2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report to the King County Hearing Examiner for the May 11, 2005, public hearing are found to be correct and are incorporated herein by this reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.
3. The staff report is corrected as follows:
 - A. Page 1, section A, item 1 – include Avril T. Daly as a property owner
 - B. Page 4, section E, bullet three (forest stewardship land) –change dates to indicate that the forest stewardship plan must be received by July 31, 2005, and approved by a county forester by August 31, 2005.

CONCLUSIONS:

1. Approval of current use valuation for 13.31 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.
2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2006. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources and is entitled to bonus points pursuant to the King County Public Benefit Rating System, which justify a total award of 28 points. The resulting current use value would be 20% of market value for 13.31 acres of the subject property.
4. Credit may be awarded administratively for the forest stewardship land category if the Applicant submits a forest stewardship plan by July 31, 2005, which is approved by a County forester by August 31, 2005 and subsequently implemented. Credit for this category will result in an additional five award points but will not change the current use valuation of the enrolled property.

RECOMMENDATION:

APPROVE the request for current use valuation of 20% of market value for 13.31 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the May 11, 2005, public hearing, and the following additional condition of approval:

1. Credit for the forest stewardship land category may be awarded administratively if a forest stewardship plan is submitted, approved and implemented as noted in Conclusion no. 4 above.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.
