**PRELIMINARY REPORT:**

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E08CT040 was received by the Examiner on January 13, 2009.

**PUBLIC HEARING:**

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E08CT040 was held by the Examiner on January 21, 2009, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington. The hearing was

reopened administratively on February 19, 2009, to address the applicants' request for award of credit for the easement and access bonus category and closed on March 4, 2009.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

**FINDINGS, CONCLUSIONS & RECOMMENDATION:** Having reviewed the record in this matter, the Examiner now makes and enters the following:

**FINDINGS:**

1. **General Information:**

Owners:	Joan Davis and Frank W. Davis 23145 - 50th Place SW Vashon, WA 98070		
Property location:	23145 and 23165 - 50th Place SW Vashon, WA 98070		
Zoning:	RA-2.5		
STR:	NW 14-22-03		
PBRS categories requested:	<p><b>Open space resources</b> Aquifer protection area Surface water quality buffer area Watershed protection area</p> <p><b>Bonus categories</b> Contiguous parcels under separate ownership Limited public access because of resource sensitivity Easement and access</p>		
Categories recommended:	<p><b>Open space resources</b> Aquifer protection area Buffer to public land Significant wildlife or salmonid habitat Watershed protection area (conditional)</p> <p><b>Bonus categories</b> Resource restoration (conditional) Contiguous parcels under separate ownership</p>		
Parcel:	445100-0140	445100-0150	445100-0160
Total acreage:	1.27	0.86	0.79
Recommended PBRS:	1.06	0.31	0.09 (0.39 conditionally)

Parcel:	445100-0170	445100-0180	445100-0190
Total acreage:	0.69	0.57	0.42
Recommended PBRS:	0.34 (0.41 conditionally)	0.23	0.28

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Revised Preliminary Report for the January 21, 2009, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
3. Timely application was made to King County for PBRS current use valuation of the subject property to begin in 2010. Notice of the application was given as required by law.
4. The property contains priority open space resources and is eligible for a total award of 15 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 40% of market value for 2.31 acres of the property.
5. Additional credit may be awarded administratively for the resource restoration category subject to Applicant submittal of a resource restoration plan by June 1, 2009, and subsequent approval by August 1, 2009. Award of credit for this category would increase the enrolling acreage for parcel no. 445100-0160 to 0.39 acre and for parcel no. 445100-0170 to 0.41 acre, thereby increasing the total enrolled acreage to 2.68 acres, and the total point award would increase to 20 with a current use valuation of 30% for the enrolled portion of the property.
6. Award under the watershed protection area category may also be granted administratively, if credit is awarded for the resource restoration category and 0.33 acres of the property are reforested. Award of credit for this category would increase the total point award to 25 with a resultant current use valuation of 20% for the enrolled portion of the property.

#### CONCLUSION:

1. Approval of current use valuation of 40% of market value (or as low as 20% as noted in Finding nos. 5 and 6 above) for 2.31 acres (or up to 2.68 acres as noted in Finding no. 5 above) of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

## RECOMMENDATION:

APPROVE current use valuation of 40% of market value (or as low as 20% as noted below) for 2.31 acres (or up to 2.68 acres as noted below) of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks revised report for the January 21, 2009 public hearing and the following conditional allowances:

- A. Credit may be awarded administratively for the resource restoration category as stated in Finding no. 5 above. Award of this category would increase the total award points to 20 with a current use valuation of 30% for the enrolled portion of the property.
- B. Additional administrative credit may be awarded for the watershed protection category as stated in Finding no. 6 above. Award of this category would increase the total award points to 25 with a current use valuation of 20% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED March 5, 2009.
