FINDINGS AND CONCLUSIONS:

Location:	27022 SE 150th Street, Issaquah

- The Applicant timely filed an application to King County for the Public Benefit Rating System (PBRS) program current use valuation of the property to begin in 2020. As required by law, notification of the application occurred. This application reclassifies the property from the timberland program into PBRS. Any PBRS agreement must supersede the timberland program enrollment.
- A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~strike through~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any **asterisk** represents a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u>	
	Aquifer protection area	0
	<i>Buffer to public or current use classified land</i>	3
	*Forest stewardship land	*
	Rural open space	0
	Rural stewardship land	0
	Significant plant or ecological site	0
	Significant wildlife or salmonid habitat	5
	Special animal site	0
	Surface water quality buffer	0
	Watershed protection area	5
	<u>Bonus category</u>	
	Public access — Environmental education	0
		<hr/> 13

The DNRP-recommended score of 13 points results in a current use valuation of 40% of assessed value for the enrolled portion of the property.

4. Additional credit may be awarded administratively under the forest stewardship land category, subject to DNRP approving an updated forest stewardship plan by **December 31, 2020**. Award of this credit will increase the point total to 18 points, resulting in a current use valuation of 30% of assessed value for the enrolled portion of the property and potentially allowing approved forestry activities to occur on the property.
5. As to the land area recommended for PBRS enrollment, the Applicant requested 9.13 acres and DNRP recommends 8.72 acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
6. Except as modified herein, the facts set forth in DNRP's preliminary report and testimony at the April 23, 2020, public hearing are correct and incorporated herein by reference. Copies of this report and DNRP's report will be provided to the Metropolitan King County Council for final approval.
7. Approval of 13 points (and a current use valuation of 40% of assessed value for 8.72 acres) and conditional approval of 5 additional points (and a current use valuation of 40% of assessed value for those 8.72 acres) of the property are consistent with KCC Chapter 20.36 and with the purposes and intent of King County to maintain, preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

1. APPROVE a current use valuation of 40% of assessed value for the 8.72-acre enrolled portion of the property.
2. CONDITIONALLY APPROVE a current use valuation of 30% of assessed value for the 8.72-acre enrolled portion of the property.
