SUMMARY OF RECOMMENDATIONS:

Department's Recommendation:	Approve 18.06 acres for 20% of market value
Examiner's Recommendation:	Approve 18.06 acres for 20% of market value

PRELIMINARY REPORT:

On November 6, 2015, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E15CT012 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on November 18, 2015, in the Ginger Conference Room, 12th Floor, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on November 13, 2015.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS, CONCLUSIONS AND RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. General Information:

Owner:	Hans Reutter 16831 NE 35th Place Bellevue, WA 98008
Location:	30XXX SE 64th Street, Preston
STR:	NE 29-24-07
Zoning:	RA-5SO
Parcel no.:	2924079059
Total acreage:	20.06 acres

- The Applicant timely filed an application to King County for PBRs program current use valuation of the property to begin in 2017. As required by law, notification of the application occurred.
- A summary of relevant PBRs categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strikethrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisks* represent a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Buffer to public or current use classified land	3
	Forest stewardship land	
	<i>Rural open space</i>	5
	Significant wildlife or salmonid habitat	5
	Surface water quality buffer	5
	Watershed protection area	5
	<u>Bonus Categories</u>	
	<i>Additional surface water quality buffer</i>	5
		<hr/> 28

The DNRP-recommended score of 28 points results in a current use valuation of 20% of market value for the enrolled portion of the property. Additional credit may be awarded administratively under the forest stewardship land category subject to approval of the already-submitted forest stewardship plan by **July 29, 2016**. Award of credit under this category would increase the point total by 5 points, which though it would have no effect on the market valuation, may allow for forestry activities in the participating open space area.

4. The Applicant originally requested to enroll 16 of the 20.06 acres in PBRS, leaving 4.06 excluded. After working with DNRP, the Applicant and DNRP arrived at 18.06 acres, leaving a 2.00 area excluded for a homesite. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in the DNRP preliminary report and testimony at the November 18, 2015, public hearing are correct and incorporated herein by reference. Copies of this report and the department report will be provided to the Metropolitan King County Council for final approval.

CONCLUSION:

1. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 28 points and a current use valuation of 20% of market value for 18.06 acres of the property and conditional approval of 5 additional points (which would bring the total to 33 points and 20% of market value for 18.06 acres of the property), is consistent with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

2. The subject property is currently enrolled in the Timber Land program. Any open space taxation participation agreement signed as a result of approval of this application should be worded to supersede any prior agreement for the parcel.

RECOMMENDATION:

1. APPROVE current use valuation of 20% of market value for the 18.06-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE additional credit under the forest stewardship land category, to be awarded administratively, if the Applicants' already submitted forest stewardship plan is approved by July 29, 2016, which though it would have no effect on the market valuation, may allow for forestry activities in the participating open space area.
