Conservation Futures (CFT) Project Descriptions

Suburban City CFT Projects:

Ordinance 17073:

315765 Snoqualmie Riverfront Reach (City of Snoqualmie)

2011: The scope of the Snoqualmie Riverfront Reach project is expanded to include additional properties lying along the Snoqualmie River. The area is identified in the City of Snoqualmie's plan for a riverwalk park along the Snoqualmie River. The city is unable to reach agreement with the owners of two properties originally identified in this project, and it has requested an expansion of the project scope to include additional properties.

Ordinance 17181:

315787 Normandy Park - Beaconsfield on the Sound

2011: \$563,000 in additional funding is provided to this Puget Sound shoreline acquisition project from Normandy Park's abandoned Walker Creek Preserve Project. This project has many parcels and owners. The project will provide additional public beach access, preserve scenic Puget Sound shoreline from development, and protect upland shoreline habitat. It will also help prevent the construction of additional shoreline bulkheads, and potentially allow for removal of some existing shoreline armoring, if that is found to be feasible.

Seattle Projects:

Ordinance 17181:

315404 Seattle - Thornton Creek Park 6 Natural Area

2011: This project is a one-parcel urban stream corridor acquisition project in north Seattle that is located three blocks from Northgate Mall. The project will receive an additional \$30,000 to help meet a project funding shortfall. The project site has a rare large Sequoia tree that will be accessible to the public.

315449 Seattle - Lake City Urban Village Park

2011: \$30,000 will be reallocated to this project to acquire a new .25 acre passive open space park site in the Lake City Hub Urban Village in Seattle. The project was funded last year and has a shortfall, and this reallocation from the abandoned Lake Forest Park 40th Place Greenbelt project, which is located a few miles north, will help meet the funding shortfall.
