PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E08CT010 was received by the Examiner on July 21, 2008. A revised department report was received August 7, 2008 (exh. 4a).

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E08CT010 was opened by the Examiner on July 30, 2008, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington. The record was

left open for receipt of the revised department report noted above.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

STR: SW 07-22-03

Zoning:	RA-10
Parcel no.:	072203-9167
Total acreage:	28.52 acres
Recommended PBRs:	27.08 acres

(The land area recommended for PBRs enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRs acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Revised Report are found correct and are incorporated herein by reference. Copies of the revised department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
3. The subject property is currently enrolled in the farm and agriculture open space program. Timely application was made to King County for PBRs current use valuation of the property to begin in 2010. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 36 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 10% of market value for 27.08 acres of the property.
5. Additional credit may be awarded administratively for either the forest stewardship land category or rural stewardship land category, dependent upon:
 - A. Submittal of a forest stewardship plan by April 1, 2009, and subsequent approval and commencement of implementation by May 1, 2009; or
 - B. Submittal of a rural stewardship plan by April 1, 2009, and approval and implementation by May 1, 2009.

(In the PBRs program, credit may not be awarded under both categories. If additional credit is awarded for either category, the current use valuation would not decrease further, but forestry or stewardship activities could be permitted in the enrolled open space.)

6. No substantial evidence is submitted indicating probable qualification under the requested significant plant site category. Granting a conditional allowance of later administrative award as suggested (but not formally recommended) by the department is therefore inappropriate and is not recommended. Application for such award may be made in the future if desired.
7. Qualification for the watershed protection area category appears to require reforestation of at least .05 acre of currently open land to meet the minimum area requirements of such qualification.

CONCLUSION:

1. Approval of current use valuation of 10% of market value for 27.08 acres of the property

pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 10% of market value for 27.08 acres of the subject property, subject to the conditions recommended in the revised Department of Natural Resources & Parks report (Exhibit 4a) and the following conditional allowance:

1. Credit may be awarded administratively for either the forest stewardship land category or the rural stewardship land category as stated in Finding no. 5 above.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED December 31, 2008.

King County Hearing Examiner
