ORDINANCE NO. **13234**

AN ORDINANCE relating to parking restrictions for the week of August 10 - 16, 1998, including prohibited parking on various unincorporated King County maintained roads and the establishment of a Parking by Permit Only zone for selected unincorporated residential roads within the specified area. These parking restrictions are necessary to mitigate the traffic impacts of the Professional Golf Association tournament event on surrounding neighborhoods.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings of Fact:

A. The Professional Golf Association (PGA) Tournament, a major special event, will be held Monday, August 10, 1998 through Sunday, August 16, 1998 in the East Sammamish area of unincorporated King County at Sahalee Country Club.

B. The Tournament is expected attract about 30,000 spectators, thereby generating demand for parking of up to 7,000 vehicles.

C. The County Road Engineer has determined by traffic engineering study that significant traffic impacts will occur to county roads and neighborhoods, and has prepared a traffic control plan to mitigate such impacts.

D. The traffic control plan specifies remote public parking to be provided at Marymoor Park, and most of the north end of East Sammamish to have restricted parking.

1 E. Chapter 46.90 RCW authorizes the council to restrict parking on county roads
2 by ordinance.

3 F. The temporary parking restriction enacted by this ordinance is necessary to the
4 proper functioning of the PGA Tournament traffic control plan and the protection of county
5 residents from avoidable traffic impacts.

ORDINANCE NO. **13235**

AN ORDINANCE relating to transitional measures
regarding the implementation of Ordinance 13147;
and declaring an emergency.

SECTION 1. Findings of Fact. The council finds that it is necessary to establish transitional procedures for the implementation of Ordinance 13147 in relation to legislation pending before the council when that ordinance became effective, on June 11, 1998. Strict technical compliance with all of the provisions of Ordinance 13147 can not be applied to legislation which was pending before the council prior to June 11, 1998. To require strict compliance would unreasonably delay the council's continuing consideration of proposed amendments to the comprehensive plan and development regulations. Since the Growth Management Act (RCW 36.70A.130) allows local governments the ability to amend the comprehensive plan and development regulations only once per year, with limited exceptions, King County would be unable to fulfill the broad public participation requirements of the act and timely adopt the pending 1998 comprehensive plan and development regulations consistent with the statute if it strictly complied with all provisions of Ordinance 13147.
