ORDINANCE NO. **10812**

AN ORDINANCE adopting the King County
Nonmotorized Transportation Plan as an
element of the King County Transportation
Plan.

PREAMBLE:

The adopted King County Comprehensive Plan and the
King County Transportation Plan recognize the county-
wide need to accommodate nonmotorized modes of travel
on the county road system, and directed the development
of specific plans and programs to accomplish this goal.

In addition, the passage of the 1991 federal Intermodal
Surface Transportation Efficiency Act (ISTEA) has provided
significant financial and legislative policy incentives
for the integration of nonmotorized transportation planning
projects and programs into the existing transportation
systems.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. The King County Nonmotorized Transportation
Plan's determination of non-significance is adequate to support
the adoption of the plan.

SECTION 2. The King County Nonmotorized Transportation
Plan, dated March 1993, attached hereto, is adopted as the
nonmotorized transportation functional plan implementing
related policies established in the adopted King County
Comprehensive Plan and the King County Transportation Plan,
and constitutes an amplification and augmentation of official
county policy with regard to surface transportation issues.

SECTION 3. The Nonmotorized Transportation Plan shall be
implemented through:

A. Integration of nonmotorized projects into the annual
transportation project priority process and the annual six year
capital improvement program.

B. Updating of the King County Road Standards

C. County road maintenance, operating revisions and
improvements.

D. Pursuit of additional public and private capital,
maintenance and program funds at the local, regional, state and
