1                   AN ORDINANCE approving the City of Algona Water  
2                   System Plan.

3                   STATEMENT OF FACTS:

4                   1. King County has adopted K.C.C. chapter 13.24, which requires  
5                   approval of comprehensive plans for water utilities that distribute or obtain  
6                   water in unincorporated King County as a prerequisite for operating in  
7                   unincorporated King County, receiving approval for annexation proposals,  
8                   being granted right of way franchises, and being given approval for right-  
9                   of-way construction permits. K.C.C. 13.24.060 prescribes the  
10                  requirements for approval of such plans, including consistency with state  
11                  and local planning requirements.

12                  2. The city of Algona's last water system plan was prepared in 2006.  
13                  Both Washington state Department of Health and King County regulations  
14                  require water system plans to be updated every six years.

15                  3. The city's service area is within King County and the city has adopted a  
16                  water system plan update ("the plan").

17                  4. King County has adopted a Comprehensive Plan that includes water  
18                  supply policies in its provisions for facilities and services (policies F-101  
19                  through F-254) that call for consistency with other adopted plans, support

20 for regional water supply planning, pursuit of reclaimed water, water  
21 conservation and protection of water resources.

22 5. K.C.C. chapter 13.24 requires the utilities technical review committee  
23 to review and make a recommendation to the King County executive and  
24 council on the plan, the requirements under K.C.C. chapter 13.24 and  
25 consistency with the King County Comprehensive Plan. The utilities  
26 technical review committee has reviewed the planning data and city  
27 operations and has found:

28 a. The plan uses population and employment forecasts developed by the  
29 Puget Sound Regional Council and acknowledges the housing and job  
30 growth targets adopted by the Growth Management Planning Council for  
31 the city's service area;

32 b. Portions of the city's service area are in unincorporated King County;

33 c. The capital facility plan is adequate to meet anticipated facility and  
34 service needs;

35 d. The plan is consistent with applicable Washington state water quality  
36 laws; and

37 e. The plan is consistent with other pertinent county adopted plans and  
38 policies.

39 6. The Washington state Department of Health approval is pending upon  
40 King County's approval of the plan.

41 7. Under the state Environmental Policy Act the city issued a  
42 Determination of Nonsignificance for the issuance of the plan on

43 August 5, 2013. There were no appeals.

44 8. The city's operations and facilities meet multiple existing statutory,  
45 administrative and planning standards. As the city's operations, facilities  
46 and planning meet the requirements of the King County Code, and are  
47 consistent with the King County Comprehensive Plan, the utilities  
48 technical review committee has recommended approval of the plan.

49 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

50            SECTION 1. The City of Algona Water System Plan, Attachment A to this  
51 ordinance, is hereby approved as a water system plan.
