby deleted (Project numbers are
 32 referenced to the Resolution; amounts are unexpended balances
 33 abandoned):

B(3) Five-Mile Lake Addition \$ 352,622

Acquisition of approximately 105 acres
 to add additional acreage to the existing
 county park at Five-Mile Lake. (King County)
 \$190,378 of original \$543,000 was expended for
 purchase of 25 acres prior to determination of
 impractical.

1 C(1) Federal Way Park \$ 433,569

2 Acquisition and development of 31 acres near
3 South 353rd Street immediately east of Inter-
4 state Highway 5. (King County)
\$9,431 of original amount was expended prior
to determination of impractical.

5 C(6) Airport \$ 95,000

6 Acquisition of approximately 25 acres west
7 of airport near Des Moines Way. (King County)
\$2,000 of original amount was expended prior to
8 determination of impractical.

9 C(7) McAleer Creek \$ 346,000

10 Acquisition and development of approxi-
11 mately 43 acres along McAleer Creek Valley
in Shoreline District. (King County)
