## 1742 P1 PROVIDED THAT:

Ordinance 19712

---

1743           Of this appropriation, \$1,000,000 for capital project 1143934, South Plant Co-  
1744 Digestion ("WTD capital project"), and \$9,500,000 for capital project 1143795, Solid  
1745 Waste Co-digestion Pre-processing Facility ("SWD capital project"), shall not be  
1746 expended or encumbered until the executive transmits a commercial organics co-  
1747 digestion planning report and a motion that should acknowledge receipt of the report, and  
1748 a motion acknowledging receipt of the report is passed by the council. The motion  
1749 should reference the subject matter, the proviso's ordinance number, ordinance section  
1750 and proviso number in both the title and body of the motion.

1751           A. For the purposes of this proviso, "feedstock" means the organics collected  
1752 from generators of organic waste materials and is used as an input for a processing  
1753 facility.

1754           B. The department of natural resources and parks, solid waste division ("SWD")  
1755 and wastewater treatment division ("WTD"), shall coordinate on the development of the  
1756 commercial organics co-digestion planning report. The report shall include, but not be  
1757 limited to, the following:

1758           1. A description of the public engagement process used by SWD that includes a  
1759 list of the stakeholders approached, how these stakeholders were engaged and a summary  
1760 of the stakeholder concerns. The public engagement process shall include, but not be  
1761 limited to, outreach to entities that provide organics collection to commercial customers  
1762 or that provide organics processing;

1763           2. An analysis from SWD that describes how the SWD capital project is  
1764 expected to impact existing entities that provide organics collection to commercial  
1765 customers or that provide organics processing while respecting the open-market system

Ordinance 19712

---

1766 for commercial organics collection currently in place; i.e., rate subsidies should not be  
1767 considered. The analysis shall include identification of any potential adverse impacts to  
1768 these entities, including those resulting from competition for feedstock, and  
1769 recommended strategies to mitigate the adverse impacts identified;

1770           3. A discussion from SWD that provides justification for moving forward with  
1771 this SWD capital project instead of other potential actions to enhance or expand the  
1772 regional organics collection and processing system. The discussion shall specifically  
1773 consider: (1) providing additional supports to existing entities that provide organics  
1774 collection to commercial customers or that provide organics processing in order to  
1775 expand regional capacity; or (2) moving forward with the exploratory partnership  
1776 between the county and the Port of Seattle on sustainable aviation fuel if organics are  
1777 identified in the ongoing feasibility study as potential aviation fuel feedstock;

1778           4. An analysis from SWD for how it intends to flow control open market  
1779 organic recyclables for digestion with respect to the current open market system;

1780           5. An analysis from WTD that evaluates whether the utilization of anaerobic  
1781 digesters at the South Treatment Plant in Renton for the co-digestion of organics with  
1782 wastewater solids is likely to impact the designation and value of environmental credits  
1783 referred to as Renewable Information Numbers ("RINS") attached to the sale of South  
1784 Plant biomethane, and how any such an impact relates to provisions of the agreement for  
1785 sale of South Plant biomethane and associated environmental credits; and

1786           6. Separate project plans for the WTD and SWD capital projects, or a joint  
1787 project plan that encompasses both projects. The separate project plans or the joint  
1788 project plan shall be informed by the public outreach process described in subsection B.1.

Ordinance 19712

---

1789 of this proviso and the analyses required by subsection B.2, 3., and 4 of this proviso. The  
1790 separate project plans or the joint project plan shall include, but not be limited to, the

1793 anticipated to be available as RCW 70A.205.545 is implemented;

1794 b. the business case for the county providing justification for the county's  
1795 investment in the WTD and SWD capital projects;

1796 c. whether the SWD capital project will be operated by a third party or SWD,  
1797 as well as the justification supporting the selected operator choice;

1798 d. whether land acquisition will be needed to site the SWD capital project or  
1799 whether existing county-owned land such as the Renton Recycling and Transfer Station  
1800 will be used;

1801 e. how the feedstock will be secured for the SWD capital project and whether  
1802 acceptance of organics will be limited to the SWD service area. If acceptance of organics  
1803 will not be limited to the SWD service area, the separate project plan for the SWD capital  
1804 project or the joint project plan shall include a plan for mitigating the potential that the  
1805 SWD capital project would be supported by revenues from county disposal fee payers but  
1806 used by nonfeepayers;

1807 f. whether all, a portion or none, of the pre-processed organics at the SWD  
1808 capital project will go to the WTD capital project and a plan for how any pre-processed  
1809 materials would be transported to the WTD capital project, as well as any supporting  
1810 analysis;

Ordinance 19712

---

1811 g. a plan from WTD for mitigating any risks resulting from the impacts  
1812 identified in the evaluation provided for in subsection B.4. of this proviso related to  
1813 potential changes in RINS classifications resulting from utilization of WTD's South Plant  
1814 digesters for co-digesting organics;

1815 h. updated estimated capital and operating costs for both the WTD and SWD  
1816 capital projects with any assumptions in the cost estimates clearly articulated;

1817 i. a description of any proposed cost recovery or cost sharing arrangements for  
1818 the WTD capital project and SWD capital project; and

1819 j. next steps for both the WTD and SWD capital projects that include a high-  
1820 level timeline with significant project actions and milestones.

1822 report and motion required by this proviso no later than November 1, 2024, with the clerk

Electronic Record and Signature Disclosure

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, King County-Department of 02 (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

### **How to contact King County-Department of 02:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: [cipriano.dacanay@kingcounty.gov](mailto:cipriano.dacanay@kingcounty.gov)

### **To advise King County-Department of 02 of your new email address**

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at [cipriano.dacanay@kingcounty.gov](mailto:cipriano.dacanay@kingcounty.gov) and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

### **To request paper copies from King County-Department of 02**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to [cipriano.dacanay@kingcounty.gov](mailto:cipriano.dacanay@kingcounty.gov) and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

### **To withdraw your consent with King County-Department of 02**

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to [cipriano.dacanay@kingcounty.gov](mailto:cipriano.dacanay@kingcounty.gov) and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

### **Required hardware and software**

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

### **Acknowledging your access and consent to receive and sign documents electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
