**PRELIMINARY REPORT:**

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E05CT031 was received by the Examiner on April 25, 2006.

**PUBLIC HEARING:**

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E05CT031 was opened by the Examiner at 1:33 p.m., May 15, 2006, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington, and closed at 1:38 p.m.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

**FINDINGS, CONCLUSIONS & RECOMMENDATION:** Having reviewed the record in this matter, the Examiner now makes and enters the following:

**FINDINGS:**

1. **General Information:**

**Owner:** Kyong Hwa Lee for the Nirvana Buddhist Center  
19903 244<sup>th</sup> Avenue SE  
Maple Valley, WA 98038

**Property location:** 19903 244<sup>th</sup> Avenue SE  
Maple Valley, WA 98038

**PBRs categories requested:** **Open space resources**  
Aquifer protection area  
Forest stewardship land  
Significant wildlife or salmonid habitat  
Watershed protection area

**Categories recommended:** **Open space resources**  
Aquifer protection area\*  
Significant wildlife or salmonid habitat\*  
Forest stewardship plan\*

**COMMENT:** \*Entire enrollment in the PBRs program is contingent upon submission, approval and implementation of a forest stewardship plan. (See Finding 4 below.)

**Zoning:** RA-5  
**Parcel no.** 032206-9125  
**Total acreage:** 9.62  
**Requested for PBRs:** Not specified  
**Recommended PBRs:** 4.92\*\*

**COMMENT:** Under current conditions, 4.92 acres can contingently be enrolled in PBRs. An additional up to 2.9 acres could be added, if the landowner restores part or all of the cleared area. This would increase the total enrolled acreage up to 7.82 acres. (See Finding 6 below.)

**STR:** NE 03-22-06

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the May 15, 2006, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2007. Notice of the application was given as required by law.

4. Entire enrollment in the PBRs program is contingent upon Applicant submission of a forest stewardship plan, County approval of the plan and commencement of implementation by September 1, 2006. Failure to qualify for this category will disqualify the property for the other recommended categories and render the property as a whole ineligible for enrollment in the PBRs program at present due to lack of eligible resource categories. (The land areas requested for enrollment are already protected by regulatory measures in the Critical Areas Ordinance; enhancement of those areas via the forest stewardship plan is necessary to provide the additional public benefit necessary to qualify for PBRs.)
5. Contingent on award of credit for the forest stewardship land category, the property contains priority open space resources and is eligible for a total award of 15 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 40% of market value for 4.92 acres of the property.
6. Reforestation of part or all of the cleared acreage under the approved forest stewardship plan could add up to 2.9 additional acres to the enrolled acreage.
7. Award for the watershed protection category is contingent upon credit being awarded for a forest stewardship plan that addresses reforestation of more than .65 acre of forest cover. Credit for this category would increase the total point award by 5 points with a resultant current use valuation of 30% for the enrolled portion of the property.

#### CONCLUSION:

1. Contingent upon submission, approval and implementation of a forest stewardship plan, approval of current use valuation of 40% of market value for 4.92 acres of the subject property and the possible additional award and acreage provided for below, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

#### RECOMMENDATION:

APPROVE current use valuation of 40% of market value for 4.92 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the May 15, 2006, public hearing, and the following additional conditions of approval:

1. Enrollment in the PBRs program is contingent upon receipt, approval and implementation of a forest stewardship plan for the subject property as stated in Finding no. 4 above. Failure to qualify for this category will exclude the property from enrollment in the PBRs program at present due to lack of eligible resource categories.
2. Reforestation of part or all of the cleared acreage under the approved forest stewardship plan as stated in Finding no. 6 above may result in administrative approval to add up to 2.9 additional acres to the enrolled acreage.

- 3. Credit may be awarded administratively for the watershed protection category as stated in Finding no. 7 above. Award for this category would increase the point total to 20 and result in a current use valuation of 30% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 24th day of May, 2006.
