**CORRECTED REPORT AND RECOMMENDATION TO THE METROPOLITAN KING COUNTY COUNCIL**

**SUBJECT:** Department of Natural Resources & Parks (DNRP), Water and Land Resources Division,  
file no. **E10CT014**  
Proposed Ordinance No. **2010-0583**

Open Space Taxation (Public Benefit Rating System; PBRs)  
Application of  
**LARRY D. AND RICK R. GREGERSON**  
41506 292nd Way SE

**SUMMARY OF RECOMMENDATIONS:**

Department's Preliminary:	Approve 3.68 acres for 50% of market value (.32 acre contingent)
Department's Final:	Approve 3.68 acres for 50% of market value (.32 acre contingent)
Examiner:	Approve 3.68 acres for 50% of market value (.32 acre contingent)

**PRELIMINARY REPORT:**

The DNRP Report on item no. E10CT014 was received by the Examiner on December 28, 2010.

**PUBLIC HEARING:**

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application on January 5, 2011, in the Chinook Building, Conference Room 116, 401 Fifth Avenue, Seattle, Washington. The hearing was continued administratively on-call for receipt of further input from DNRP staff, which was received January 10, 2011, at which time the record closed.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

**FINDINGS, CONCLUSIONS & RECOMMENDATION:** Having reviewed the record in this matter, the Examiner now makes and enters the following:

**FINDINGS:**

1. **General Information:**

Owners:	Larry D. and Ricky R. Gregerson
Location:	41506 292nd Way SE, Enumclaw
PBRS categories requested:	<b>Open space resources</b> Farm and agricultural conservation land Significant wildlife or salmonid habitat
	<b>Bonus categories</b> Resource restoration
Categories recommended:	<b>Open space resources</b> Farm and agricultural conservation land
	<b>Bonus categories</b> Resource restoration (contingent)
STR:	SE 07-20-07
Zoning:	RA-35
Parcel no.:	072007-9069
Total acreage:	6.42 acres
Recommended PBRS:	3.68 acres (.32 acres contingent)

(The land area recommended for PBRS enrollment is the entire parcel less the excluded area, which is what has been calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)

- Timely application was made to King County for PBRS current use valuation of the property to begin in 2012. Notice of the application was given as required by law.
- Except as modified herein, the facts set forth in the DNRP Preliminary Report and testimony for the January 5, 2011, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the Metropolitan King County Council.
- Award under the resource restoration bonus category is *contingent upon submittal of an amended restoration plan, a draft of which should be submitted to DNRP by no later than April 1, 2011, and approved by no later than June 1, 2011.* The amended restoration plan must address restoration of the property along the northern boundary line, which connects the already restored Newaukum Creek buffer in the northwest corner of the parcel to the 3.36-acre eastern portion of the property receiving credit for the farm and agricultural category. Failure to qualify under this category would reduce the enrolled area from 3.68 acres to 3.36 acres and reduce the point total from 10 to 5 points with no direct effect on the current use valuation for the enrolled portion of the property.

5. Subject to the above-noted contingency, the property contains priority open space resources and is eligible for a total award of 10 points under the King County Public Benefit Rating System. The resulting current use valuation therefore would be 50% of market value for 3.68 acres of the property.

**CONCLUSION:**

1. Subject to the above-noted contingency, approval of current use valuation of 50% of market value for 3.68 acres of the property pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens

**RECOMMENDATION:**

APPROVE current use valuation of 3.68 acres for 50% of market value of the property, subject to the conditions recommended in the DNRP report for the January 5, 2011 public hearing and the contingency noted above.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED January 24, 2011.

CORRECTED January 26, 2011.
