Department's Final:	Approve 12.07 acres for 50% of market value (contingent)

PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E08CT120 was received by the Examiner on April 23, 2009.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E08CT120 was opened by the Examiner on April 29, 2009, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington, and continued administratively to allow for further research into category qualification by the Applicant and DNRP. The hearing record closed on May 20, 2009.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. **General Information:**

Owner:	Argus Ranch, LLC	
Location:	35612 – 212th Way SE, Auburn	
PBRS categories requested:	Open space resources Active or passive recreation area Buffer to public land Equestrian-pedestrian trail linkage Rural open space Rural stewardship land Scenic resource, viewpoint or view corridor Shoreline: conservancy environment Significant wildlife or salmonid habitat	
Categories recommended:	Open space resources Farm and agricultural conservation land (contingent)	
STR:	NW 28-21-06	
Zoning:	A-10	
Parcel no.:	732770-0090	732770-0100
Total acreage:	10.47 acres	10.00 acres
Recommended PBRS:	6.26 acres	5.81 acres

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

- The subject property is currently enrolled in the farm and agriculture open space program. Timely application was made to King County for PBRS current use valuation of the property to begin in 2010. Notice of the application was given as required by law.
- Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report and testimony for the April 29, 2009, public hearing and supplemental recommendations (Exhibit no. 21) are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.

4. The following revisions were made administratively to the staff report by DNRP staff (see Exhibit no. 21):
 - A. Page 1: Section A.5 – for parcel 732770-0090, change the home site/excluded areas to “4.21” rather than “6.53” and change the recommended PBRS acreage to “6.26” rather than “3.94.” For parcel 732770-0100, change the home site/excluded areas to “4.19” rather than “4.82” and change the recommended PBRS acreage to “5.81” rather than “5.18.” The second sentence of the note should read, “The portion recommended for enrollment (12.07 acres)...less the excluded areas (8.40 acres)” rather than “The portion recommended for enrollment (9.12 acres)...less the excluded areas (11.35 acres)”.
 - B. Page 5: Equestrian-pedestrian trail linkage section – The second sentence should read, “The property does not contain a...” rather than “The property does contain a...” Farm and agricultural conservation land section – the farm management plan should be produced by “November 1, 2009” rather than “October 1, 2009.”
5. Award under the farm and agricultural conservation land category is contingent upon submittal of a King Conservation District-approved farm management plan for the subject property by November 1, 2009. Failure to qualify under this category will preclude the property from enrollment in the PBRS program at present due to lack of eligibility under any other resource categories. (Previously farmed areas, if replanted with native vegetation, may qualify under one or more other resource categories; that consideration would have to occur on reapplication.)
6. Subject to the above-noted contingency, the property contains priority open space resources and is eligible for a total award of 5 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 50% of market value for 12.07 acres of the property.

CONCLUSION:

1. Subject to the above-noted contingency, approval of current use valuation of 50% of market value for 12.07 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 50% of market value for 12.07 acres of the property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the April 29, 2009 public hearing and the contingency noted above.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to

implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED MAY 21, 2009.

King County Hearing Examiner
