

**About King County Parks**

King County Parks stewards 200 parks, 175 miles of regional trails and 26,000 acres of open space, including such regional treasures as Marymoor Park, Cougar Mountain Regional Wildland Park, and the world-class Weyerhaeuser King County Aquatic Center. By cultivating strong relationships with non-profit, corporate and community partners, King County Parks provides recreational opportunities for King County residents and protects the region's public lands, leaving a legacy for future generations.

More than 300 community and corporate partners help improve and maintain King County's parks, trails, and other recreational facilities. Community partners include hiking, bicycle, and other recreation organizations, 'Friends of' groups, and sports leagues; corporate partners include companies such as GroupHealth, Starbucks, and Whole Foods.

More than 8,500 volunteers provide 57,000 hours of service in King County parks and trails every year. From planting native trees and removing invasive Scot's broom to building trails and picking up litter, individuals, families, community groups, and local employers support King County parks and trails by helping care for these special places.

**Mission**

To enhance quality of life and communities by providing environmentally sound stewardship of regional and rural parks, trails, natural areas, and recreational facilities, supported by partnerships and entrepreneurial initiatives.

**What can you do in a King County Park or Trail?**

- Hike
- Mountain bike
