N. "Unclaimed" means that a legally responsible person or other person, church organization or other organization does not assume financial responsibility for disposition of the body. (Ord. 12938 § 1, 1997: Ord. 11073 § 2, 1993).

8.64.020 Policies. The county will provide funding for the disposition of the unclaimed remains of indigent persons who died in King County.

Disposition of remains at county expense will be by cremation except when the decedent cannot be identified, as verified by the medical examiner, or when the medical examiner, for purposes related to the work of the medical examiner's office, authorizes burial in lieu of cremation.

Prior to cremation or burial, the Funeral Director shall request authorization of payment for the disposition of indigent remains from the manager, pursuant to the procedures stated in K.C.C. 8.64.030. Payment maximum shall be for services rendered, not to exceed the following:

	<u>SERVICE</u>	<u>PAYMENT MAXIMUM</u>
1.	Mortuary Functions Prior to Cremation	\$325.00
2.	Cremation	\$125.00
3.	Mortuary Functions Prior to Burial	\$350.00
4.	Burial Only	\$200.00
5.	Burial with Plot	\$600.00

The rates shall be effective for deaths occurring between January 1 through December 31, 1998. These rates shall change annually on January 1, based on the local Consumer Price Index (CPI). The office of financial management shall be responsible for calculating and publishing such rate changes. Every five years the rates shall be reviewed for their appropriateness by the county council, beginning with the rates for 2003.

If other resources for disposition of the remains are available to the Funeral Director or become available at a later date, either from the decedent's personal effects or from some other source, the Funeral Director shall credit or reimburse the county, dollar for dollar, for payments authorized by the manager pursuant to this chapter.

Disposition of the unclaimed remains will be authorized by the primary legally responsible representative(s) or, in the absence of such authorization, by the county medical examiner.

The manager may authorize payment after disposition has taken place only if all of the following conditions are met:

1. Immediate disposition of the decedent's remains was required for public health reasons;
2. It was not possible to apply before the cremation or burial was performed; and
3. It is the first working day following the cremation or burial.

Multiple containers (caskets) may be placed in one grave at the discretion of the cemetery authority so long as otherwise permitted by law.

Beginning in 1998 and as needed thereafter, King County will purchase, at the price of a "Burial with Plot" as identified in this chapter, a cemetery plot to be used for the burial of remains whose cremation was funded by King County and for which no alternative instructions for disposition have been made, pursuant to WAC 98-40-080 or WAC 308-48-760. Each plot shall be purchased from a cemetery within King County chosen at random

by the manager from a list of interested cemeteries. (Ord. 12938 § 2, 1997: Ord. 11073 § 3, 1993).
