3. These standards may be modified under the provisions for zero-lot-line and townhouse developments.

4. Height limits may be increased when portions of the structure which exceed the base height limit provide one additional foot of street and interior setback for each foot above

1 the base height limit, provided that the maximum height may not exceed ~~((75))~~seventy-five  
2 feet. Netting or fencing and support structures for the netting or fencing used to contain golf  
3 balls in the operation of golf courses or golf driving ranges are exempt from the additional  
4 interior setback requirements provided that the maximum height shall not exceed  
5 ~~((75))~~seventy-five feet.

5 requirement. In such cases, the director may approve a reduction of up to ~~((50))~~ fifty percent  
6 of the minimum required number of spaces.

7 C. When the county has received a shell building permit application, off-street  
8 parking requirements shall be based on the possible tenant improvements or uses authorized

10 range of possible uses result in different parking requirements, the director will establish the  
11 amount of parking based on a likely range of uses.

12 D. Where other provisions of this code stipulate maximum parking allowed or  
13 reduced minimum parking requirements, those provisions shall apply.

14 E. In any development required to provide six or more parking spaces, bicycle
