

Upcoming Road Work

Green River Road culvert replacement

This summer, King County will replace an aging culvert under Green River Road at Olson Creek, just north of the Auburn Golf Course near Auburn and Kent (see map). The new, bigger culvert will preserve the roadway and improve fish passage.

The work will require a full closure of the road for seven (7) weeks, from July 13 to Aug. 28.

During construction, northbound drivers will be able to get to the Auburn Golf Course, and southbound drivers will be able to get to the Mary Olson Farm and the S 277th Corridor Trail.
