COUGAR-SQUAK-TIGER MOUNTAIN CORRIDOR

Cougar, Squak and Tiger Mountains, also known as "the Issaquah Alps", rise above Lake Sammamish and together provide more than 15,000 acres of connected public forest lands. The lands on either side of Squak Mountain create a green "corridor" that connects to Cougar and Tiger mountains. There are more than 100 miles of connected trails and the dense forests and wilderness are home to numerous birds, fish and wildlife.
