87 entitles the purchaser to unlimited rides during the year indicated on the pass; and

88 5. Regional ((passes)) fare media.

89 a. Regional and institutional passes, in various single-trip value denominations
90 and for various effective periods, may be issued and sold in accordance with the terms of
91 an agreement approved by the county council and entered into with other public
92 transportation providers in the region. Institutions include employers, groups of employers,
93 educational institutions, transportation management associations and other organizations.

94 The various effective periods, single-trip values and prices for the regional and institutional
95 passes shall be established by the agreement. A valid regional or institutional pass may be
96 presented an unlimited number of times during its effective period as full or partial
97 payment of the applicable fare. To the extent the single trip value of the regional pass is
98 not sufficient to cover the applicable fare, the rider shall pay the difference in cash or from
99 an electronic stored value product, such as e-purse

100 b. For institutions entering into an annual institutional pass agreement, the
101 following schedule of calculations shall determine the cost of the annual agreement for
102 King County Metro's portion of the agreement:

103 First twelve months: TR x baseline trips

104 Second twelve months: (TR x baseline trips) + [(TR x added trips) x 1/3]

105 Third twelve months: (TR x baseline trips) + [(TR x added trips) x 2/3]

106 Fourth twelve months (and subsequent 12 month periods): (TR x baseline trips) + (TR x
107 added trips);

108 For purposes of this formula, "added trips" means those trips taken during the
109 prior twelve months, determined either from surveys or electronic counting of actual
110 institutional pass use, which exceed the number of baseline trips established at the
111 execution of the institutional pass agreement. Electronic counts of one month or more
112 will be annualized and used in lieu of survey results if available.

113 For purposes of this formula, "baseline trips" means the estimated number of
114 transit trips taken by the contracting party's covered population of students, employees or
115 others, or any combination thereof, in the twelve months preceding execution of the
116 institutional pass agreement. Baseline trips may be adjusted on an annual basis to account
117 for changes in the number of eligible employees.

118 For purposes of this formula, in the event a party terminates or does not renew an
119 institutional pass agreement, any subsequent institutional pass agreement entered into
120 with that party shall be priced as if in the "fourth twelve months and thereafter" category.

121 For purposes of this formula, "trip revenue" or "TR" means the weighted average
122 fare per trip determined by the department.

123 D. The rate of fare for paratransit service shall be \$1.00 per trip and \$27.00 for a
124 monthly pass.

125 E. The rate of fare for customized bus service to residents of Center Park, a facility
126 of the Seattle Housing Authority located at 2121 - 26th Avenue South, Seattle, is equal to
127 the paratransit fares specified in subsection D. of this section.

128 SECTION 3. Ordinance 13480, Section 3, as amended, and K.C.C. 28.94.165 are
129 each hereby amended to read as follows:

130 The director is authorized to issue, sell, consign((s)) or accept, or any combination
131 thereof, electronic stored value products, tickets, tokens, commodities or certificates at rates
132 equal to the equivalent cash fare or sold and accepted in accordance with the terms of an
133 agreement previously approved by the county council and entered into with other public
134 transportation providers in the region. In order to implement the consignment of fare
135 media authorized under this chapter, the executive is authorized to enter into retail
136 consignment contracts to pay commissions to outlets which sell the fare media.

137 SECTION 4. Ordinance 12643, Section 6, as amended, and K.C.C. 28.94.175 are
138 each hereby repealed.

139 SECTION 5. Ordinance 12643, Section 23, and K.C.C. 28.94.265 are each
140 hereby amended to read as follows:

141 The director shall submit annually to the council, by no later than the date on
142 which the executive transmits the executive proposed budget to the council, a report on
143 the services and fares authorized by K.C.C. ((28.94.050 and 28.94.175 through 28.94.250
144 of this chapter)) 28.94.035, 28.94.180, 28.94.185, 28.94.190, 18.94.195, 28.94.200,
145 28.94.210, 28.94.215, 28.94.220, 28.94.225, 28.94.230, 28.94.235, 28.94.240 and
146 28.94.245.

147 SECTION 6. Ordinance 16650, Section 1, and K.C.C. 21A.55.101 are each
148 hereby amended to reads as follows:

149 A.1. The purpose of the sustainable communities and housing demonstration
150 projects is to provide affordable housing and workforce housing integrated into
151 developments containing market rate housing and maximize sustainable development,
152 which includes bike, pedestrian and transit connections, a mix of housing types, and the
153 use of recyclable materials. The demonstration projects will provide information on the
154 application of these techniques to urban infill redevelopment and urban single family
155 residential development, some of which may include mixed use. The demonstration
156 projects will also assist the county in refining regulations relating to zoning, subdivision,
157 roads and stormwater as they relate to sustainable development.

158 2. The demonstration projects will also enable the county to evaluate whether
159 consolidated administrative approval of zoning and subdivision-related modifications or
160 waivers and any subsequent hearings, if required, effectively speeds the development
161 review process while maintaining land use coordination and environmental protection
162 and whether that leads to administrative costs savings for project applicants and King
163 County.

164 B. The expected benefits from the demonstration projects include: the use of
165 innovative design and development techniques to promote sustainable communities,
166 reduced impervious surface areas for site infrastructure; a greater use of recycled-content
167 building materials and more efficient use of energy and natural resources; and the
168 opportunity to identify and evaluate potential substantive changes to land use

169 development regulations that support the development of sustainable and affordable
170 housing.

171 C. A request by the applicant to modify or waive development standards for the
172 development proposals shall be evaluated by the department of development and
173 environmental services based on the criteria in subsection J. of this section. A request
174 shall first be either approved or denied administratively and may be further reviewed as
175 described in subsection H.3. of this section. Approval or denial of the proposed
176 modification or waiver shall not be construed as applying to any other development
177 application either within the demonstration project area or elsewhere in the county.

178 D. A modification or waiver approved by the department of development and
179 environmental services in accordance with this section shall be in addition to those
180 modifications or waivers that are currently allowed by this title. The proposed
181 modifications or waivers to development regulations that may be considered regarding
182 sustainable communities and housing demonstration projects shall include only the
183 following chapters and related public rules:

- 184 1. Drainage review requirements: K.C.C. chapter 9.04 and the Surface Water
185 Design Manual;
- 186 2. King County road standards: K.C.C. chapter 14.42 and the county road
187 standards, 2007 update;

- 191 6. Parking and circulation: K.C.C. chapter 21A.18;

192 7. Signs: K.C.C. chapter 21A.20;

193 8. Critical areas: K.C.C. chapter 21A.24, if the modification results in a net
194 improvement to the functions of the critical area; and

195 9. Landscape installation timing: K.C.C. chapters 27A.30 and 27A.40.

196 E. A demonstration project authorized by this section may contain residential and
197 limited nonresidential uses subject to the following:

198 1. The demonstration project may include any residential uses as allowed as a
199 permitted use in the R12 - 48 zones, subject to any development conditions in K.C.C.
200 21A.08.030, without the need to request a modification or waiver as described in
201 subsection H. of this section. The applicant may request a modification or waiver of any
202 of the development conditions for residential uses contained in K.C.C. 21A.08.030,
203 subject to the review process described in subsection H. of this section and the criteria in
204 subsection J. of this section;

225 per use, with a total maximum of all nonresidential uses not to exceed ten percent of the
226 area of the demonstration project site or twenty thousand square feet, whichever is
227 smaller. The applicant may request a modification or waiver of the development
228 conditions for nonresidential uses in K.C.C. 21A.08.030, 21A.08.040, 21A.08.050,

256 section.

257 3. Except for an applicant's request for a modification or waiver submitted in

262 land use decision in accordance with K.C.C. 20.20.020.

263 4. A preapplication meeting with the applicant and the department of
264 development and environmental services to determine the need for and the likely scope of

282 7. Administrative appeals of modifications or waivers approved by the director
283 shall be combined with any appeal of the underlying permit decision, if the underlying
284 permit is subject to appeal.

285 I. An approved development proposal for any of the applications listed in
286 subsection H.1. of this section, including site plan elements or conditions of approval
287 may be amended or modified at the request of the applicant or the applicant's successor in
288 interest designated by the applicant in writing. The director may administratively
289 approve minor modifications to an approved development proposal. Modifications that
290 result in major changes as determined by the department or as defined by the approval
291 conditions shall be treated as a new application for purposes of vesting and shall be
292 reviewed as applicable to the underlying application pursuant to K.C.C. 20.20.020. Any
293 increase in the total number of dwelling units above the maximum number set forth in the
294 development proposal permit or approval shall be deemed a major modification. The
295 county, through the applicable development proposal permit or approval conditions, may
296 specify additional criteria for determining whether proposed modifications are major or
297 minor. The modifications allowed under this section supersede other modification or
298 revision provisions of K.C.C. Title 16((,)) and Title 19A and this title.

299 J.1. To be eligible to use the provisions of this section, a demonstration project

306 3.a. Applications must demonstrate how the proposed project, when considered

408 regional reduced fare permit program authorized under K.C.C. 28.94.255. The annual pass
409 entitles the purchaser to unlimited rides during the year indicated on the pass; and

410 4. Regional fare media.

411 a. Regional and institutional passes, in various single-trip value denominations
412 and for various effective periods, may be issued and sold in accordance with the terms of
413 an agreement approved by the county council and entered into with other public
414 transportation providers in the region. Institutions include employers, groups of employers,
415 educational institutions, transportation management associations and other organizations.
416 The various effective periods, single-trip values and prices for the regional and institutional
417 passes shall be established by the agreement. A valid regional or institutional pass may be
418 presented an unlimited number of times during its effective period as full or partial
419 payment of the applicable fare. To the extent the single trip value of the regional pass is
420 not sufficient to cover the applicable fare, the rider shall pay the difference in cash or from
421 an electronic stored value product, such as e-purse.

422 b. For institutions entering into an annual institutional pass agreement, the
423 following schedule of calculations shall determine the cost of the annual agreement for
424 King County Metro's portion of the agreement :

425 First twelve months: $TR \times \text{baseline trips}$

426 Second twelve months: $(TR \times \text{baseline trips}) + [(TR \times \text{added trips}) \times 1/3]$

427 Third twelve months: $(TR \times \text{baseline trips}) + [(TR \times \text{added trips}) \times 2/3]$

428 Fourth twelve months (and subsequent 12 month periods): $(TR \times \text{baseline trips}) + (TR \times$
429 $\text{added trips})$:

430 For purposes of this formula, "added trips" means those trips taken during the
431 prior twelve months, determined either from surveys or electronic counting of actual
432 institutional pass use, which exceed the number of baseline trips established at the
433 execution of the institutional pass agreement. Electronic counts of one month or more
434 will be annualized and used in lieu of survey results if available.

435 For purposes of this formula, "baseline trips" means the estimated number of
436 transit trips taken by the contracting party's covered population of students, employees or
437 others, or any combination thereof, in the twelve months preceding execution of the
438 institutional pass agreement. Baseline trips may be adjusted on an annual basis to account
439 for changes in the number of eligible employees.

440 For purposes of this formula, in the event a party terminates or does not renew an
441 institutional pass agreement, any subsequent institutional pass agreement entered into
442 with that party shall be priced as if in the "fourth twelve months and thereafter" category.

443 For purposes of this formula, "trip revenue" or "TR" means the weighted average
444 fare per trip determined by the department.

445 D. The rate of fare for paratransit service shall be (~~(\$1.00)~~) \$1.25 per trip and
446 (~~(\$27.00)~~) \$45.00 for a monthly pass.

447 E. The rate of fare for customized bus service to residents of Center Park, a facility
448 of the Seattle Housing Authority located at 2121 - 26th Avenue South, Seattle, is equal to
449 the paratransit fares specified in subsection D. of this section.

450 SECTION 9. Ordinance 12643, Section 19, as amended, and K.C.C. 28.94.245 are
451 each hereby amended to read as follows:

452 The director is authorized to establish a program for the sale and distribution of
453 tickets to human service agencies at twenty percent of their cash value for the purpose of
454 meeting the transportation needs of low income and homeless populations. The total
455 amount of the eighty percent discount provided under the program shall not exceed one
456 million (~~five hundred~~) eight hundred seventy-five thousand dollars for any one year. The
457 allocation of discount tickets under the program shall be made by the director in
458 conjunction with local jurisdictions and the county's department or departments responsible
459 for human services programs. The local jurisdictions and the county department or
460 departments shall determine the number of tickets from their respective allocations which
461 shall be sold to the human service agencies eligible under the program. Tickets sold under
462

463 the program are valid on all public transportation and paratransit service.

464 SECTION 10. Sections 8 and 9 of this ordinance take effect January 1, 2011.
