WHEREAS, funds available to the District from the 2010 Levy Authorization and other sources will be insufficient to enable the District to implement such projects; and

WHEREAS, in order to support the cost of these projects as found necessary by the Board of Directors, it is deemed advisable that the District impose and extend a tax levy upon all the taxable property within the District in excess of the annual tax the District is permitted by law to levy without a vote of the people, such levy to be made for five years commencing in 2014 for collection in the school years from 2014-15 through 2018-19, inclusive, as authorized by Article VII, Section 2 of the State Constitution and RCW 84.52.053; and

WHEREAS, the question of whether or not such excess tax may be levied must be submitted to the qualified electors of the District for their ratification or rejection; and

WHEREAS, the conditions here and above set forth requires the holding of a special election in the District;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF BELLEVUE SCHOOL DISTRICT NO. 405, KING COUNTY, WASHINGTON as follows:

Section 1. Finding. It is hereby found and declared that the welfare of the students and other residents of the District requires the District to carry out the improvements hereinafter provided.

Section 2. Authorization of Improvements. The District shall continue to modernize District facilities through the acquisition, development, installation, and implementation of computer technology and technology systems, facilities and projects, including but not limited to enhancing infrastructure, acquiring hardware, licensing software, and implementing online applications and training related to the installation of the foregoing as an integral part of the District's technology systems, facilities, or projects; and the application and modernization of technology systems for operations and instruction and capital administrative expenses to support the instructional program of the District, including, but not limited to, the ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products or services, and shall make other capital project expenditures as found necessary by the Board of Directors. In addition, the District shall make other necessary capital equipment purchases and facility improvements to modernize District facilities.

The District may repay any obligations hereafter incurred for the foregoing purposes.

If available funds are sufficient, the District shall acquire, construct, equip and make other capital improvements to the facilities of the District, all as the Board of Directors finds necessary.

If the District shall determine that it has become impracticable to accomplish any of such improvements or portions thereof by reason of changed conditions or needs, incompatible development, costs substantially in excess of those estimated, or acquisition by a superior governmental authority, the District shall not be required to accomplish such improvement and may apply levy proceeds as set forth in this section. If any or all of the improvements have been completed, or their completion duly provided for, or their completion found to be impractical, the

District may apply the levy proceeds or any portion thereof to other portions of the improvements or to other capital purposes of the District, as the District in its discretion shall determine.

Notwithstanding any provision of this resolution to the contrary, levy proceeds may only be used to support the construction, modernization or remodeling of school facilities or implementation of the District's technology facilities plan.

Section 3. Authorization of Levies. It is hereby found and declared that the best interests on the District require the submission to the qualified electors of the District of the proposition whether the District shall make the Capital Projects Fund levies for their ratification or rejection at a special election to be held on February 11, 2014. For the purpose of providing funds necessary for the needs described in Section 2 above, King County Elections, as *ex officio* supervisor of elections in King County, is hereby requested to call and conduct such special election to be held within the District on such day and to submit to the qualified electors of the District for their approval or rejection, a proposition providing for tax levies for the Capital Projects Fund for five years, commencing in 2014, producing dollar amounts at estimated tax rates per thousand dollars of assessed value to produce such amounts, in excess of the maximum amount tax levy permitted by law to be levied within the District without a vote of the electors, all as follows:

- A. \$10,000,000, said levy to be made in 2014 for collection in 2015;
- B. \$26,000,000, said levy to be made in 2015 for collection in 2016;
- C. \$26,000,000, said levy to be made in 2016 for collection in 2017;

- E. \$16,000,000, said levy to be made in 2018 for collection in 2019.

The estimated levy rate depends upon the final dollar amount of assessed value of the property within the District. At this time, based upon information provided by the County Assessor's office, the estimated levy rate for the 2014 levy is \$0.24 per thousand dollars of assessed valuation, the estimated levy rate for the 2015 levy is \$0.61 per thousand dollars of assessed valuation, the estimated levy rate for the 2016 levy is \$0.59 per thousand dollars of assessed valuation, the estimated levy rate for the 2017 levy is \$0.57 per thousand dollars of assessed valuation and the estimated levy rate for the 2018 levy is \$0.34 per thousand dollars of assessed

valuation. The exact levy rate shall be adjusted based upon the actual assessed value of the property within the District at the time of the levy.
