Total acreage:	10.00	5.00
Home site/excluded area:	1.93	0.24
Recommended PBRS:	8.07	4.76

COMMENT: Total property size is 15.00 acres, of which 12.83 acres is recommended for participation. The owners have requested exclusion of a 30-foot wide driveway.

STR: NW-19-23-03

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor’s official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the February 28, 2007, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.

The following changes were made to the staff report at hearing:

- A. Page 2, comment section at the top of the page – 12.83 acres is recommended for participation.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2008. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 33 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 20% of market value for 12.83 acres of the property.
5. Additional credit may be awarded administratively for the forest stewardship land category subject to Applicant submittal of a forest stewardship plan by June 1, 2007, and subsequent approval and commencement of implementation by July 1, 2007. Credit for this category would increase the total point award to 38 with a resultant current use valuation of 10% for the enrolled portion of the property.

CONCLUSION:

1. Approval of current use valuation of 20% (or 10% if approved as noted above) of market value for 12.83 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 20% of market value for 12.83 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the February 28, 2007, public hearing, and the following additional condition:

1. Credit may be awarded administratively for the forest stewardship land category as stated in Finding no. 5 above. Award for this category would increase the point total to 38 and result in a current use valuation of 10% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED March 27, 2007.
