6.09.010 Findings of fact. The King County council makes the following findings of fact based on: the evidence of conduct occurring in and around adult entertainment businesses as reported in O'Day v. King County, 109 Wn.2d 796 (1988) and as reported in public testimony and other evidence, information, documents and other materials received by the King County council, including but not limited to the legislative record supporting Ordinance 7216, adopted in 1985, Ordinance 9915, adopted in 1991, Ordinance 13546 and Ordinance 13548. The King County council also makes the following findings having taken legislative notice of the evidence of conduct occurring in and around adult entertainment businesses located in other jurisdictions, which the council hereby deems to be relevant to the experience in King County, as reported in judicial opinions including but not limited to Kev, Inc. v. Kitsap County, 793 F.2d 1053 (9th Cir. 1986), Ino Ino, Inc. v. City of Bellevue, 132 Wn.2d 103 (1997), DCR, Inc. v. Pierce County, 92 Wn.App. 660 (1998) and Colacurcio v. City of Kent, 163 F.3d 545 (9th Cir. 1998) and as reported in the studies and findings of other city and county legislative bodies that have also adopted ordinances regulating adult entertainment businesses, including but not limited to the counties of Kitsap, Pierce, Snohomish and Spokane and the cities of Bellevue, Bothell, Everett, Federal Way, Kent, Lake Forest Park, Redmond, Renton, Seattle, Shoreline and Tukwila.

A. The operation of adult entertainment businesses has historically and regularly been accompanied by secondary effects that are detrimental to the public health, safety,
morals and general welfare of the citizens of King County. Such secondary effects include significant criminal activity and activities injurious to the public health, safety, morals and general welfare of the community, detrimental effects on nearby businesses and residential areas and a decline in property values in the area of the adult entertainment businesses. This history of criminal and injurious activity includes prostitution, narcotics and liquor law violations, breaches of the peace, assaults, employment or involvement of minors, sexual conduct between customers or between customers and entertainers, the opportunity for the spread of sexually transmitted diseases and the presence within the industry of individuals with hidden ownership interests and outstanding arrest warrants. Accordingly, there is a compelling need and interest to regulate adult entertainment businesses as provided in this chapter to protect and promote the public health, safety, morals and general welfare of the citizens of King County;

B. These activities occur regardless of whether adult entertainment is presented in conjunction with the sale of alcoholic beverages;

C. The resources available for responding to problems associated with adult entertainment businesses are limited and are most efficiently and effectively utilized through a licensing and regulatory program;

D. The license fees required in this ordinance are necessary as reasonable fees imposed to help defray the costs of processing the license applications and the substantial expenses incurred by King County in regulating the adult entertainment industry;

E. Adult entertainment businesses have historically engaged in practices that involve secreting ownership interests for such purposes as money laundering, skimming profits and tax evasion. These hidden ownership interests have, on occasion, been held by individuals and entities reputed to be involved in organized crime. To detect and discourage the involvement of organized crime in the adult entertainment industry, to effectively deploy its limited law enforcement resources and to effectively protect the public health, safety, morals and general welfare of its citizenry, the county must be fully apprised of the actual and controlling interests of adult entertainment businesses and the identities and criminal backgrounds of persons responsible for the management and control of such businesses;

F. To detect and discourage the involvement of organized crime in the adult entertainment industry, to prevent the exploitation of minors, to assure the correct identification of persons working in adult entertainment businesses, to effectively deploy its limited law enforcement resources and to effectively protect the public health, safety, morals and general welfare of its citizenry, the county must be fully apprised of the identity, age and criminal background of managers in adult entertainment businesses;

G. It is necessary to have a licensed manager on the premises of an adult entertainment business during all hours of operation so there will be a person responsible for the overall operation of the business, including the actions of customers, entertainers and other employees. To monitor the actions of these individuals, a manager must be able to observe these individuals at all times;

H. To prevent the exploitation of minors, to assure the correct identification of persons working in adult entertainment businesses, to effectively deploy its limited law enforcement resources and to effectively protect the public health, safety, morals and general welfare of its citizenry, the county must be fully apprised of the identity, age and criminal background of entertainers in adult clubs;

I. Proximity between entertainers and customers in adult clubs facilitates sexual conduct, prostitution, transactions involving controlled substances and other crimes. To deter such conduct and assist law enforcement in detecting it, King County has historically required that an entertainer exposing nudity must be separated from customers by performing on a stage at least eighteen inches above the floor and at least six feet from the nearest patron and has prohibited entertainers from engaging in sexual conduct;
J. There is substantial evidence that such prohibitions are ineffective. Entertainers in adult clubs perform offstage erotic performances, variously referred to as "table", "couch" or "lap" dances, which typically involve exposure of nudity or sexual conduct between entertainers and customers, or both, and may also include acts of prostitution, transactions involving controlled substances and other crimes. To effectively deter such conduct and assist law enforcement in detecting it, it is necessary that all erotic performances in an adult club occur on a stage which is at least ten feet from the nearest customer. Such a requirement is in effect in the city of Kent, Kitsap county and Pierce county and has been upheld as a constitutional regulation that furthers the governmental interest in preventing sexual conduct and other criminal conduct while still allowing an entertainer to convey an erotic expression (see Colacurcio v. City of Kent, 163 F.3d 545 (9th Cir. 1998), Kev, Inc. v. Kitsap County, 793 F.2d 1053 (9th Cir. 1986) and DCR, Inc. v. Pierce County, 92 Wn.App. 660 (1998), respectively).

K. To prevent sexual conduct from occurring between entertainers and customers, customers must be prohibited from any stage where adult entertainment occurs and be prohibited from passing tips, gratuities or other payments directly to entertainers performing on stage.

L. Adult entertainment businesses have historically attempted to prevent law enforcement and licensing officials from detecting sexual conduct, prostitution, sale and distribution of controlled substances and other violations of law occurring on the premises by employing warning systems, maintaining a low level of lighting and other techniques. It is necessary, to effectively enforce this ordinance and to protect the public health, safety, morals and general welfare of the county's citizenry, that adult entertainment businesses be required to maintain a minimum level of lighting, that warning devices and systems be prohibited and that unannounced inspections be permitted by county licensing and law enforcement personnel;

M. Adult arcades provide booths for individual viewing of live performances, videos and films distinguished or characterized by an emphasis on nudity or sexual conduct. Existing standards of conduct and facility specifications have not deterred customers from engaging in sexual conduct in such businesses. To detect and deter such conduct, to require maintenance of clean and sanitary conditions and to reduce the potential for the spread of sexually transmitted diseases, it is necessary to regulate the configuration and facility specifications of adult arcades as set forth in this chapter, including but not limited to restricting the occupancy of a booth to one person;

N. An adult arcade might attempt to circumvent the limit of one person per booth by creating a small room, labeled a "minitheater" rather than a booth, in which two, three or a small number of individuals would be able to view videos and films distinguished or characterized by an emphasis on nudity or sexual conduct. Moreover, traditional-sized theaters might also show such videos or films. Customers have used both traditional adult theaters and "minitheaters" within arcades as places to engage in sexual conduct. Existing standards of conduct and facility specifications have not deterred customers from engaging in sexual conduct in these businesses. To detect and deter such conduct and reduce the potential for the spread of sexually transmitted diseases, it is necessary to regulate the configuration and facility specifications, as set forth in this chapter, of spaces used by more than one individual to view adult entertainment. In particular, it is necessary to require that any group viewing area for such videos and films have a minimum of eight seats which may be accessed by customers without reservation in order to prevent or diminish a sense of privacy and intimacy which would be conducive to and enabling of sexual conduct between customers;

O. To assure that minors are not subjected to adult entertainment, it is necessary to prohibit adult entertainment businesses from allowing adult entertainment performances, or pictorial representations of adult entertainment performances displaying nudity or sexual
conduct, from being visible from outside the business; and

P. To discourage customers of bars and other alcohol-serving businesses from moving to adult entertainment businesses at two a.m. for "after hours" activities, and the increased likelihood of breaches of the peace and other criminal conduct that arise from those customers and to reduce the adverse secondary effects of adult entertainment businesses on minors and the community, it is necessary to restrict the closing time of adult entertainment businesses.

Q. The findings of fact contained in Ordinance 13456 are incorporated in this chapter. (Ord. 13548 § 2, 1999).

6.09.020 Purpose and intent. It is the purpose of this chapter to establish licensing, operational and facility standards for adult entertainment businesses located in unincorporated King County to promote and protect the health, safety, morals and general welfare of unincorporated King County’s residents. This chapter is intended to prevent the secondary effects that have historically and regularly accompanied the operation of adult entertainment businesses, including but not limited to the incidence of prostitution, sexual conduct with the opportunity for transmission of sexually transmitted diseases, employment or involvement of minors, violation of controlled substance and alcoholic beverage laws, assaults, breaches of the peace and the presence within the industry of individuals with hidden ownership interests and outstanding arrest warrants. It is not the intent of the county council that this chapter have either the purpose or effect of suppressing speech activities protected by the constitutions of the United States and the state of Washington. (Ord. 13548 § 3, 1999).

C. Upon receipt of the application, at least twenty days in advance of the date set for the display, the fire marshal shall make an investigation of the site of the proposed display for the purpose of determining whether the provisions of these regulations are complied with in the case of the particular display. If the fire marshal is satisfied that the display is lawful and there has or will be full compliance with the law, then the fire marshal shall issue a written recommendation for or against the permit, which shall be kept on file in the fire marshal's office and available for review by the office of the hearing examiner. If the fire marshal finds that the permit applicant has complied with the law, the fire
marshal may issue a certificate of compliance stating the display is in conformance with all parts of the law and with these regulations. For any scheduled public display, applicants must submit such information as deemed appropriate by the sheriff’s office to ensure that adequate traffic control and crowd protection policing has either been arranged through private security agencies or, has been contracted for with the sheriff’s office. A written notice that the applicant has complied with the requirement shall be issued by the sheriff before a public display permit is issued. If the applicant contracts for traffic control and crowd protection policing with the county, in no event should the sum agreed upon in payment for the policing be less than the actual expense incurred by the county in providing that service. The consideration shall be calculated for personnel resources in the hourly rate for overtime under the current collective bargaining agreement plus that percentage then being paid for fringe benefits, and all sums paid under the contract shall be paid in accordance with procedures specified by the finance and business operations division.

D. Every public display of fireworks shall be handled by at least one state licensed operator and one assistant at least eighteen years of age, and shall be so located, discharged or fired, that, in the opinion of the fire marshal, after proper investigation, it will not constitute a hazard to property or endanger any person.

E. All fireworks must be fired under the direction of a pyrotechnician licensed by the state of Washington.

F. A bond or certificate of insurance must be furnished to the fire marshal before a permit is issued. The bond shall be in the amount of one million dollars and shall be conditioned upon the applicant’s payment of all damages to persons and property resulting from or caused by that public display of fireworks, or by any negligence on the part of the applicant or its agents, servants, employees or subcontractors in the presentation of the display. The certificate of insurance shall evidence a comprehensive general liability insurance policy providing limits of one million dollars combined single limit, per occurrence and annual aggregate, and naming the county as an additional insured. Any such a bond or insurance policy must be approved by the fire marshal.

G. A cash deposit in the amount of one hundred fifty dollars must be posted with the fire marshal at least thirty days in advance of the public display date to provide for costs of site cleanup. The deposit shall be forfeited to the county if the operator fails to perform the cleanup within six days of the public display. If the operator properly performs the cleanup, the deposit shall be returned to the operator.

H. The construction of shells for public display shall be in accordance with the National Fire Protection Association (NFPA) Standard #1123, Outdoor Display of Fireworks, 1990 edition, together with amendments in this section.

I.1. The storage of fireworks for public display shall be in conformance with the National Fire Protection Association Standard #1123, Outdoor Display of Fireworks, 1990 edition, together with amendments in this section.

2. There shall be at least two 2A-rated fire extinguishers (two and one half gallon water), UL approved kept as widely separated as possible within the actual area where the discharging will occur.

J.1. The site preparation and crowd control for public displays shall be in conformance with the National Fire Protection Association Standard #1123, Outdoor Display of Fireworks, 1990 edition, together with amendments in this section.

2. All dry grass, weeds and other combustible waste matter within 50 feet of the firing site shall be removed.

3. The site shall be located so that the trajectory of shells shall not come within 50 feet of any overhead object including but not limited to above ground telephone, telegraph or electrical lines, trees or wooded areas.
K.1. The installation of mortars for public displays shall be in conformance with the National Fire Protection Association Standard #1123, Outdoor Display of Fireworks, 1990 edition, together with amendments in this section.

L. The design and use of electrical firing units for public display shall be in conformance with the National Fire Protection Association Standard #1123, Outdoor Display of Fireworks, 1990 edition, together with amendments in this section.

M.1. The operation of public displays and the firing of shells shall be in conformance with the National Fire Protection Association Standard #1123, Outdoor Display of Fireworks, 1990 edition, together with amendments in this section.

2. Only permitted fireworks are authorized for use.

3. When the display is fired from a barge or vessel, a security area shall be established in conformance with National Fire Protection Association Standard #1123, Outdoor Display of Fireworks, 1990 Edition, together with amendments in this section. No boats shall be allowed within this security area. A boat shall be on standby to remove personnel from the barge or water in an emergency.

4. No smoking or open flames shall be allowed within fifty feet of the firing or storage area as long as shells are present. Signs to this effect shall be conspicuously posted.

5. Any fireworks remaining unfired after the display shall be immediately disposed of or removed from the county in a safe manner.

6. The debris from discharged fireworks shall be properly disposed.

Such petitions shall be considered by the fire marshal within 15 days after filing and/or an oral hearing granted to the petitioner if requested. The decision of the fire marshal shall be provided in writing to the petitioner. The fire marshal may order the fireworks seized under this chapter disposed of or returned to the petitioner if illegally or erroneously seized, providing such return is in compliance with state law and this chapter.
B. The determination of the fire marshal is final, unless within 60 days an action is commenced in a court of competent jurisdiction for the recovery of fireworks seized by the fire marshal.

6.27.050 Application - review – hearing.
A. Each application for a right-of-way franchise shall be reviewed by the following agencies prior to submission to the King County council for hearing and decision:
   1. King County department of executive services; and
   2. King County department of local services.
B. In addition, each application for a right-of-way franchise by sewer and water districts and water distributors shall be submitted to the utilities technical review committee. Approval by that committee is required prior to any submission of the application to the council for approval. Approval shall be forthcoming if all criteria outlined in K.C.C. 6.27.060 are met.
C. In accordance with RCW 36.55.040, the council shall set a time and a place for a public hearing on each franchise application which has been reviewed in accordance with subsections A and B of this section. The county shall post notice of such hearing in three public places fifteen days before the hearing and publish notice twice in some daily newspaper in the county not less than five days before the hearing. (Ord. 18791 § 46, 2018: Ord. 14199 § 116, 2001: Ord. 1710 § 5, 1973).

6.27.054 Franchise application and advertising fees.
A. A party requesting a new franchise, an amended franchise, a renewal or extension of an existing franchise or a transfer of its franchise rights shall pay a franchise application fee as set forth in K.C.C. 4A.675.020. The fee is for the administrative costs incurred by the county in the reviewing and processing of the franchise application. The franchise application fee is payable at the time of franchise issuance. In addition, each applicant shall pay an advertising fee as set forth in K.C.C. 4A.675.020.B. Advertising fees are not refundable, even if the application is disapproved.
B. The real estate services section may require applicants to reimburse the county for the actual costs incurred by the county in the reviewing and processing of an application for the issuance, renewal or extension, amendment or transfer of franchise rights, to the extent the costs exceed the costs of reviewing and processing the application recovered by the application fee. The payment of actual cost balances shall be made at the time of the franchise issuance.
C. If a franchise is granted to an applicant, the real estate services section may require the grantee of the franchise to reimburse the county for the actual costs incurred by the county in administering a grantee’s activities under the franchise, including but not limited to costs incurred for inspections, relocations, abatements and enforcement.
D. The facilities management division is authorized to establish rules or policies that define actual costs that may be charged to an applicant for a franchise or to a grantee of a franchise under subsections B. and C. of this section. Costs related to reviewing and processing applications for franchises and administering franchises may include, but are not limited to costs for:
   1. Personnel, including payroll and management;
   2. Overhead, including office rent, maintenance and utilities;
   3. Program planning and development;
   4. Data processing and computer;
   5. Legal and accounting services; and
   6. Consulting services such as engineering and environmental assessment.
E. The facilities management division is authorized to establish rules or policies to assess annual administration charges to grantees of franchises under subsection C. of this section to reasonably cover the costs incurred by the county in administering franchises. If the facilities management division institutes such an administration charge, the real estate services section may require applicants to reimburse the county for the actual costs
incurred by the county in administering a franchise, to the extent the costs exceed the costs recovered by the administration charge.

F. All payments received under this section shall be credited to the county current expense fund. The franchise application fee received under K.C.C. 4A.675.020.A. and K.C.C. 6.27.054.A. and any reimbursement of actual costs under K.C.C. 6.27.054.B. shall be credited against any franchise compensation required by K.C.C. 6.27.060.B.

G. This section shall not apply to franchise applications, amended franchises, renewal, or extension of existing franchises or transfers or franchise rights or franchise administration under the county’s cable television regulations, K.C.C. chapter 6.27A. (Ord. 18403 § 6, 2016: Ord. 17691 § 8, 2013: Ord. 17515 § 5, 2013: Ord. 16295 § 4, 2008: 14264 § 2, 2001: Ord. 13327 § 6, 1998: Ord. 10171 § 1, 1991).

6.27.060 Criteria for approval.
A. All franchises shall be consistent with the following criteria:
   1. A previously approved comprehensive plan for the applicant; if required to have such a plan by K.C.C. 13.24.010;
   2. The county Comprehensive Plan;
   3. The standards of good practice regarding accommodation of utilities on county road right-of-way as stated in the King County Road Standards, under chapter 136-40 WAC;
   4. The franchise shall include provisions requiring the grantee of a franchise to carry out a program acceptable to the county for the grantee to remove or relocate at its cost its facilities in the right-of-way that pose a hazard to the general public; and
   5. The franchise shall include provisions acceptable to the county requiring the grantee of the franchise to indemnify, defend and hold harmless the county against damages, including environmental damages, caused by, arising out of, or incidental to the grantee’s exercise of rights and obligations set forth in the franchise agreement.

B. All franchises granted for electric, gas, water and sewer utilities shall include a requirement that the grantee provide the county with franchise compensation under K.C.C. 6.27.080 in return for the right to use the right-of-way.

C. In addition, all franchises granted for water and sewer utilities shall be consistent with the following criteria:
   1. Health and sanitation regulations of the Seattle-King County department of public health and the state;
   2. County standards for water mains and fire hydrants, and other fire suppression water facilities and services as defined in chapter 70.315 RCW. Consistent with the authority in chapter 70.315 RCW, except when the county is acting as a customer or as a purveyor, the grantee of a water utility franchise shall, at no expense to the county, provide fire suppression water facilities and services required by applicable law and shall indemnify, defend and hold harmless the county against damages arising from fire suppression activities during fire events. The costs incurred by the grantee for such fire suppression water facilities and services shall be credited against any franchise compensation required by K.C.C. 6.27.060.B;
   3. The grantee of the franchise shall, at no expense to the county, repair all existing facilities that it owns within county road rights-of-way, including all appurtenant facilities and service lines connecting its system to users, if the repair is required by the county for any reasonable purpose;
   4. The grantee of the franchise shall, at no expense to the county, adjust, remove or relocate existing facilities with county road rights-of-way, including all appurtenant facilities and service lines connecting its system to users, if the county determines the adjustment, removal or relocation is reasonably necessary to allow for an improvement or alteration planned by the county in the road right-of-way. The county shall give the grantee
written notice of the requirement as soon as practicable, with the goal to provide the notice at the beginning of the predesign stage for projects that are part of the county’s capital improvement program, including the available information as is reasonably necessary for the grantee to plan for such adjustment, removal or relocation;

5. For projects that are a part of the county’s capital improvement program, in addition to any other notice given to the grantee of the franchise, the county shall provide a vertical and horizontal profile of the roadway and drainage facilities within it, both existing and as proposed by the county, and the proposed construction schedule; notwithstanding any permit conditions that may later be applied to the county project, this initial design information shall be given at least one hundred eighty days before construction is scheduled to begin, except in cases of urgent construction or emergencies. The grantee shall respond to this notice, and to any later notices of revised designs based on permit conditions, within no more than thirty days by providing to the county the best available information as to the location of all of the grantee’s facilities, including all appurtenant facilities and service lines connecting its system to users and all facilities that it has abandoned, within the area proposed for the public works project. The county shall offer the grantee the opportunity to participate in the preparation of bid documents for the selection of a contractor to perform the public works project as well as all required adjustments, removals or relocations of the grantee’s facilities. The bid documents shall provide for an appropriate cost allocation between the parties. The county shall have sole authority to choose the contractor to perform the work. The grantee and the county may negotiate an agreement for the grantee to pay the county for its allocation of costs, but neither party shall be bound to enter into such an agreement. Under such an agreement, in addition to the grantee’s allocation of contractor costs, the grantee shall reimburse the county for costs, such as for inspections or soils testing, related to the grantee’s work and reasonably incurred by the county in the administration of the joint construction contract. The costs shall be calculated as the direct salary cost of the time of county professional and technical personnel spent productively engaged in the work, plus overhead costs at the standard rate charged by the county on other similar projects, including joint projects with other county agencies; and

6. The grantee of the franchise shall, at no expense to the county, assume the following obligations with respect to facilities connected to its system that are within county road rights-of-way and that it does not own, including appurtenant facilities and service lines connecting its system to users:

a. The grantee shall apply for, upon request and on behalf of the owner of the facilities, a county right-of-way construction permit for any repairs required for the facilities, but only if the owner agrees to reimburse the grantee for all costs incurred by the grantee and any other reasonable conditions the grantee requires as a precondition to applying for the permit. All work to be performed in the county right-of-way shall comply with all conditions of the county permit and all applicable county requirements. The grantee may at its option perform any part of the repair with its own forces or require the owner to employ a contractor for that purpose, but only if the contractor is approved by the county;

b. In the event that the county determines emergency repair of the owner’s facilities is necessary to halt or prevent significant damage to county road rights-of-way or significant threats to the health, safety or welfare of parties other than the owner or the occupants of the building served by the facilities, the grantee shall take prompt remedial action to correct the emergency to the county’s approval, which the county shall not unreasonably withhold; and

c. When the county or its contractor provides notice to the grantee, in accordance with chapter 19.122 RCW, of its intent to excavate with county road rights-of-way, the grantee shall provide to the county or its contractor the best information available from the grantee’s records or, where reasonable, from the use of locating equipment as to the
location of the facilities, including surface markings where these would reasonably be of use in the excavation. If the grantee fails to make good faith efforts to provide the information required in this subsection C.6.c. within the deadlines provided by chapter 19.122 RCW, the grantee shall defend, indemnify and hold the county harmless for all claims and reasonable costs that result from damage to the facilities if the damage occurs as a result of the failure to provide the information. Nothing in this subsection is intended or shall be construed to create any rights in any third party or to form the basis for any obligation or liability on the part of the county or the grantee toward any third party, nor is anything in this subsection intended or to be construed to alter the rights and responsibilities of the parties under chapter 19.122 RCW, as amended. (Ord. 18403 § 7, 2016: Ord. 13625 § 1, 1999: Ord. 11278 § 3, 1994: Ord. 1710 § 6, 1973).

6.27.065 Franchises amended - violation - revocation. The county executive is hereby directed to notify all grantees of water and sewer franchises, consistent with the requirement for notice in their franchise agreements, that their agreements have been amended to include the language in Section 6.27.060 B.3, 4, 5 and 6, which shall take precedence over any existing language in their agreements. If the grantee, its successors or assigns shall violate or fail to comply with these amendments after they become effective, King County may notify the grantee of the county’s intent to revoke the franchise. The county shall schedule a public hearing within 45 days of such notification. The decision to revoke shall become effective 90 days following the public hearing if the county finds the revocation to be in the public interest. (Ord. 11278 § 4, 1994).

6.27.080 Franchises for electric, gas, water or sewer utilities – franchise compensation – policies and process.

A. Each franchise for electric, gas, water or sewer utilities granted by King County shall include a requirement that the grantee of the franchise provide the county reasonable compensation in return for the right to use the right-of-way for the purposes of constructing, operating, maintaining and repairing utility facilities and related appurtenances, which for the purposes of this section is "franchise compensation." This requirement and the process outlined in this section for determining franchise compensation shall apply to franchises granted after the effective date of this ordinance, and to existing franchises that include terms that authorize compensation in return for the right to use the right-of-way. For the purpose of determining franchise compensation under this section, an applicant for a franchise and a grantee of an existing franchise that includes terms that authorize compensation in return for the right to use the right-of-way is "the applicant."

B. Franchise compensation shall be in the nature of rent and shall be paid annually. Franchise compensation may be in the form of money, in-kind services or other nonmonetary benefits, accruing to King County.

C. Franchise compensation shall be determined through consideration of the following relevant factors, not all of which must be applied to each franchise: the land value of right-of-way within the applicant's service area; the approximate amount of area within the right-of-way that will be needed to accommodate the applicant's use; a reasonable rate of return to King County for the applicant's use of the right-of-way; the business opportunity made available to the applicant; density of households served; a reasonable annual adjustment; and other factors that are reasonably related to the value of the franchise or the cost to King County of negotiating the franchise.

D. The facilities management division is authorized to establish policies that create a process for the determination of franchise compensation. These policies may include different processes for the determination of franchise compensation depending on the size and complexity of the franchise. As part of the process, the facilities management
division may request from the applicant information relevant to the determination of franchise compensation. Also as part of the process, the facilities management division shall make a reasonable estimate of franchise compensation and provide that estimate to the applicant. Thereafter, the applicant shall have a reasonable opportunity to suggest adjustments to the estimate in order to reach agreement with King County as to the amount and type of franchise compensation. (Ord. 18403 § 8, 2016).

6.27.100 Alternatives to utility franchises – consideration – forbearance agreements.
A. The executive is authorized to consider alternative means of providing utility services, including but not limited to:
   1. Establishing a King County utility to provide utility services, or
   2. Granting nonexclusive franchises.
B. In exchange for a forbearance payment by a utility company, the county may contract with the utility company:
   1. To forbear from establishing a King County utility to compete with the utility company; and
   2. To forbear from requiring the utility company to provide the county reasonable compensation in return for the right to use the right-of-way as required by K.C.C. 6.27.060.B.
C. The forbearance agreement may take the form of a franchise agreement, an interlocal agreement under chapter 39.34 RCW or an agreement under other contracting authority, and shall be subject to approval by the King County council. (Ord. 18403 § 9, 2016).

6.27.150 Noncompliance with franchise requirements – legal proceedings – remedies – judicial enforcement. If any person or entity installs or maintains utility facilities in the right-of-way of county roads without the required franchise, or has not complied with the terms of an existing franchise, the executive is authorized to initiate legal proceedings to seek all legal and equitable remedies to effectuate this chapter, including, but not limited to:
A. Ejecting a person or entity occupying the right-of-way of county roads that refuses to enter into a franchise with King County or to pay franchise compensation as required by K.C.C. 6.27.060.B., or an application fee or other cost related to use of the right-of-way;
B. Confirming the reasonableness of the franchise compensation required by K.C.C. 6.27.060.B. that is sought by King County;
C. Enforcing the terms and conditions of a franchise; or
D. Revoking a franchise. (Ord. 18403 § 10, 2016).

6.27.160 Noncompliance with franchise requirements – additional remedies. In addition to judicial enforcement under section K.C.C. 6.27.150, the manager of the real estate services section and the director of the road services division are authorized to enforce this chapter and any rules or regulations adopted under this chapter in accordance with the enforcement and penalty provisions of K.C.C. Title 23. A citation under K.C.C. 23.32.010.A.1.a. for violation of this chapter and any rules or regulations adopted under this chapter shall be in the amount of two hundred fifty to one thousand dollars, depending on the amount of right-of-way being occupied by the person or entity responsible for code compliance. A violation of a notice and order under K.C.C. 23.32.010.A.1.b. for violation of this chapter and any rules or regulations adopted under this chapter shall be two hundred fifty to one thousand dollars, depending on the amount of right-of-way being occupied by the person or entity responsible for code compliance.

6.27A.060 Franchise renewal.
A. Franchises may be renewed using either the formal process specified in the Cable Act and in subsection B. of this section or the informal process specified in subsection C. of this section.
B. The following procedure shall be used for all formal renewals effected under the Cable Act:
   1. During the six-month period that begins with the thirty-sixth month before the expiration of a franchise, the county may on its own initiative, and shall at the request of the franchisee, commence proceedings that afford the public in the franchise area appropriate notice and participation to identify the future cable-related community needs and interests and to review the franchisee’s performance under the franchise;
2. Upon completion of the proceeding, the franchisee may, on its own initiative or at the request of the county, submit a proposal for renewal. All such proposals must meet the requirements of this chapter. If the county requests a renewal proposal, it shall establish a date when the renewal proposal shall be due, which shall not be less than thirty days after the request is made;

3. Upon submittal of a completed proposal for renewal by the due date, the county shall notify the public of the proposal and, during the four-month period, which begins on the date of submission of the cable operator's proposal under subsection B.2. [of this section], the county shall issue a preliminary assessment that the franchise should not be renewed or the county shall grant the renewal. The county's failure to make a preliminary assessment or to grant the renewal within the four-month period shall be deemed to be a preliminary assessment that the franchise should not be renewed and shall entitle the franchisee to the procedure in subsection B.4. of this section;

4.a. Whenever a preliminary assessment is made that a franchise should not be renewed, the county may on its own, and shall at the request of the franchisee, commence an administrative proceeding by the hearing examiner under K.C.C. 20.22.040, after providing notice to the public and the franchisee, to consider whether:

(1) the franchisee has substantially complied with the material terms of the existing franchise and with applicable law;
(2) the quality of the franchisee's service, including signal quality, response to consumer complaints and billing practices, but without regard to the mix, quality or level of cable services or other services provided over the system, has been reasonable in light of community needs;
(3) the franchisee has the financial, legal and technical ability to provide the services, facilities and equipment as set forth in the franchisee's proposal; and
(4) the franchisee's proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting those needs and interests.

b. The franchisee and the cable office shall be afforded fair opportunity for full participation in the proceeding. At the completion of the proceeding, the hearing examiner shall issue a written final decision granting or denying the renewal based upon the record of the proceeding, and transmit a copy to the franchisee;

5. Any denial of a renewal shall be based on one or more adverse findings made with respect to the factors described in subsection B.4.a(1) through (4) of this section, under the record of proceeding under subsection B.4.a.(1) through (4) of this section. The county may not base a denial of renewal on conditions listed in subsection B.4.a.(1) or (2) of this section unless the county has provided the franchisee with notice and the opportunity to cure, or in any case that the county has waived its right to object or has effectively acquiesced; and

6. Any franchisee whose renewal proposal has been denied by a final decision of the county made in accordance with this subsection B. or has been adversely affected by a failure of the county to act in accordance with procedural requirements of this subsection B. may appeal such final decision or failure in accordance with the Cable Act.

C. Notwithstanding subsection B. of this section, a franchisee may submit an informal renewal application in accordance with this subsection at any time. The following procedure shall be used for all informal renewal applications:

1. A franchisee may submit a renewal application meeting the requirements of this chapter. Submission of a renewal application in accordance with this subsection shall not invoke the formal application process contained in subsection B. of this section;

2. Upon submittal of a completed application, the county shall notify the public of the application and solicit public comments;
3. After receiving the public comments and completing any other review, the county shall either deny or grant the renewal. In determining whether to grant or deny the renewal, the county may consider whether:
   a. the franchisee has the technical, legal and financial ability to provide the services, facilities and equipment as set forth in the franchisee's proposal;
   b. the franchisee has substantially complied with the material terms of the existing franchise and with applicable law;
   c. the quality of the franchisee's service, including signal quality, response to consumer complaints, billing practices, service mix or service level, has been reasonable in light of community needs;
   d. the franchisee's proposal is reasonable to meet the future cable-related community needs and interests, taking into account the cost of meeting those needs and interests; and
   e. such other factors consistent with the intent of this chapter and the Cable Act; and

4. The denial of a renewal under this subsection shall not affect action on a renewal application that is submitted in accordance with subsection B. of this section (Ord. 18230 § 83, 2016: Ord. 11075 § 1, 1993: 10159 § 8, 1991).

6.27A.070 Notices. All notices from a franchisee to the county pursuant to this chapter and the cable rules shall be filed with the cable office. A franchisee shall maintain with the cable office, throughout the term of the franchise, an address for service of notices by mail. (Ord. 10159 § 9, 1991).

6.27A.080 Insurance requirements.
   A. For any franchise agreement entered into after December 2, 1991, a franchisee must carry commercial general liability, automobile liability and stop gap or employers liability coverage, each in minimum limits of not less than one million dollars ($1,000,000.00), in an amount approved by the King County office of risk management. All policies must name King County as an additional named insured.
   B. All policies shall be placed with insurers having a Bests' rating of no less than A:VIII or, if not rated by Bests, with surpluses equivalent to or greater than Bests' A:VIII rating. A franchisee shall send copies of certificates, endorsements or other adequate evidence of compliance with this section to the cable office prior to the county's execution of the franchise agreement. (Ord. 10159 § 10, 1991).

6.27A.090 Liability and indemnification.
   A. All franchise agreements shall contain the following provision: a franchisee shall have no recourse whatsoever against the county or its officials, boards, commissions, agents, or employees for any loss, costs, expenses, or damages arising out of any provision or requirement of the franchise, franchise agreement, or this chapter because of the enforcement of the franchise, franchise agreement, or this chapter except if such loss, costs, expenses or damages are the result of the sole negligence or misconduct on the part of the county or its agents.
   B. All franchise agreements shall contain the following provision: to the extent permitted by law, a franchisee shall, at its sole cost and expense, indemnify, hold harmless, and defend the county and its officers, boards, commissions, agents and employees, against any and all claims, including but not limited to third-party claims, suits, causes of action, proceedings and judgments for damages or equitable relief arising out of the construction, repair, maintenance or operation of its cable system, or in any way arising out of the franchisee's enjoyment or exercise of a franchise granted pursuant, or otherwise subject, to this chapter, regardless of whether the act or omission complained of is
authorized, allowed or prohibited by this chapter, the cable rules, or a franchise agreement. This provision includes, but is not limited to, expenses for reasonable legal fees and for disbursements and liabilities assumed by the county as follows:

1. To persons or property, in any way arising out of or through the acts or omissions of the franchisee, its officers, employees, or agents or to which the franchisee's negligence shall in any way contribute;

2. Arising out of any claim for invasion of the right of privacy, for defamation of any person, firm or corporation; or the violation or infringement of any copyright, trademark, trade name, service mark or patent; or a failure by the franchisee to secure consents from the owners, or authorized distributors of programs to be delivered by the cable system; or of any other right of any person, excluding claims arising out of or relating to programming provided by the county;

3. Arising out of a franchisee's failure to comply with the provisions of any federal, state or local statute, ordinance, rule, or regulation applicable to the franchisee with respect to any aspect of its cable television business to which this chapter, the cable rules, and/or franchise agreement apply.

C. The county shall give the franchisee timely written notice of the making of any claim or the commencement of any action, suit or other proceeding covered by this chapter. In the event any such claim arises, the county or any other indemnified party shall tender the defense thereof to the franchisee and the franchisee shall have the right to defend, settle, or compromise any claims arising hereunder and the county shall cooperate fully therein. (Ord. 10159 § 11, 1991).

6.27A.100 Security fund or letter of credit. An applicant for a grant of a franchise or franchise renewal or transfer must provide the cable office, for deposit with the King County office of financial management, in an amount determined by the cable office, but not less than twenty-five thousand dollars ($25,000) either a cash security deposit or an irrevocable letter of credit from a financial institution in a form satisfactory to the manager and the King County office of financial management prior to the county's execution of the franchise agreement. The amount of the deposit shall be based on the scope of the applicant's existing and proposed cable operations in the county, the applicant's technical and financial qualifications, and the applicant's history of compliance with its franchise agreements in the county and elsewhere. A security deposit or letter of credit may also be required or the amount of the security deposit or letter of credit may be raised as a condition of a modification. The security deposit or letter of credit shall be used to ensure the faithful performance of the franchise agreement; compliance with this chapter, the cable rules, applicable federal, state, and local law, all orders and permits; and the payment of any claims, liens, fees, or taxes due the county that arise by reason of the construction, operation, repair or maintenance of the cable system. The county may withdraw funds from the security deposit or make demand for payment upon the letter of credit for the monetary amount of any remedy imposed pursuant to this chapter. (Ord. 10159 § 12, 1991).

6.27A.110 Liquidated damages. All franchise agreements entered into after December 2, 1991, may provide for liquidated damages to compensate the county for harm caused by violation of this chapter, the cable rules, a franchise agreement, or any applicable law in an amount which is a reasonable forecast of just compensation for the harm caused by the violation. The franchisee shall have a location and procedure approved by the cable office to ensure that subscribers can conveniently make payments, exchange or accept equipment, receive responses to inquiries and schedule appointments during normal business and evening hours and at least one-half a business day during the weekend.

2. Under normal operating conditions, telephone answer time by the franchisee shall not exceed thirty (30) seconds, average speed of answer, and busy signals shall not occur more than three percent of the time. This requirement shall be met at least ninety (90) percent of the time, measured over any consecutive ninety (90) day period. The franchisee shall use an answering service or be capable of receiving service complaints and system malfunction reports when the business office is closed.

3. Installation work shall be performed in a timely manner. The franchisee shall offer a choice of morning or afternoon appointments within a four (4) hour time period and may offer all day appointments for service, installation, or disconnection if it is necessary to enter the subscriber’s residence. If the franchisee fails to keep two (2) or more consecutive scheduled appointments with a subscriber, and fails to give notice to the subscriber at least two (2) hours prior to the scheduled appointment time, the franchisee shall give a service credit to that subscriber.

4. A franchisee must have available twenty-four (24) hours a day, seven (7) days a week, personnel and equipment capable of locating and correcting major cable system outages. A major cable system outage is an outage which results in the loss of cable service to ten (10) or more subscribers on fifty (50) percent or more of the subscribers’ channels or picture impairment visible to ten (10) or more subscribers on fifty (50) percent or more of the subscribers’ channels. Major cable system outages must be corrected without delay. Corrective action for other cable system outages must be initiated by the franchisee not later than one (1) business day after the customer service call is received and must be completed as promptly as possible. Corrective action for all other service problems must be initiated by the franchisee not later than two (2) business days after the customer service call is received and must be completed as promptly as possible. A franchisee may intentionally interrupt service on the cable system only for good cause and for the shortest time possible. Upon request of a subscriber, the franchisee shall provide a rebate to subscribers, pro-rated, for any service problem cause by the franchisee that exceeds twenty-four (24) hours.

5. A franchisee shall provide each subscriber at the time cable service is installed, and upon request, with written subscriber information, which includes procedures for
handling complaints and a schedule of service rates and charges as well as credits required by law.

6. All subscriber bills must clearly indicate charges, broken down to indicate the charge for each service, or group of services charged as a unit, equipment, and any other fees included on the bill.

7. A franchisor is prohibited from offering any service by a negative option.

8. A subscriber may voluntarily disconnect service at any time; however, voluntary disconnection does not excuse a subscriber from fulfilling its contract obligations. A franchisor may disconnect service to a subscriber for cause or if at least thirty (30) days have elapsed after the due date for payment of a bill and the franchisor has provided written notice that service will be disconnected if the bill is not paid in full by a specific date.

9. A franchisor may not refer, or cause to be entered, a negative report to any consumer credit reporting agency, association or business unless thirty (30) days have elapsed after sending notice to the customer at the last service address or billing address of record after disconnection has occurred.

B. The transmission of obscene programming is prohibited. The county expressly reserves the right to restrict or condition the provision of cable services that are otherwise constitutionally unprotected. (Ord. 10159 § 17, 1991).

6.27A.160 Technical standards. A franchisor shall comply with all applicable technical standards including, but not limited to, the National Electrical Safety Code, the National Electric Code, and standards established by the FCC, the National Television Systems Committee and the county. (Ord. 10159 § 18, 1991).

6.27A.170 Minimum facilities and services.
A. Consistent with the Cable Act every cable system constructed, reconstructed or upgraded after December 2, 1991:
   1. shall have a two-way capability;
   2. shall provide PEG access facilities, equipment, and/or channels; and
   3. may be required to provide an institutional network.
B. The county may require, in the franchise agreement, a franchisor to interconnect its system with any or all of the other cable systems in areas of King County so as to enable each such system to carry and cablecast the public, educational and government access programming carried on each system and on institutional networks with channel capacity designated for educational and governmental use. Interconnection may be done by direct cable connection, microwave link, satellite or other appropriate method.
C. A franchisor must make cable service available for the standard installation charge to all persons within its franchise area who request cable service and agree to subscribe for a minimum period of one year if, using the most direct route, the distance the distribution line would be extended to provide service divided by the number of people requesting service is not more than three hundred (300) feet from the cable system, and the drop distance is not more than one hundred fifty (150) feet from the cable system. Cable service shall be provided to all persons who are not within these distances if the person agrees to pay the full cost to provide cable service beyond these distances.
D. The franchisor shall provide, at a minimum, the mix quality and level of services listed in the franchise agreement. Those services within the franchisor’s control shall not be changed without thirty (30) days prior written notice to subscribers and the cable office in a manner approved by the cable office, which provides full and clear disclosure of the following:
   1. the franchisor's proposed change;
   2. the franchise agreement requires certain services; and
3. comments made by subscribers to King County will be considered in evaluating any proposed changes that requires county approval.

E. All franchisees shall provide for immediate access by King County in emergency situations and must have the ability to override programming with emergency programming provided by King County during these emergency situations. (Ord. 10159 § 19, 1991).

6.27A.180 Local origination. A franchisee may be required in the franchise agreement to produce up to two hours of local origination programming per day, seven days per week, for viewing between 4:00 p.m. and 10:00 p.m. It is the policy of the county to encourage local origination programming, including programming of interest and applicability to children, senior citizen, minority and disabled residents. This section shall not apply to franchises granted prior to December 2, 1991. (10159 § 20, 1991).

6.27A.190 Reports and records.
A. The county and its representatives shall have the authority, upon reasonable notice, to inspect a franchisee's books, records, facilities, and any other items and to require a franchisee to keep, develop and produce books, records, reports, summaries, tests, lists and other items regarding the franchisee's operations in unincorporated King County that the county deems necessary to monitor a franchisee's compliance, its franchise, this chapter, the cable rules, or applicable law. Such authority shall include, but not be limited to, the right to audit a franchisee's books and records and to inspect and test a franchisee's technical facilities.

B. A franchisee shall pay all of the county's costs associated with an audit, reaudit, inspection, reinspection, test or retest if it is determined that the franchisee has not materially complied with its franchise, this chapter, the cable rules, or applicable law. If the audit determines that the franchisee's franchise fee payment was less than the amount owed to the county, the franchisee shall pay to the county any deficiency plus interest on the deficiency equal to twelve percent per annum interest compounded daily from the date the franchise fee payment was due. (Ord. 10159 § 21, 1991).

6.27A.200 Performance evaluation. The cable office may conduct such periodic performance evaluations of a franchisee to ensure compliance with the franchise agreement and all applicable laws and may conduct community needs assessments. A franchisee shall cooperate fully with these evaluations and assessments. If the cable office implements a survey of cable subscribers in connection with a performance evaluation, the franchisee may be required to distribute the cable office's survey to its subscribers at the county's expense. (Ord. 10159 § 22, 1991).

6.27A.210 Revocation, expiration or abandonment.
A. The county executive may revoke the franchise and franchise agreement pursuant to the notice and order procedure contained in this chapter if:
   1. a franchisee has committed a material breach of the franchise agreement; or
   2. there has occurred an assignment for the benefit of creditors or the appointment of a receiver or trustee to take over the business of the franchisee, whether in a receivership, reorganization, bankruptcy assignment for the benefit of creditors, or other action or proceeding, unless within that one hundred twenty day period such assignment, receivership or trusteeship has been vacated; or
   3. any part of the franchise or cable system is foreclosed or sold at a judicial sale.

B. Upon the expiration or revocation of a franchise and franchise agreement or abandonment of the cable system, the county may:
   1. require the former franchisee to remove all portions of the cable system from all streets and public property within the franchise area that are above ground or are below
ground and constitute a hazard to the health, welfare or safety of county residents and restore county property to the county's reasonable satisfaction. If the former franchisee fails to comply within the time specified, the county may remove any facilities and equipment, restore county property to the county's satisfaction, and recover any costs incurred from the franchisee or its assignees; or

2. require transfer to an owner acceptable to King County or acquire ownership of the cable system for an equitable price in the case of revocation, and at fair market value in the case of any other franchise termination. (Ord. 10159 § 23, 1991).

6.27A.220 Continuity of service mandatory.

A. Subscriber contracts shall give to subscribers the right to receive all available services from the franchisee as long as their financial and other obligations to the franchisee are satisfied.

B. The franchisee must ensure that all subscribers receive continuous, uninterrupted service. In the event of a revocation of the franchise, expiration which occurs without the franchisee having given notice pursuant to this section or abandonment of the cable system, the franchisee shall continue to operate the cable system for a period determined by the cable manager not to exceed eighteen (18) months from the date of such revocation or expiration, in order to provide for an orderly transition to another cable system operator without interruption of service. During such period the cable system must be operated under the same terms and conditions as required by this chapter, the cable rules, and the franchise agreement, except to the extent the county waives any franchise condition.

C. If the franchisee elects not to renew a franchise, the franchisee shall notify the county of its intent not less than twelve (12) months prior to the expiration date of franchise. Failure to provide this notification will subject the franchisee to the continuity of service provision in this section of this chapter. (Ord. 10159 § 24, 1991).

6.27A.230 Enforcement remedies.

A. The county may seek legal and/or equitable relief from any court of competent jurisdiction in the event a person violates this chapter, the cable rules, a franchise agreement, or applicable federal, state or local law. In addition, the county has the right to impose any one or combination of the following remedies: collect liquidated damages as provided for in the franchise agreement, assess civil penalties in an amount up to one hundred dollars per violation, require corrective action to remedy the violation, and/or revoke the franchise and franchise agreement. Each day a violation continues may be considered an additional violation. Any remedy or remedies set forth in this section may be:

1. recovered by legal action filed in King County superior court by the prosecuting attorney on behalf of King County; or

2. imposed by an administrative notice and order issued pursuant to this chapter by the director of the King County department of executive services, provided that only the county executive shall have the authority to revoke a franchise and franchise agreement.

B. In determining which remedy or remedies are appropriate, the county shall take into consideration the nature of the violation and the harm caused by it, the nature of the remedy required in order to remedy such harm and prevent further violations, and such other matters as the cable office determines are appropriate.

C. Failure of the county to enforce any requirements of this chapter, the cable rules, the franchise agreement or applicable law shall not constitute a waiver of the right to enforce that requirement, or subsequent violations of the requirement, or to seek appropriate enforcement remedies, nor shall it relieve a franchisee of the obligation to comply with any requirement.
D. A person's payment of liquidated damages or penalties or the county's imposition of any remedy shall not relieve the person of the obligation to comply with the requirements of this chapter, the cable rules, a franchise agreement, an order of the county or applicable law.

E. Any sum recovered by the county from the required security fund or letter of credit under the terms of this section shall not be a limitation upon the liability of the franchise to the county and shall not constitute an election of remedies.

F. In the event of any dispute between the franchisee and the county arising out of this chapter, the cable rules or the franchise agreement, the franchisee shall pursue and exhaust all available administrative remedies pursuant to law prior to pursuing any appropriate legal action.

G. The revocation or forfeiture of any franchise shall not affect any of the county's rights under the franchise or under any provision of law.

H. No enforcement remedy shall be imposed except in accordance with due process of law. (Ord. 14199 § 119, 2001: Ord. 10159 § 25, 1991).

6.27A.240 Notice and order procedure.

A. Any remedy imposed by administrative notice and order shall be imposed following the procedure outlined in this section.

B. The notice and order shall contain:
   1. A statement that the county has found the person to be in violation of this chapter, the cable rules, a franchise agreement or any applicable law, with a brief and concise description of the conditions found to be in violation;
   2. A statement of any corrective action required to be taken. If the county has determined that corrective action is required, the order shall require that all corrective action commence within such time and be completed within such time as the county determines is reasonable under the circumstances;
   3. A statement specifying the amount of the civil penalty assessed, if any, on account of the violation and, if applicable, the conditions on which assessment of such civil penalty is contingent;
   4. A statement advising that the order shall become final unless, after the notice and order are served, any person aggrieved by the order files an appeal in accordance with K.C.C. 20.22.080.

C. Service of the notice and order shall be made upon all persons identified in the notice and order either personally or by mailing a copy of such notice and order by certified mail, postage prepaid, return receipt requested. If the address of any such person cannot reasonably be ascertained, a copy of the notice and order shall be mailed to such person at the address of the location of the violation. The failure of any such person to receive such notice shall not affect the validity of any proceedings taken under this chapter. Service by certified mail shall be effective on the date of postmark.

D. Any person aggrieved by the order of the county may appeal that order in accordance with K.C.C. 20.22.080.

E.1. The appeal hearing shall be conducted on the record and the hearing examiner shall have such rule-making and other powers necessary for conduct of the hearing as specified by K.C.C. chapter 20.22. The appeal hearing shall be conducted within a reasonable time after receipt of the request for appeal. Written notice of the time and place of the hearing shall be given at least ten days prior to the date of the hearing to each appealing party, to the cable manager and to other interested person who have requested in writing that they be so notified. The county may submit a report and other evidence indicating the basis for the enforcement order. Each party shall have the following rights, among others:
a. to call and examine witnesses on any matter relevant to the issues of the hearing;
b. to introduce documentary and physical evidence;
c. to cross-examine opposing witnesses on any matter relevant to the issues of the hearing;
d. to impeach any witness regardless of which party first called the witness to testify;
e. to rebut evidence against the party; and
f. to self-represent or to be represented by anyone of the party’s choice who is lawfully permitted to do so.

2. Following review of the evidence submitted, the hearing examiner shall make written findings and conclusions, and shall affirm or modify the order previously issued if the hearing examiner finds that a violation has occurred. The hearing examiner shall reverse the order if the hearing examiner finds that no violation occurred. The written decision of the hearing examiner shall be mailed by certified mail, postage prepaid, return receipt requested to all the parties.

F. Enforcement of any notice and order of the county issued under this chapter shall be stayed during the pendency of any appeal under this chapter.

G. An order that is subjected to the appeal procedure shall become final twenty days after mailing of the hearing examiner’s decision unless within that time an aggrieved person initiates review by writ of certiorari in King County superior court. (Ord. 18728 § 43, 2018: Ord. 18230 § 85, 2016: Ord. 10159 § 26, 1991).

6.27A.250 Municipal cable system ownership authorized.
A. The county may construct, own, and/or operate a cable system.
B. Nothing in this chapter, the cable rules or a franchise agreement shall be interpreted to affect the right of the county to acquire the property of the franchisee, either by purchase or through the exercise of its right of eminent domain, for an equitable price in the case of revocation, and at fair market value in the case of any other form of franchise termination. Further, nothing in this chapter, the cable rules, or a franchise agreement shall be interpreted to contract away, modify, or abridge, whether for a term or in perpetuity, the county’s right of eminent domain. (Ord. 10159 § 27, 1991).

6.27A.260 Administration.
A. This chapter shall be implemented by means of administrative rules adopted by the King County department of executive services in accordance with the provisions of K.C.C. chapter 2.98. These rules shall, at a minimum, contain requirements for applications for new franchises and franchise renewals, modifications and transfers, insurance coverage, security funds, letters of credit, restoration bonds, minimum facilities, service and line extensions, payment of franchise fees, reports and records, customer service, use of public rights-of-way, technical standards, and price arbitration. All rules shall comply with the intent of this chapter and with applicable federal, state and local law. All such rules shall have the force of law.

If a request is made for disclosure of such portion under the state Public Records Act, the county will determine whether the material should be made available. If the county determines that the material is subject to disclosure, the county will notify the licensee of the request and allow the licensee ten business days to take whatever action it deems necessary to protect its interests. If the licensee fails or neglects to take such action within ten days, the county will release the portions of records deemed by the county to be subject to disclosure. (Ord. 17892 § 75, 2014).

      (9) K.C.C. 6.64.500;
      (10) K.C.C. 6.64.640;
      (11) K.C.C. 6.64.650;

      (16) K.C.C. 6.64.690; and
      (17) K.C.C. 6.64.695.

   2. In determining a penalty under subsection A.1. of this section, the director shall consider: the size of the business of the violator; the gravity of the violation; the number of past and present violations committed; and the good faith of the violator in attempting to achieve compliance after notification of the violation.

B. As an alternative to the civil penalties in subsection A. of this section:
   1. A violation of K.C.C. 6.64.300, K.C.C. 6.64.500 or K.C.C. 6.64.261 is a Class 1 civil infraction and shall subject the violator to a maximum monetary penalty and default amount of one thousand dollars, inclusive of statutory assessments. Limited Jurisdiction, and the director is the enforcement officer under RCW 7.80.040. A person who is issued a notice of infraction shall not be assessed a civil penalty under subsection A. of this section for the same violation. 2. Each subsequent violation of K.C.C. 6.64.300, K.C.C. 6.64.500 or K.C.C. 6.64.261 within five years of the prior violation is a misdemeanor. A person who is prosecuted for the misdemeanor in this subsection shall not be issued a notice of civil infraction or assessed a civil penalty for the same violation. In determining whether to refer a person for prosecution for a misdemeanor, the director shall consider whether it would be a deterrent to future violations. (Ord. 17892 § 76, 2014: Ord. 10498 § 97, 1992).

6.64.830 Notice and order of denial, suspension, revocation of license or assessment of civil penalty. If the director denies, suspends or revokes a license or assesses a civil penalty under this chapter, the director shall issue a notice and order under K.C.C. 6.01.130. (Ord. 17892 § 77, 2014).

  1. Issue a notice of complaint to the for-hire driver and vehicle owner, taxicab association or transportation network company, as applicable, advising them of the allegations made in the complaint;
  2. Require the for-hire driver and vehicle owner, association or company, as applicable, to respond, in writing, to the allegations in the notice of complaint within ten days of receipt of the notice of complaint;
  3. Investigate the allegations in the written complaint and the response submitted by the for-hire driver and vehicle owner, association or company, as applicable; and
  4. Make a finding as to the validity of the allegations in the written complaint. If it is found to be a valid complaint the director shall issue a notice and order under K.C.C. 6.01.130.
B. Failure to respond in writing to a notice of complaint within ten days shall constitute a waiver of the for-hire driver's, vehicle owner's, association's or company's right to contest the allegations in the written complaint and shall be prima facie evidence that the allegations are valid. The director shall issue a notice and order under K.C.C. 6.01.130 if there is a failure to respond in writing. (Ord. 17892 § 79, 2014: Ord. 10498 § 101, 1992).

*Reviser's note: In Ordinance 19030, Section 28 is cited here, but Section 28 is an uncodified section. Section 29, which is codified as K.C.C. 21A.55.110 and is about the demonstration project, was apparently intended, and that that manifest error is corrected here.
