**Proposed No.** 2020-0042.1

**Sponsors** Dunn

1                   AN ORDINANCE approving the Sammamish Plateau  
2                   Water 2018 Water Comprehensive Plan Revised October  
3                   2019.

4                   STATEMENT OF FACTS:

- 5                   1. King County has adopted K.C.C. chapter 13.24, which requires  
6                   approval of comprehensive plans for water utilities that distribute or obtain  
7                   water in unincorporated King County as a prerequisite for operating in  
8                   unincorporated King County, receiving approval for annexation proposals,  
9                   being granted right-of-way franchises, and being given approval for right-  
10                  of-way construction permits. K.C.C. 13.24.060 prescribes the  
11                  requirements for approval of such plans, including consistency with state  
12                  and local planning requirements.
- 13                  2. RCW 57.16.010 requires that general comprehensive plans by special  
14                  purpose districts be submitted to, and be approved by, the legislative  
15                  authority within whose boundaries all or a portion of a utility lies.
- 16                  3. The Sammamish Plateau Water and Sewer District's service area is  
17                  within King County and the district has adopted a comprehensive water  
18                  system plan ("the plan"). The district's previous water system plan was  
19                  prepared in 2010 and extended in 2012.

20 4. King County has adopted a comprehensive plan that includes water  
21 supply policies in its provisions for facilities and services (policies F-101  
22 through F-254) that call for consistency with other adopted plans, support  
23 for regional water supply planning, pursuit of reclaimed water, water  
24 conservation and protection of water resources.

25 5. K.C.C. chapter 13.24 requires the utilities technical review committee  
26 to review and make a recommendation to the King County executive and  
27 council on the plan and the requirements under K.C.C. chapter 13.24 and  
28 consistency with the King County Comprehensive Plan. The utilities  
29 technical review committee has reviewed the planning data and district's  
30 operations and has found:

31 a. The plan uses population and employment forecasts developed by the  
32 Puget Sound Regional Council for the district's service area;

33 b. The district's service area is in both incorporated and unincorporated  
34 King County;

35 c. The capital facility plan is adequate to meet anticipated facility and  
36 service needs;

37 d. The plan is consistent with applicable Washington state water quality  
38 laws; and

39 e. The plan is consistent with other pertinent county adopted plans and  
40 policies.

41 6. The Washington state Department of Health approval is pending upon  
42 King County's approval of the plan.

43           7. Under the state Environmental Policy Act, the district issued a  
44           determination of nonsignificance for the plan on February 19, 2018.

45           There were no appeals.

46           8. The district's operations and facilities meet multiple existing statutory,  
47           administrative and planning standards. As the district's operations,  
48           facilities and planning meet the requirements of the King County Code  
49           and are consistent with the King County Comprehensive Plan, the utilities  
50           technical review committee has recommended approval of the plan.

51           BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

52           SECTION 1. The Sammamish Plateau Water and Sewer District 2018 Water

53 Comprehensive Plan Revised October 2019, Attachment A to this ordinance, is hereby
